

APA PsycArticles® on Ovid®

APA PsycArticles is the electronic source for the APA's complete journal collection, featuring research in General, Clinical, and Applied Psychology. Available on Ovid, it offers seamless access to scholarly, clinical, and training materials, paired with advanced search tools that help you quickly pinpoint relevant information, making your research more efficient and productive.

Why APA PsycArticles on Ovid?

Ovid delivers an exceptional research solution for psychology and related disciplines with comprehensive resources, an intuitive interface, and advanced search tools. It streamlines access to the most relevant information, boosting efficiency and supporting informed decision-making for researchers and professionals.

Work the way you want to work with a variety of search modes and customizable productivity and content alerting tools:

- Simultaneously search all APA products — plus any additional subscribed Ovid content — for a complete research experience.
- Quickly and easily explore bibliographic, full-text, and multimedia through a single integrated platform.
- Save and manage critical research findings and documents in a personal Workspace on Ovid, called "My Projects"
- Stay current on the latest theoretical findings and uncover important archival resources with AutoAlerts and eTOCS delivered via e-mail and RSS feed.
- Quickly get precise results with Basic Search, powered by our psychology lexicon and natural language processing.
- Use Advanced Search to leverage the full power of the *APA Thesaurus of Psychological Index Terms* through Ovid Term Finder and the complete suite of thesaurus tools available on Ovid.

What's included?

- 257,000+ peer-reviewed articles from 100+ APA and affiliated journals
- Coverage dating back to 1894
- In addition Journals@Ovid provides the users with Fully searchable full text, captions, table of contents, and supplementary materials.

NEW for 2025!

- New and upgraded APA PsycArticles database with complete APA records, APA Thesaurus integration and Ovid Term Finder functionality.
- *The Journal of Pediatric Neuropsychology*, the official journal of the *American Academy of Pediatric Psychology*, is now available in APA PsycArticles.
