

Books@Ovid

Ovid® offers a growing list of nearly 5,500 current, online book editions from the world's most prestigious scholarly publishers, including one of the largest selections of core clinical eBooks.

High-quality, scholarly resources in a range of disciplines

Our eBook solution, Books@Ovid, delivers flexible access options—from subscription to purchase—plus robust search, browse, and integration options to deliver the best user experience to quickly and easily find important answers to critical questions.

- **Purchase a la carte or customize a collection** in a variety of scientific, medical, healthcare, and academic subject areas.
- Get quick, easy access to books from the world's premier publishers—Lippincott, Oxford University Press, Jones and Bartlett, American Nurses Association, Wiley, Springer Publishing, and other major publishers.
- Take advantage of Ovid's powerful search functionality, time-saving workflow tools, and intuitive interface.
- Easily integrate Books@Ovid resources with your own institutional electronic book, journal, and database holdings.
- Choose a convenient nonsubscription pricing option for selected titles.
- Select single titles a la carte or cost-effective, convenient collections.

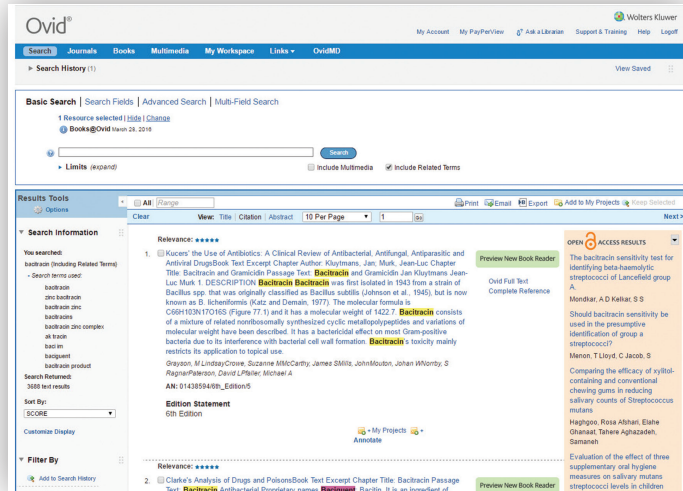

Why Books@Ovid?

- Natural language searching makes it easy to find what you are looking for without complex search terminology
- Relevancy ranking in search saves time by delivering the best possible results
- Simultaneously search books, journals, and databases
- Enjoy seamless linking to full-text journals and databases, and even resources outside of the Ovid environment
- Flexible search and browse options: Quick Search for fast results; browse by title; browse by subject; or navigate a single, expandable table of contents
- Time-saving workflow tools: search results annotations, flexible search results sorting, and more
- Download MARC Records for any book for your OPAC
- Take advantage of Ovid jumpstarts, hyperlinks to chapters, topics, tables of contents, and more
- Search limiting by one title or multiple titles
- Books are available in the Books@Ovid eReader using the ePub format
- Download and save book chapters as PDFs!

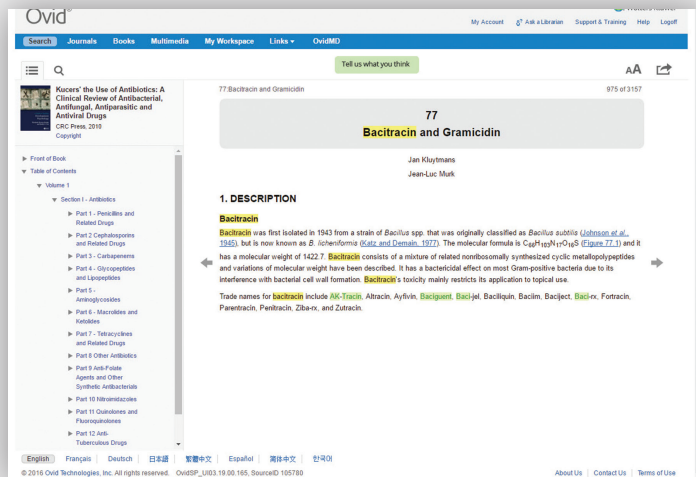

Wolters Kluwer

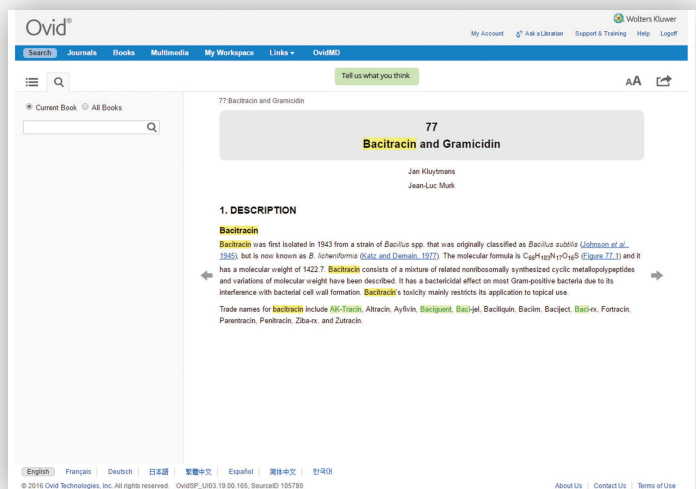

Books@Ovid

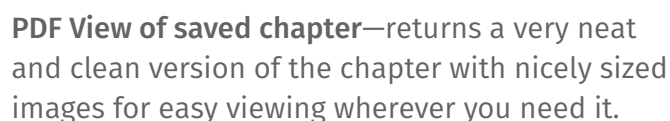

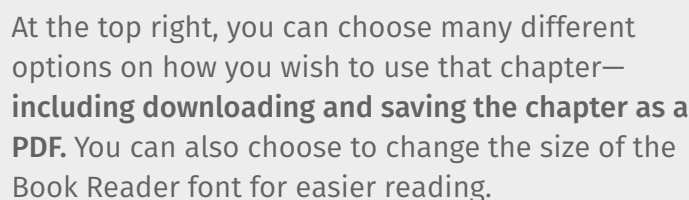

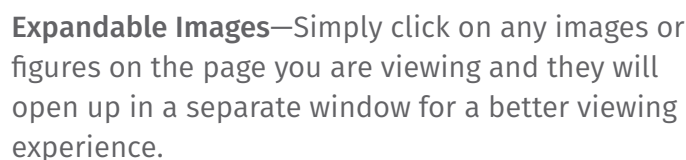

Access Ovid's superb new Book Reader from your Ovid search and jump directly into the area of the book you need.

In the Book Reader view, you can explore the chapter result of your search by simply using the arrows to flip through the pages, or jump to a specific chapter or area of the book using the table of contents on the left column.

Search within the eReader for the current book—or choose to run a new search across all books.
