

7 fully customizable solutions for engaging your HCP

SPECIAL PROJECTS

More and more HCPs are expressing increased interest in scientific data, medical information, and education. Open the door to conversation with your HCP by giving them the best-in-class content that has been made to order just for them.

At Wolters Kluwer, we are committed to providing evidence-based clinical information and expert solutions for the entire healthcare ecosystem, designed to meet today's most critical industry challenges.

Our solutions can be made to order as per your HCP and your own budgetary requirements. Explore the various options:

Clinical Compilation

The audience-driven journals and websites published by Wolters Kluwer — offers a content-rich environment trusted by the healthcare professionals you want to educate and influence.

Video Based Inputs

Comprised of a clinical booklet containing videos on different therapies and topic of preference from the Wolters Kluwer's original content.

Case Series

Comprehensive portfolio of Wolters Kluwer's original content to provide perspective of handling challenging cases in clinical practice.

Image Based Atlas

Provides hassle-free, reliable, and visually impactful atlas-based inputs for healthcare professionals to access essential clinical content.

Yearbook

Compilation of articles that reported year's breakthrough developments on specific therapy or specialty.

5MinuteConsult

Creating project for our main book of 5 Minute Clinical Consult on any selected therapy in form of algorithm charts or Medical diagnosis treatment.

KOLs Based Project

- Case Series
- KOLs Authored Books
