

LWW Total Access Archive Collection through 2020

Exclusive access to the backfiles of over 300 journals available from one of the world's leading medical, nursing, and health science publishers

Archival resources are crucial to the research process, providing a valuable chronology of theories and discoveries that underpin today's healthcare practices and inform future innovations. What are the foundations of current techniques in open heart surgery? How did modern cancer and diabetes treatments evolve?

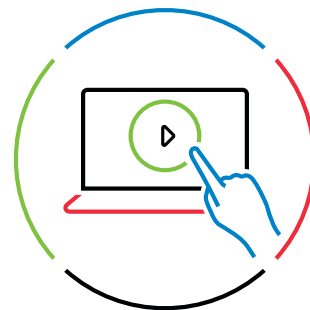

With Lippincott® journal archives, available exclusively on Ovid® — an industry-leading precision search and discovery platform — you can help researchers answer these questions and more.

Why LWW Total Access Archive Collection through 2020?

- Exclusive access to electronic backfiles of over 300 journals in core clinical and medical specialties — to build your full-text library and free up physical shelf space
- More than 5 million pages of groundbreaking research from Nobel laureates and other world-renowned scientists
- Electronic journal content you can't find anywhere else — more than 77,000 journal issues with nearly 2 million articles containing original research, reviews, notes, letters, case studies, and images
- Over 99% of available files sourced — well above the industry standard
- Most coverage dates beginning with the journal's earliest available issue through 2020
- Access to the frontfile and backfile of the same journal or collection simultaneously
- Clean, easy-to-read text and images, including photos, illustrations, tables, charts, and graphs, produced using multiple, state-of-the-art scanning processes

Newly added archives:

- Contemporary Critical Care
- Contemporary Optometry
- Contemporary Ophthalmology
- HEART Insight
- Medical Innovation & Business
- Oncology Times UK
- Journal of Dermatology for Physician Assistants
- PACEsetterS
