Key features of the LWW Health Library:

- **Highly-rated references:** Trusted, core texts from Lippincott®, making it a one-stop, digital portal for authoritative content paired with industry-leading functionality
- **Content updates regularly (subscription model only):** As new editions publish, ancillary content acquired as new editions publish, and/or as authors supply clinical, practice-changing updates to their content
- **Advanced semantic search:** Guides users to results displayed by title, chapter, topic, and/or type of resource
- **Responsive design:** Provides ability to easily browse content on your computer, tablet, or smartphone
- **Personal accounts:** Enables users with a FREE personal account to enjoy personalization such as quizzing, saved searches, content alerts, robust printing capability, seamless off-site access, and more
- **Multimedia ancillary content:** Access to videos, images, Q&A, and more
- **Powerful quizzing engine (subscription model only):** Offers students and residents a chance to personalize their learning
- **Integration with relevant Lippincott® journals** within your library's holdings

LWW Health Library® Residency Collections

LWW Health Libraries are far more than electronic texts. They provide highly intuitive, interactive access and simple search capabilities to essential texts, as well as rich multimedia ancillary content comprised of procedural videos, images, real-life case studies, and quiz banks specifically tailored for the specialty.

Anesthesiology

Includes 23 core textbooks on anesthesiology, including *Anesthesiologist's Manual of Surgical Procedures*, *Clinical Anesthesia*, and *Marino's The ICU Book*. Plus, over 2,200 Q&A and over 700 videos to support procedural learning and teaching presentations

Cardiology

Includes 24 textbooks covering core and elective rotational topics as well as more than 4,300 procedural videos — including demos of echo loops

Critical Care

Contains 14 world-class textbooks, including *Marino's The ICU Book*, *Irwin & Rippe's Intensive Care Medicine*, and *Civetta, Taylor, & Kirby's Critical Care Medicine* as well as over 250 video clips and over 1,600 Q&A for self-assessment

Emergency Medicine

Covers required core and subspecialty topics and includes over 23 textbooks, including *Harwood-Nuss' Clinical Practice of Emergency Medicine* and *Fleisher & Ludwig's Textbook of Pediatric Emergency Medicine*. Also has over 2,600 Q&A for self-review and more than 280 videos

Family Medicine

Supports resident learning with 35 Lippincott® textbooks and includes roughly 300 videos, covering procedures and topics such as ultrasound, emergency medicine, orthopaedics diagnosis, among others. Key textbooks include *Pocket Primary Care*, *The 5-Minute Pediatric Consult*, *Briggs Drugs in Pregnancy and Lactation*, and *The Washington Manual® of Medical Therapeutics*

Internal Medicine

Includes 24 core titles for students, residents, and practitioners, including *Pocket Medicine*, *The Washington Manual® of Medical Therapeutics*, and *Goroll: Primary Care Medicine* as well as procedural and clinical video clips and over 1,000 multiple-choice questions and answers

Neurology

Contains 24 titles covering core topics and subspecialties, including *Merritt's Neurology*, *Parkinson's Disease and Movement Disorders*, *Samuel's Manual of Neurologic Therapeutics*, and *Localization in Clinical Neurology* as well as over 130 cases and more than 2,500 multiple-choice self-assessment questions

Obstetrics & Gynecology

With 17 core OBGYN textbooks, including *Drugs in Pregnancy and Lactation*, *Te Linde's Operative Gynecology*, *Berek & Hacker's Gynecologic Oncology*, *Berek & Novak's Gynecology*, and *Danforth's Obstetrics and Gynecology* as well as almost 250 clinical videos, including 110 procedural videos

Oncology

Includes more than 20 core references in hematology and oncology, including *DeVita's Cancer: Principles and Practice of Oncology* as well as over 1,400 self-assessment questions in oncology, radiation oncology, and hematology

Ophthalmology

Includes 25 Lippincott® textbooks covering core topics and subspecialties as well as over 160 videos. Key textbooks include *The Wills Eye Manual* and the new (published in 2020-2021) 5-volume *Duke Manuals of Ophthalmic Surgery*, with videos from the Duke University medical school archive

Orthopaedic Surgery

Contains 26 core textbooks for the Orthopaedic Surgeon, including *Handbook of Fractures*, *Rockwood and Green's Fractures in Adults & Children*, and *Operative Techniques in Orthopaedic Surgery*. Covers each competency including, pediatrics, joint reconstruction, bone management, spine, foot, oncology, and soft tissue

Pathology

Includes over 30 foundational and specialty for residents, faculty, and pathologists and more than 37,000 annotated images to train residents in efficient image interpretation and diagnostic assessment as well as roughly 2,000 self-assessment questions

Pediatrics

Contains 32 Lippincott textbooks covering core topics and subspecialties, including *5-Minute Pediatric Consult*, *Neonatal and Pediatric Pharmacology: Therapeutics in Principle*, and *Fleisher & Ludwig's Pediatric Emergency Medicine*, as well as more than 300 videos depicting different clinical situations

Psychiatry

Includes 13 core textbooks for students, residents, and practitioners including *ASAM's Essentials of Addiction Medicine*, *Kaplan & Sadock's Handbook of Psychiatric Drug Treatment*, and *Kaplan & Sadock's Study Guide & Self-Examination Review*. Provides access to more than 80 clinical videos from Symptom Media (<https://symptommedia.com/>). These high-quality, simulated case videos are carefully produced to help residents learn to identify and treat different psychiatric conditions such as opioid use, depression, suicide, schizophrenia in a variety of educational and treatment settings.

Surgery

Contains 27 core textbooks for the general surgeon, including *Greenfield's Surgery*, *Fischer's Mastery of Surgery*, and *The Washington Manual® of Surgery* and covers each rotation including vascular, trauma, surgical ICU, general, and cardiothoracic surgery
