How does it work?

- 1 Once your firm signs up to CCH Q&A, users will have access to an online portal to login and submit their questions. Users can upload supporting documentation.
- 2 Users have the option of selecting their adviser, or allow their question to be allocated to an appropriate expert in the relevant field.
- 3 Within 24 hours, a professionally prepared response is received through the online portal, and the user can choose to book a follow up web-meeting via Zoom following their initial response.

"I find the service very reassuring as a sole trader; and the manner of the responses are extremely polite, and not condescending at all. Other services I have used that are similar, end up making me feel like a second rate accountant!"
