

Full-Text Resources from the American College of Chest Physicians (ACCP)

Online Books and a Peer-Reviewed Journal from a Leading Authority in Cardiopulmonary Medicine, Critical Care, and Sleep Medicine

- Confidently get ready for ACCP Board Review exams with instant access to 4 books in Pulmonary Medicine, Critical Care Medicine, Sleep Medicine, and Pediatric Pulmonary Medicine
- Uncover, via the Chest journal, over 600 Evidence-Based Clinical Practice guidelines for the prevention, diagnosis and treatment of thrombosis
- Access current and comprehensive research in pulmonology, cardiology, thoracic surgery, airway diseases, sleep and breathing, and other topical areas in chest medicine
- Get all four ACCP Board Review books as a collection and save!
- Ask your Ovid Account Representative about additional resources in Pulmonary Medicine

The American College of Chest Physicians (ACCP), founded in 1935, is a leading authority and pioneer in the diagnosis, treatment, and understanding of diseases of the chest. It publishes a range of high-quality and up-to-date educational materials—for clinicians, nurses, and residents as well as researchers and students—covering all specialties of pulmonology, critical care medicine, and sleep medicine. The following 4 books and 1 journal are available electronically via Ovid®:

- *ACCP Critical Care Medicine Board Review*
- *ACCP Pulmonary Medicine Board Review*
- *ACCP Sleep Medicine Board Review*
- *ACCP/AAP Pediatric Pulmonary Medicine Board Review*
- *Chest Journal*

Ovid

Transforming Research into Results.

Ovid is your complete online research solution, offering a single online destination where you can search, discover, and manage the critical information you need to streamline your research productivity and your work.

- Work the way you want to work with a variety of search modes and customizable work productivity and content alerting tools
- Save and manage critical research findings and documents in a dedicated work area—My Projects
- Extend your Ovid research experience beyond Ovid with the Ovid Toolbar
- Search all Ovid resources—books, journals, and databases—simultaneously with just one query

www.ovid.com

Chest Journal

The official publication of the ACCP features original research and cutting-edge clinical investigations in multidisciplinary specialties of chest medicine, such as pulmonology, cardiology, thoracic surgery, transplantation, sleep and breathing, airways disease, and more. It also features basic science, special reports, case reports, board review questions, and more.

NEW!

Over 600 Evidence-Based Clinical Practice Anti-Thrombotic Guidelines, which address a range of clinical conditions—medical, surgery, orthopedic surgery, atrial fibrillation, stroke, cardiovascular disease, pregnancy, neonates and children, and more.

Books

ACCP Critical Care Medicine Board Review, 20th edition

Developed to complement the ACCP's Critical Care Medicine Board Review course, this self-study resource covers current critical care literature and management strategies for critically ill patients.

ACCP Pulmonary Medicine Board Review, 25th edition

Straight from the ACCP Pulmonary Medicine Board Review 2009 course, this text covers current pulmonary literature and management strategies for critically ill patients.

ACCP Sleep Medicine Board Review, 4th edition

Straight from the ACCP Sleep Medicine Board Review 2009 course, this text covers every topic readers need to prepare for the sleep medicine subspecialty board exam in a concise, easy-to-use format.

ACCP/AAP Pediatric Pulmonary Medicine Board Review, 1st edition

Complementing the 2010 ACCP/AAP Pediatric Pulmonary Medicine Board Review course, this text covers current pediatric pulmonary literature and management strategies for pediatric patients.

ACCP Board Review eBook Package

Available as a one-time purchase, this convenient collection contains all 4 books.
