Please log out first before executing the below steps

Reverification is no longer necessary when accessing UpToDate via SSO

- 1. Access UpToDate® by visiting www.uptodate.com/login
- Enter your email address that is associated with your organization. Click Continue. You will then be prompted to enter your SSO credentials.
- 3. The first time you access UpToDate you will be prompted to complete your registration or sign in with an existing UpToDate account.

If this is your first time accessing UpToDate and you do not have an existing Username and Password, complete all fields on the registration form and then click Submit Registration. If you already have an UpToDate Username and Password from a Personal Subscription or previous access, click the blue "sign in" hyperlink at the top of the Registration page. Sign in with your existing username. Click Continue and enter your password. Click Sign in. This will retain your current CME/CE/CPD data in one UpToDate user record.

If you registered for an account using SSO and already have an existing UpToDate account, we strongly encourage you to consolidate your accounts to maintain your CME credits and other settings. Simply click on your name in the top right, visit *My Account* and click *Merge Accounts*.

## **Mobile Access**

Take UpToDate content with you on the go. Register for an UpToDate account or log in with your existing credentials via SSO on the mobile app:

On your smartphone or tablet, search for "UpToDate" in your app store and install the free app.

Open the UpToDate Mobile App upon completion of download.

Log in or register via SSO on the mobile app. If you are a new user, and have no existing credentials, please follow Step 2 and Step 3A above. If you have existing credentials, please follow Step 2 and Step 3B above.

Access the UpToDate Mobile App on up to two devices once UpToDate registration is complete.
