“As a long-standing client of CCH Parliament, it is a useful resource because it provides us with insights and access to everything that government, corporates, industry associations and consumer groups are releasing in the public arena on hot topics such as financial services, consumer regulation and economic indicators”

George Karagiannakis, Executive Manager - Government & Industry Affairs, IAG

Political News

Available in Australia only

How and when people need Australian political news is varied, with CCH Parliament we've got this covered. Pick from our services that range from summaries to in-depth reports. Whichever service you choose you can be assured you are getting accurate and timely news.

National Daily Headlines

A daily summary report of Australian political, government and legislative news across all jurisdictions. All topics are summarised in one easy-to-read newsletter. This service does not include transcripts, files or full articles.

Political Updates

A weekly summary report of Australian federal political, government and legislative news. Select which state, territory or federal report you want to subscribe to. This will be provided in one single weekly newsletter. This service does not include transcripts, files or full articles.

Federal Political Briefing

A fortnightly report that covers the latest major Australian federal political, government and regulatory developments. This in-depth report provides journalistic content written by our expert political commentator and includes a political overview, parliament and public service developments, opinion poll and policy analysis.

“Seeing the raw data as it comes in allows you to make real-time judgements about what matters and what doesn't. That's something filtered news cannot do”
