

# LWW Health Library

## Basic Sciences Collection

### Why LWW Health Library?

Designed to support foundational learning and clinical practice, LWW Health Libraries deliver trusted health science education and clinical content to residents, fellows, program directors, faculty, and clinicians through a single portal — providing interactive online access to essential textbooks, multimedia & imagery, real-life case studies, and quizzes..

### Essential Clinical and Educational Content for the Medical Student

### LWW Health Library Basic Sciences Collection Includes:

- 21 core textbooks for first- and second-year medical students
- Over 100 videos covering anatomy, biochemistry, pathology, and other fundamentals
- More than 1,000 self-assessment questions for identifying areas where users need the most support
- Dozens of case studies for insight into applying scientific principles to real-world clinical situations
- Content updated regularly!
- Key titles: *Clinical Epidemiology*; *Medical Physiology*; *Reuben's Pathology*.

### Key Features of LWW Health Library:

A single portal to foundational and basic sciences resources, as well as rich multimedia tools for teaching, learning, and practice.

- **Highly-rated references:** Trusted, core texts from Lippincott & Williams & Wilkins, making it a one-stop, digital portal for authoritative content paired with industry-leading functionality
- **Account personalization:** Ability to save content to a 'My Health Library', access Health Library from any computer, and set up email alerts for when new content is added
- **Quizzing:** Ability to create custom quizzes organized by topic and to keep track of responses and link to relevant content to help with remediation
- **Ovid MEDLINE widget:** Connects students to valuable primary literature with an exclusive search widget, which returns targeted results and article previews
- **Advanced semantic search:** Results displayed by title, chapter, topic, and/or type of resource
- **Responsive Design:** Ability to browse content on your computer, tablet or smartphone with ease
- **Self-directed learning:** Simple, intuitive navigation and individualized self-assessments that give residents control over their progress and motivation to learn
- **Sharing:** Much content, including technical videos that can be shared with colleagues and classmates
- **Print/save a chapter:** Downloadable chapters via PDF, for easy access to content when offline — for note taking or to print
- **Multimedia ancillary content:** Access to videos, images, Q & A, patient education handouts, and more

## LWW Health Library Basic Sciences Collection

### LWW is a pioneer in medical and health science information, and the book collection features the following field-leading texts:

- **Caughey:** *Cases & Concepts Step 1: Basic Science Review*
- **Costanzo: Physiology:** *Cases and Problems*
- **Doan, et al:** *Lippincott's® Illustrated Reviews: Immunology*
- **Engleberg, et al:** *Schaechter's Mechanisms of Microbial Disease*
- **Fadem:** *Behavioral Science in Medicine*
- **Fletcher:** *Clinical Epidemiology: The Essentials*
- **Golan, et al:** *Principles of Pharmacology: The Pathophysiologic Basis of Drug Therapy*
- **Jerome, et al:** *Learning Clinical Reasoning*
- **Lieberman et al:** *Marks' Basic Medical Biochemistry: A Clinical Approach*
