### CCH iFirm AML

Tired of navigating through multiple platforms to manage your AML duties? CCH iFirm AML seamlessly integrates with CCH Central software. Save time on compliance tasks, minimise risks, and protect your firm and staff from potential criminal activities.

Our four modules include AML Data Checks, to quickly and easily verify clients' data; Biometrics + KYC Checks, to collect and authenticate ID's, and their owners, running AML checks in one go; Ongoing Monitoring, which runs daily automatic PEPS, sanctions, and adverse media checks; and KYB, which simplifies the KYB process, identifying PSCs and keeping you compliant.
