

Lippincott® Nursing Education

Fall 2024 Nursing New Editions Catalog

Lippincott® Partnership for Nursing Education and Testing

Nurses ready for practice are ready for NCLEX® success.

Introducing **Lippincott Partnership for Nursing Education and Testing**, a new way we “make it easy” for your program to develop clinically ready nurses who are ready to practice safely – and succeed on the NCLEX®.

Nurse educators have long trusted our complete suite of educational products and services for the “learning, doing, and testing” to meet every challenge throughout the entire Nursing Program. And now, it’s easier than ever to partner with us for full curriculum solutions that help you meet all of your RN or LPN/LVN program goals.

**Complete curriculum coverage
as mandated for accreditation**

**Ongoing student engagement
and retention**

**Development of clinically
ready nurses who are ready to
practice safely**

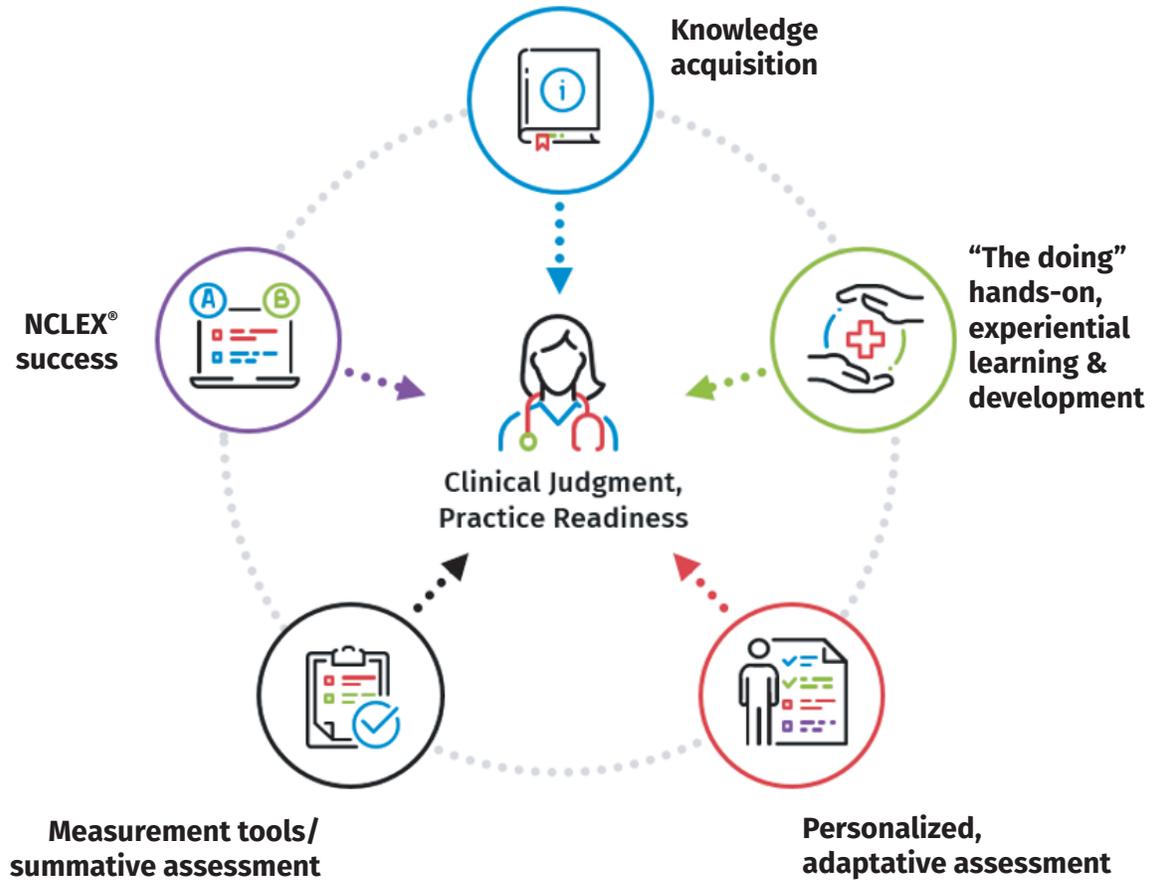

**Continued NCLEX®
success rates**

Because our approach to learning and assessment is clinical based, your students will be ready for the NCLEX and safe practice at the bedside.

Success in nursing is in our DNA

Our products work together to deliver seamless, clinical-based knowledge acquisition, “the doing” and assessment that builds clinical judgment and prepares nurses for practice.

Why choose Lippincott[®] Partnership?

Our clinically focused and fully integrated solutions and unparalleled support for your students and faculty sets us apart.

- ✓ We provide the most clinically focused solutions across the nursing curriculum, including preparation for the NCLEX[®].
- ✓ Our clinical-based, integrated approach to learning ensures successful outcomes for your program and develops competent, practice-ready nurses.
- ✓ Our solutions are backed by team of nurse educators and experts ready to offer you best-in-class consulting, implementation, and support services to help you succeed.

Visit [wltrsklwr.com/LippincottPartnership](https://www.wolterskluwer.com/LippincottPartnership) or contact your Wolters Kluwer sales rep today to learn how we can partner with your program for a complete solution with a proven track record of success developing clinically ready nurses who are ready to practice safely.

Lippincott® CoursePoint+

An integrated, digital curriculum solution for nursing education. It provides a completely interactive, personalized, and engaging learning experience geared to help students understand, retain, and apply their course knowledge. CoursePoint helps nursing students to learn and build their critical thinking and clinical judgment skills to prepare for the NCLEX and become practice-ready nurses.

A time-tested and easy-to-use solution, CoursePoint+ includes an interactive eBook, engaging learning tools like One-Minute Nurse videos, adaptive learning with PrepU, evidence-based practice, and tools which include Lippincott® Advisor, case studies, and vSim® for Nursing. Loaded with course management capabilities and in-depth reporting, CoursePoint+ meets students where they are in their learning and supports instructors in their course management and teaching of students.

Trusted content

Expert-authored, time-tested content provides a strong, evidence-based foundation for nursing education and a successful transition to practice.

Preparation for practice

Students prepare for practice and build clinical judgment skills with engaging, innovative tools like vSim® for Nursing, Lippincott® Advisor, and case studies that keep them engaged.

Adaptive and engaging learning

Lippincott® CoursePoint provides a variety of learning assets to support multiple learning/teaching styles. Tools like PrepU, an adaptive quizzing platform, offer a personalized learning approach and case studies that challenge students to apply what they've learned to real-life scenarios.

Tested technology

Used by more than one million nursing students over a decade, our platform is continually tested, evolving, and improving to meet the changing needs of students and instructors.

Actionable insights

CoursePoint provides in-depth results dashboards with key data and insights to help instructors track student progress and identify strengths and weaknesses.

Support to help you succeed

Count on personalized support and training on all our digital products — Getting Started Webinars, Course Integration Webinars, Ask-an-Expert Services, and more.

Lippincott® CoursePoint for Nursing Concepts

The only digital solution to bring together the key elements of learning — knowledge acquisition, assessment and remediation, skills mastery, patient-centered learning, and real-world practice — to prepare nursing students for competent, confident practice. This comprehensive and flexible solution organizes digital course content by concepts and exemplars, incorporating eBook pages, up-to-date evidence-based information, adaptive learning powered by PrepU, and interactive resources — such as case studies, videos, and animations — into a customizable full curriculum solution.

Lippincott® Skills for Nursing Education

Transform how nursing students master skills and clinical judgment with a flexible learning experience that can integrate across the nursing curriculum, built on trusted content from *Taylor's Clinical Nursing Skills*.

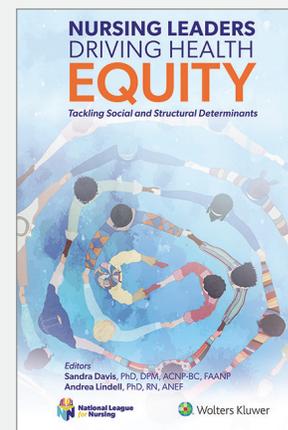

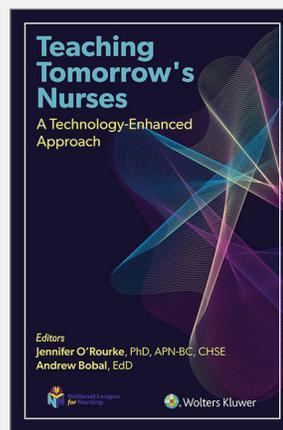

Expert-authored skill instructions, evidence-based rationales, videos, and case studies help the novice nursing student master new skills and confidently prepare for skills lab and clinical settings.

Gain professional success and grow your impact on nursing education

with these new titles from the National League for Nursing!

Wolters Kluwer is committed to advancing the science of nursing education, advocating for educators, and sharing best practice teaching strategies through the joint publication of respected National League for Nursing books, and the premier NLN journal, *Nursing Education Perspectives*.

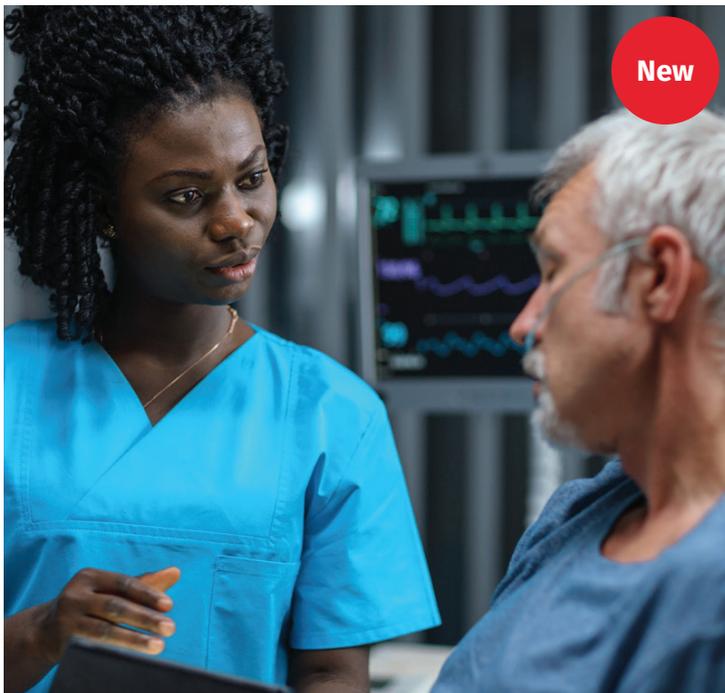

Visit the NLN Bookstore at nlm.lww.com

Learning by doing

Our products are intricately designed to foster the development of clinical judgment and prepare nursing students for the challenges of real-world practice.

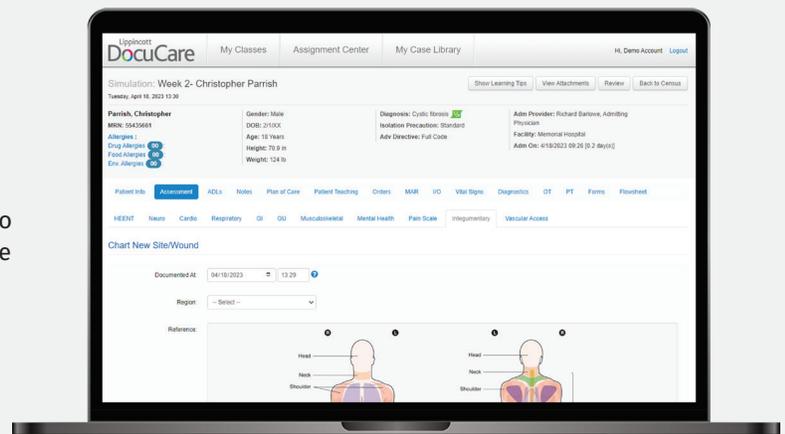

Lippincott® Client Cases for Clinical Judgment

Designed to spark clinical judgment thinking skills of nursing students, our patient case library practice tool direct from the experience of practicing nurse educators offers over 300 authentic patient scenarios across 17 hospital units. Just like a real student clinical experience, the patient's story unfolds in an evolving EHR tool and NGN-NCLEX style questions interrupt to challenge initial critical thinking skills. Granting nursing schools an affordable new path to broaden the variety of student exposure to patient scenarios with critical thinking training before or after simulation, lab, clinicals, and even during classes across the curriculum.

Lippincott® DocuCare

Created by a dedicated team of nursing educators and health informatics experts, DocuCare is an Electronic Health Record (EHR) training solution designed to teach students the essentials of electronic documentation. With DocuCare, students review information in chart tabs (patient info, notes, vital signs, orders) to recognize queues, analyze cues, prioritize hypotheses, and provide rationale – honing their clinical judgment and critical thinking abilities.

vrClinicals for Nursing

Co-developed by Wolters Kluwer and Laerdal Medical, vrClinicals for Nursing harnesses the immersive power of virtual reality software to bridge the most critical gap between nursing education and practice: clinical judgment and prioritization training. Multi-patient virtual scenarios written by the National League for Nursing recreate the real-life pressures of nursing practice and provide a holistic care experience that fosters essential skills in clinical judgment, prioritization, and delegation.

vrClinicals for Nursing benefits

Fully immersive & realistic

Multi-patient scenarios

Unfolding clinical experience

Resource-effective

vSim® for Nursing

Feel confident your students are getting the most realistic and up-to-date clinical experiences available with expert-authored simulations. Co-developed by Laerdal Medical and Wolters Kluwer, vSim® for Nursing provides real-world, evidence-based scenarios written by the National League for Nursing, with built-in point-of-care solutions for reference and remediation. With vSim® for Nursing, students can develop their clinical judgment, competence, and confidence.

For Community Health Courses

Lippincott® Clinical Experiences

Step into Promise Heights™, a virtual diverse urban and rural community, where students encounter challenging community health scenarios that are hard to replicate in clinical environments. Providing real-world preparation to practice clinical judgment with diverse populations in environments such as natural disaster sites, domestic violence shelters, or correctional facilities. Co-developed by nurse educators to meet the need of clinical time, 16 different virtual simulation modules and clinical activities include clinical reasoning assessments with rationales that provide practice where it matters most.

Lippincott® Ready for NCLEX

- A smart way to test

An innovative, easy-to-use approach to prepare students for the Next Gen NCLEX® that is adaptive and clinically focused, backed by proven reliability and predictive validity

Your one-stop shop for NCLEX readiness

Lippincott® Ready for NCLEX-RN® includes all the tools you need to ensure your students are being measured on their clinical-based thinking, starting day one of nursing school:

 Comprehensive subject assessment	With 7 to 14 subject areas, our Clinical Judgment Foundations provides two nationally benchmarked exams to ensure mastery in clinical judgment. Additionally, each subject area includes a practice exam as well as a question library of secure questions that can be assigned for extra clinical judgment practice.
 Readiness Exams	Two benchmarked NCLEX-RN Clinical Judgment Readiness Exams with predictive validity against the Next Gen NCLEX and an additional practice exam. Our psychometrically validated exams are reviewed by nurse clinicians and are built on the Clinical Judgment Measurement Model.
 Adaptive NCLEX preparation	Fully adaptive, personalized NCLEX experience with Lippincott® PassPoint. Experience personalized mastery level quizzing for a full curriculum review.
 Insightful reports	Empower educators and students with detailed reports, pinpointing student strengths and growth areas. Categorized reporting includes NCLEX Client Needs and Related Content Categories, CJMM, Nursing Process, Nursing Concept, Exemplar, System, and QSEN.
 NCLEX Conceptual Review Guide	Get instant access to immersive clinical scenarios with our eBook designed to enhance conceptual understanding and Next Gen learning tools.
 Flexible prep/ review courses	Opt to combine digital solutions with PreView and ReView courses for holistic preparation that fits your curriculum.

NurseTim® Consultations

Partnering with nurse leaders and educators for growth and success

- ✓ Customized professional development
- ✓ Quality curricular development and program review
- ✓ Accreditation preparation

Find out why over 1,400 programs + 30,000 faculty nationwide subscribe

- ✓ Unlimited access to over 150 live and recorded webinars
- ✓ Earn continuing education credit hours from most webinars.
- ✓ Watch at your convenience with 24/7 access.

NurseTim® Webinars

NurseTim® Conferences

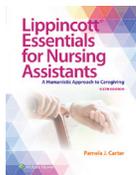

Our hands-on conferences are offered throughout the year for novice to experienced nurse educators and leaders

- ✓ New Faculty Orientation - 4 week online course
- ✓ Leadership Development Institute - 2 day workshop
- ✓ Nuts & Bolts Conference

Certified Nurse Assistant

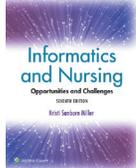

Lippincott Essentials for Nursing Assistants: A Humanistic Approach to Caregiving, 6th Edition

Pamela J. Carter, RN, BSN, MEd, CNOR

This concise and approachable textbook equips students with essential concepts for competent and compassionate practice whether they're training for long-term care, acute care, or another healthcare environment. With updated content including Pam's Pearls, and critical-thinking scenarios, it emphasizes empathy, problem-solving, and current healthcare practices seen today. Students will benefit from "What You Do/Why You Do It" boxes which will help them foster a deeper grasp of core concepts like privacy and infection control while further promoting critical thinking skills.

Informatics

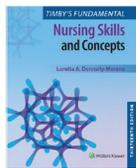

Informatics and Nursing: Opportunities and Challenges, 7th Edition

Dr. Kristi S. Miller, PhD, CPPS, CNE, RN

Helps you keep pace with a rapidly changing field while cultivating your students' communication and information literacy skillset in informatics now, identified as a core competency by the AACN for all nursing levels. Updates throughout this streamlined edition encourage patient-centered care and reflect the latest advances in artificial intelligence, telehealth, and home monitoring accompanied by powerful learning tools that help you hone clinical judgment and ready students for practice.

LPN/LVN

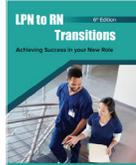

Timby's Fundamental Nursing Skills and Concept, 13th Edition

Loretta A. Donnelly-Moreno, DNP, RN, MSN

This text is rooted in nursing principles, emphasizing holistic care, compassion, and accountability, offering insights that resonate with educators and students. Moreover, in today's ever-evolving healthcare landscape, this edition has been thoughtfully updated to address the challenges and opportunities facing today's nurses, ensuring relevance and applicability in the classroom and beyond.

LPN/LVN Bridge

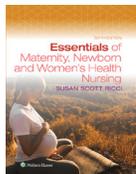

LPN to RN Transitions: Achieving Success in Your New Role, 6th Edition

Linda Lee Phelps

Guides students in the transition from licensed practical/vocational nurse (LPN/LVN) to registered nurse (RN). Catering to diverse adult learning styles and settings, this text serves as a core resource as students navigate career advancement and discover a new scope of practice. This updated edition includes case studies that illustrate real-life experiences of fellow LPNs/LVNs transitioning to the RN role as interactive exercises designed to propel learners toward their academic and professional objectives.

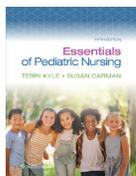

Maternity | Pediatrics

Essentials of Maternity, Newborn, and Women's Health Nursing, 6th Edition

Susan Ricci, ARP, MSN, M.Ed, CNE

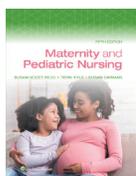

Offers a practical approach to understanding women's health in the maternity context and newborn care. Tailored for nursing students, it emphasizes the nursing process, bridging theoretical concepts with practical application to ensure NCLEX® readiness and safe maternity nursing practice. Each chapter covers aspects of women's health throughout their life cycle, addressing risk factors, lifestyle choices, and interventions. Real-life scenarios and case studies simulate clinical experiences, enhancing critical thinking and decision-making. The sixth edition includes new features like Unfolding Patient Stories, skill-based videos, and step-by-step procedures to boost proficiency.

Essentials of Pediatric Nursing, 5th Edition

Terri Kyle, MSN, CPNP; and Susan Carman, MSN, MBA

Amplifies students' foundational knowledge, navigating them toward a deeper understanding of crucial concepts. Recognizing the nuances in pediatric care, it prioritizes fundamental principles, facilitating mastery of complex problem-solving scenarios. Through a focus on conceptual learning, it not only streamlines instruction but also cultivates critical thinking skills. Case Studies, Unfolding Patient Stories, and Clinical Reasoning Alerts enrich comprehension and analytical skills.

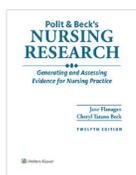

Maternity and Pediatric Nursing, 5th Edition

Susan Ricci, ARP, MSN, M.Ed, CNE; Terri Kyle, MSN, CPNP; Susan Carman, MSN, MBA

Emphasizes key concepts amidst limited class time. Combining maternity and pediatric nursing in a cohesive volume, it equips students with the knowledge and skills for comprehensive care, enhancing their critical thinking and improving patient outcomes. Enhanced with threaded case studies, "Consider This" sections, and detailed nursing care plans, it integrates the strengths of Ricci's and Kyle/Carman's texts, with updates on key areas like diversity, equity, inclusion, and current clinical guidelines.

Nursing Research

Polit & Beck's Nursing Research: Generating and Assessing Evidence for Nursing Practice, 12th Edition

Jane Flanagan, PhD, RN, ANP-BC, AHN-B, FNI, FNAP, FAAN; Cheryl Tatano Beck, DNSc, CNM, FAAN

Approachable, up-to-date, and rich with practical tips and strategies, Polit & Beck's Nursing Research: Generating and Assessing Evidence for Nursing Practice, 12th Edition, is the go-to text for teaching students how to perform research and critically appraise research reports for use in practice. Clear writing details the latest methodologic innovations in nursing, medicine, and social sciences, accompanied by helpful learning features that reinforce effective research methods and help students develop the critical thinking capabilities to confidently critique research reports and apply evidence-based findings in clinical practice.

Training and Support for Faculty and Students

FACULTY SERVICES

A dedicated Digital Implementation Specialist

Your Digital Implementation Specialist is a digital product specialist who partners with your Sales Representative for coordinated customer support and provides you with guidance and training for your digital product for a successful implementation.

Getting started training modules

These on-demand training videos are available 24/7. Watch the entire module or select the skills you need to know.

Expert training webinars

Our Nursing Education Consultants offer live, recorded, and customized training webinars to help you learn your digital product throughout your implementation journey.

- **Implementation Training webinars** are great for the new user and customers who are in their first year of implementation. Instructors will learn how to build lesson plans and teaching strategies using their digital product.
- **Deeper Dive Training webinars** are for all users and offer focused teaching strategies to support educational goals like developing clinical judgment, NGN-readiness, and student success.

Ask an Expert – Nursing Education Consultants and Integration Nurses

Our Nursing Education Consultants and Integration Nurses are available to answer your specific product implementation questions. Submit your question via Ask an Expert website and we will respond within 48 hours.

STUDENT SERVICES

Student training toolkit

Your Sales Representative will provide you with customizable, student instructions in PDF format which can be added to your LMS or emailed to your students. These instructions guide students as they register, access, and use their Lippincott® Digital Product.

Student orientation services

Your Sales Representative will coordinate and host personalized student registration and training for your Lippincott® Digital Product. This service is available via webinar or onsite depending upon scheduling needs.

Getting started training modules

These on-demand training videos are available 24/7 for students. Students can watch the entire module or select the skills videos they need to know.

Student strategies live webinars

Our Nursing Education Consultants teach students evidence-based study strategies and how to use them with select Lippincott Digital Products to improve student success.

At every stage of your Lippincott® Digital Product implementation, we offer guidance and training from our product specialists, Nursing Education Consultants, and Integration Nurses to help you successfully integrate your digital product into your course. Contact your Digital Implementation Specialist for your customized training plan.

“We rely on partners like Lippincott and NurseTim to help us leverage technologies in new ways. As we continue to innovate, we strive to keep a diverse student population in mind - in how we design a curriculum that meets the needs of all learners, and in how we infuse technology. We continually reinforce concepts and create learning experiences that allow students to practice in ways that mimic real-world, bedside nursing.”

Kaitlyn Burke, MS, RN, CCRN, CNEcl

Assistant Professor of Clinical Nursing and Instructional Design Coordinator for the University of Rochester School of Nursing’s Accelerated Bachelor’s in Nursing program
