### ClosingCenter

# **ClosingCenter 2.3**

A complete and open solution for fully remote and contactless mortgage closings

ClosingCenter provides a complete toolset to make mortgage closings more simple, convenient, and remote, from pre-closing to secondary market delivery. ClosingCenter 2.3 includes RON Partner Hub, pre-built connectors to leading RON solution providers like Notarize and Nexsys Clear Sign.

RON Hub offers lenders and their settlement agent partners maximum choice to complete remote and contactless closings. Today, RON solutions require lenders to manage a dedicated integration to each provider while title organizations must manage subscriptions and training on many platforms to support the varied preferences of lenders.

With RON Hub, lenders can choose to allow their title partners to select one or many of the connected RON providers in RON Hub. Title companies and their notaries can select an available platform that works best for them without having to constantly onboard and train with different RON providers.

ClosingCenter's RON Hub is open and easy-to-use, providing settlement agents with the flexibility to choose from an ecosystem of trusted partners to complete fully remote and contactless digital closings

#### **Key benefits**

#### For lenders

**Increased choice:** ClosingCenter providers lenders with the flexibility to deploy the RON solution best suited to every mortgage transaction.

**Increased speed:** ClosingCenter delivers accelerated mortage settlement with fully digital signature execution and closing package processing.

**Increased security:** ClosingCenter provides increased closing package security including ID verification, audit trail, and encrypted communication versus traditional in-person notarial transactions.

#### **Turnkey RON solution access:**

ClosingCenter eliminates technical integration requirements, simplifying, and accelerating RON solution adoption.

## For borrowers

**Increased flexibility:** ClosingCenter enables borrowers to fully complete a mortgage closing from the comfort of their own home.

**Increased safety:** ClosingCenter's fully remote eClosing capabilities eliminate in-person closing day contact and the risk of contracting COVID-19.

**Increased security:** ClosingCenter provides increased security including ID verification, audit trail and encrypted communication versus traditional inperson notary transactions.

### $\bigcap_{n=1}^{\infty}$ For settlement agents

**Increased safety:** ClosingCenter's fully remote eClosing capabilities eliminate inperson closing day contact and the risk of contracting COVID-19.

**Increased flexibilty:** ClosingCenter offers maximum choice for both in-person and remote execution of notarized closing documents.

**Increased security:** With ClosingCenter all closings, paper, hybrid, or remote, can start and end on a single platform, integrated to best-in-class providers.

**Increased efficiency:** ClosingCenter's remote pre-closing and closing day capabilitites enable settlement agents to execute more closings, faster; increasing overall revenue potential.

#### About Wolters Kluwer Governance, Risk & Compliance

Governance, Risk & Compliance is a division of Wolters Kluwer, which provides legal and banking professionals with solutions to help ensure compliance with ever-changing regulatory and legal obligations, manage risk, increase efficiency, and produce better business outcomes.
