

Lippincott® Nursing Education Solutions

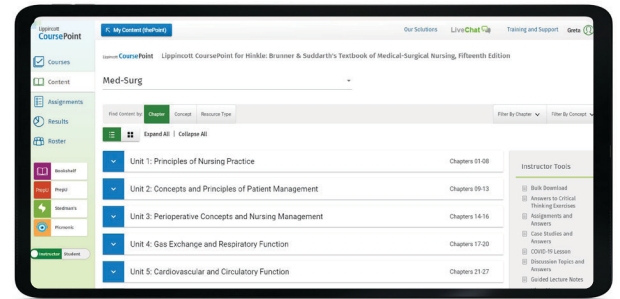

On the front line of **CARE**

Fall 2023 | Spring 2024 **Nursing Catalog**

Lippincott® CoursePoint

On the front line of **LEARNING**

Designed to help students understand, retain, and apply their course knowledge, and prepare them for practice. **Lippincott® CoursePoint** is an integrated, digital course solution that provides a completely interactive and adaptive experience for nursing education.

Trusted Content

Expert-authored, time-tested content provides a strong, evidence-based foundation for nursing education and a successful transition to practice.

Preparation for Practice

Students prepare for practice and build clinical judgment skills with innovative tools that help them think critically about patient care.

Adaptive and Engaging Learning

Lippincott® CoursePoint provides a variety of learning assets to support multiple learning teaching styles. Tools like **PrePU**, an adaptive quizzing platform, offers a personalized learning approach and case studies that challenge students to apply what they've learned to real-life scenarios.

Tested Technology

Used by more than 1 million nursing students over a decade, our platform is continually tested, evolving, and improving to meet the changing needs of students and instructors.

Actionable Insights

CoursePoint provides in-depth results dashboards with key data and insights to help instructors track student progress and identify strengths and weaknesses.

Support to Help You Succeed

Count on personalized support and training on all our digital products — Getting Started Webinars, Course Integration Webinars, Ask-an-Expert Services, and more.

Lippincott® CoursePoint+

On the front line of **PREPARING FOR PRACTICE**

Lippincott® CoursePoint+ gives students the tools they need to be clinically competent nurses, bridging classroom learning to practice using virtual simulation and real-world, evidence-based content from the industry-trusted **Lippincott® Advisor**.

- **NextGen vSim® for Nursing**, co-developed by Laerdal Medical and Wolters Kluwer and endorsed by the National League for Nursing (NLN), allows students to practice real-world nursing scenarios in a safe, simulated environment.
- **Lippincott® Advisor**, the single most trusted source for immediate, evidence-based, online nursing clinical decision support, gives tomorrow's nurses the same point-of-care content they will encounter in practice.

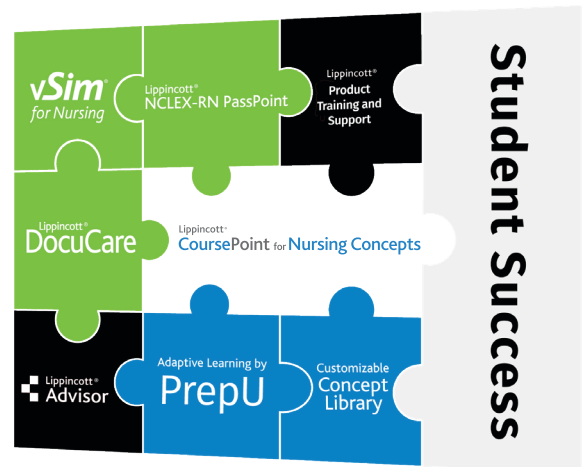

Lippincott® CoursePoint for Nursing Concepts

On the front line of **CONCEPTUAL LEARNING**

Lippincott® CoursePoint for Nursing Concepts is the only digital solution to bring together the key elements of learning — knowledge acquisition, assessment and remediation, skills mastery, patient-centered learning, and real-world practice — to prepare nursing students for competent, confident practice. This comprehensive solution organizes digital course content by concepts and exemplars, incorporating eBook pages, up-to-date evidence-based information, adaptive learning powered by **PrepU**, and interactive resources — such as case studies, videos, and animations — into a customizable full curriculum solution.

Lippincott® Clinical Experiences

On the front line of **REAL-WORLD CLINICAL EXPERIENCE**

Lippincott® Clinical Experiences — co-developed with nursing educators Jone Tiffany, DNP, MA, RN, CNE, CHSE, ANEF, and Barbara Hoglund, EdD, MSN, FNP-BC, CNE — offers clinical experiences that consistently expose students to diverse settings, situations, and populations. As students immerse themselves in a safe and engaging virtual environment, they are exposed to the real-life application and complexity of key community, public, and population health concepts.

Through this solution, students are building their critical thinking skills by:

- Making observations
- Conducting interviews
- Doing research online
- Triaging at a disaster scene
- Holding virtual conversations

Wolters Kluwer curricular tools provide the full circle of clinical learning by utilizing NLN scenarios throughout the entire clinical experience.

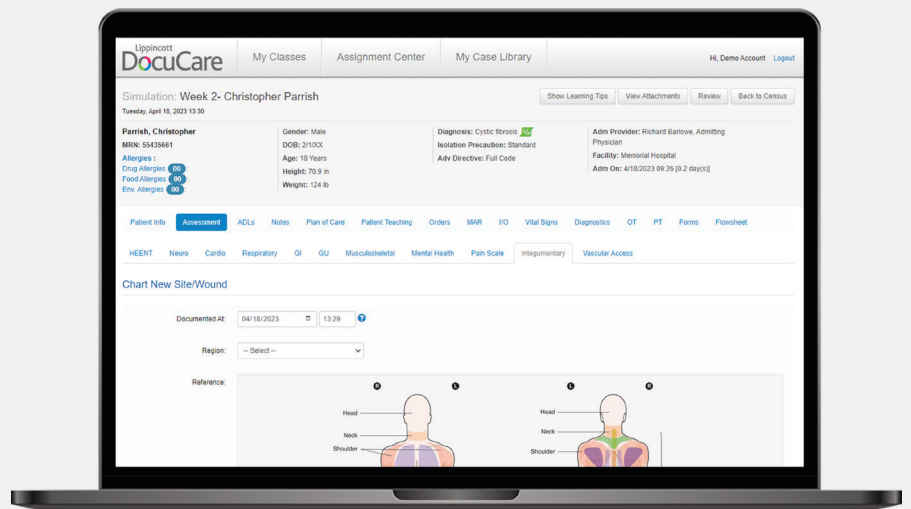

Lippincott® DocuCare

On the front line of **KNOWLEDGE**

Realistic documentation practice

Lippincott® DocuCare is an Electronic Health Record (EHR) web-based training solution built by a team of nursing educators and experts in health informatics. It teaches students the fundamentals of effective electronic documentation while fostering clinical judgment and critical thinking.

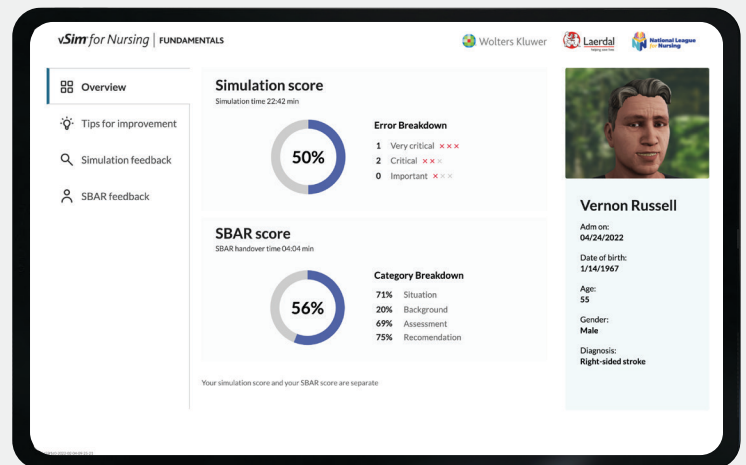

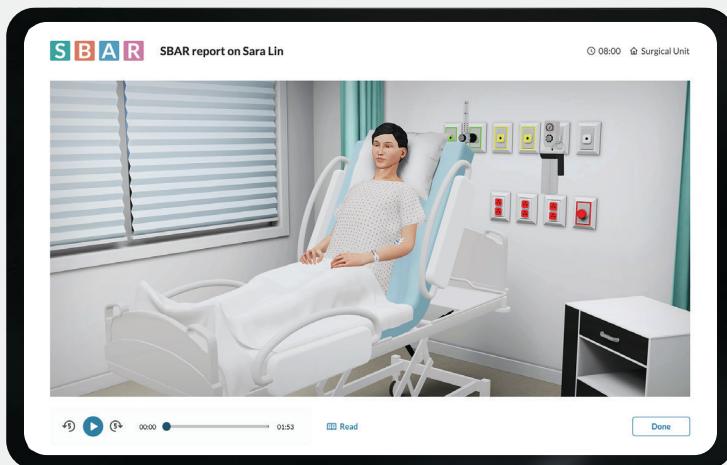

Next Generation of vSim® for Nursing

On the front line of CLINICAL PREPAREDNESS

A trusted virtual simulation program upgraded to better prepare today's students

Feel confident your students are getting the most realistic and up-to-date clinical experiences available with expert-authored simulations. Co-developed by Laerdal Medical and Wolters Kluwer, **vSim® for Nursing** provides real-world, evidence-based scenarios written by the National League for Nursing, with built-in point-of-care solutions for reference and remediation. With **vSim® for Nursing**, students can develop their clinical judgment, competence, and confidence.

Increased medical fidelity

- Enhanced 3D patients
- Ability to recognize and react to unfolding audio and visual cues
- Comprehensive patient scenarios

Enhanced clinical judgment

- New NextGen NCLEX® Quizzing
- Increased realism and fidelity, so students can recognize unfolding visual and audio cues
- Updates to the EHR that requires students to explore and retrieve relevant information

Improved Communication

- New SBAR tool that gives students practice receiving and giving an SBAR during a patient handover
- Receiving deep insights into student performance on SBAR categories

Seamless user experience

- Now fully supported for tablet devices on our **vSim® for Nursing** app

Introducing *vrClinicals for Nursing*

Prepare students for the real-world pressures of nursing practice with evolving, multi-patient, virtual clinical experiences.

Codeveloped by Wolters Kluwer and Laerdal Medical, ***vrClinicals for Nursing*** harnesses the immersive power of virtual reality software to bridge the most critical gap between nursing education and practice: **clinical judgment and prioritization training**.

Multi-patient virtual scenarios written by the National League for Nursing recreate the real-life pressures of nursing practice and provide a holistic care experience that fosters essential skills in clinical judgment, prioritization, and delegation.

vrClinicals for Nursing benefits

Fully immersive & realistic
Students employ clinical judgment in a realistic, busy hospital with interruptions to care.

Multi-patient scenarios
Multi-patient scenarios focus on prioritization and building clinical judgment.

Unfolding clinical experience
Students experience multiple encounters with evolving patient conditions that are focused on specific learning objectives to increase practice readiness.

Resource-effective
Provides a scalable solution, an alternative to the lack of clinical sites, and resource-intensive clinical days.

To learn more, visit: wltrsklwr.com/vrClinicalsforNursing.

Lippincott® PassPoint

On the front line of NCLEX® SUCCESS

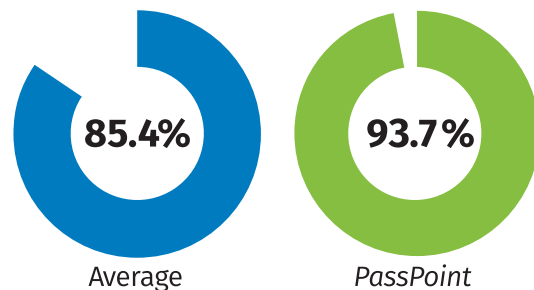

Adaptive, personalized NCLEX® preparation

Lippincott® PassPoint is a true adaptive, evidence-based NCLEX® preparation solution delivering personalized, NGN-Ready NCLEX practice, superior pass rates, and remediation from actual clinical decision support tools used by practicing nurses. Just like the actual NCLEX, **PassPoint's** unlimited simulated NCLEX exams build endurance in a low-stakes environment while adapting to each student's performance and growing incrementally more challenging as students demonstrate mastery, building critical thinking and clinical judgment while boosting test-taking confidence. **PassPoint** helps faculty identify at-risk students early, provides a guide driven by performance data, and equips tomorrow's nurses for success on the front line of care.

*Student Use of PassPoint and NCLEX-RN Outcomes, Wolters Kluwer <https://www.wolterskluwer.com/en/solutions/lippincott-nursing-faculty/passing-nclex-rn-with-passpoint>

Proven results. Proven success.

Students using **PassPoint** to prepare for the NCLEX have a passing rate higher than the national average.¹

Inspiring nurse educators

Wolters Kluwer is committed to advancing the science of nursing education, advocating for educators, and sharing best-practice teaching strategies through the joint publication of respected National League for Nursing books, and the premier NLN journal, **Nursing Education Perspectives**.

To view the full catalog, please visit nl.n.lww.com.

Get to Know Us

“NurseTim’s focus on faculty preparation and nurse clinical judgment training aligns well with our existing focus on ensuring nurses are clinically competent and prepared to practice.”

– JULIE STEGMAN
*VP of the Health LRP Nursing Segment
at Wolters Kluwer*

“Today, we will learn how to learn.”

– TIM J. BRISTOL
PhD, RN, CNE, ANEF, FAAN

NurseTim[®]
INCORPORATED

In 2003 NurseTim[®], Inc. was founded by Dr. Tim Bristol with one goal – to be a resource for nurse educators and provide high-quality faculty development solutions that are accessible to all programs.

As NurseTim[®] continued to grow, so did our passion to see not only faculty succeed, but students as well. We want students to not only be successful in the classroom, but on NCLEX[®] and, most importantly, in practice. In 2016, NurseThink[®], a brand of NurseTim[®], was born.

NurseThink[®] COMPLETE

From the Classroom to Testing to NCLEX[®] PreView & ReView
Next Gen Learning is Here!

Clinical Judgment Exams: Retention & Readiness

Clinical Judgment Exams provide pre-developed, high-quality assessments with a Clinical Judgment focus for nursing programs nationwide.

CJSim[™] Next Gen Quizzing Tool

NurseThink CJSim is an active learning and Next Gen quizzing tool that engages students with realistic client cases that enhance prioritization, delegation, and Clinical Judgment within the framework of Next Gen NCLEX[®].

NCLEX[®] PreView + ReView

The PreView helps students in the first year of their program develop habits of studying that promote Clinical Judgment.

The ReView is an NCLEX[®]-based clinical experience whereby final semester students learn how to synthesize key concepts to provide patient care.

Student Success Book Bundle

Our Student Success Book Bundles feature books designed with a concept-based approach to learning. These books are focused on Next Gen Learning and work in unison to provide students with tools to use in the classroom, while studying, in lab/sim, in clinical, and when preparing for the NCLEX[®].

**A Curricular Approach
to Next Gen Learning**

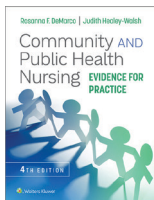

**Nurse
Think[®]**

Community/Public Health

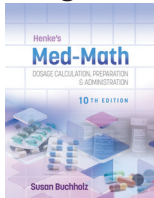

Community and Public Health Nursing: Evidence for Practice, 4th Edition

Rosanna F. DeMarco, PhD, RN, PHCNS-BC, APHN-BC, FAAN, and Judith Healey-Walsh, PhD, RN

This engaging, highly visual text clarifies the link between data and clinical decision-making, training students to gather, assess, analyze, apply, and evaluate essential evidence for effective practice decisions and care planning while cultivating the critical thinking and clinical reasoning skills essential to applying the nursing process to populations rather than individuals. Enhanced throughout with updated content and learning tools, this new edition ensures complete preparation for the challenges students will encounter as they care for individuals, families, and groups in the community.

Dosage Calculations

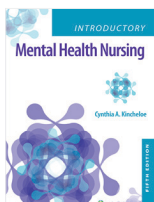

Henke's Med-Math: Dosage Calculation, Preparation & Administration, 10th Edition

Susan Buchholz, MSN, RN, CNE

Offers a highly visual, hands-on approach to mastering dosage calculation and the principles of drug administration. Rich with side-by-side comparisons, engaging animations, and dosage calculation problems, this dynamic new edition guides students step by step through the problem-solving process and builds clinical proficiency for confident dosage calculation and medication administration.

LPN/LVN

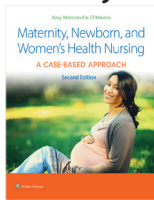

Introductory Mental Health Nursing, 5th Edition

Cynthia A. Kincheloe, MSN, BSN, ADN, RN

Updated, easy to read, and designed specifically for today's LPN/LVN students, **Introductory Mental Health Nursing, 5th Edition**, makes the realities of mental health nursing approachable and prepares students to confidently manage clients' mental healthcare needs across a wide range of care settings. This extensively revised 5th Edition delivers clear, comprehensive, clinically relevant information reflecting the care needs of a diverse client population. Powerful built-in study aids strengthen students' critical thinking and clinical application capabilities to prepare them for any challenge they may encounter.

Maternity

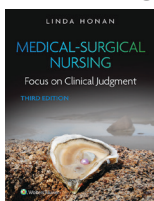

Maternity, Newborn, and Women's Health Nursing: A Case-Based Approach, 2nd Edition

Amy Mandeville O'Meara, DNP, WHNP, AGNP

Presents realistic, patient-centered, case-based narratives that captivate students while instilling essential critical thinking skills and clinical judgment capabilities. 13 in-depth, unfolding case studies threaded throughout the text enrich students' understanding of key concepts and align with the latest NCLEX® testing plan to prepare students for the challenges ahead in class, on their exams, and beyond. This updated 2nd Edition is enhanced with inclusive, bias-free language, robust essential nursing competency learning features, and the most current perspectives on care to help students ensure positive outcomes for an increasingly diverse patient population.

Medical-Surgical

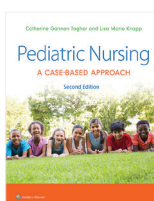

Medical-Surgical Nursing: Focus on Clinical Judgment, 3rd Edition

Linda Honan, RN, PhD, CNS-BC, ANEF, FAAN

Confidently meet the demands of transitioning students into practice-ready nurses with **Medical-Surgical Nursing: Focus on Clinical Judgment, 3rd Edition**. Expertly curated by experienced clinician and nursing educator Dr. Linda Honan, this practical approach distills complex concepts down to need-to-know details through the perspective of practicing nurses, establishing a comprehensive foundation in medical-surgical nursing by way of the most commonly encountered conditions and situations. Extensive updates throughout this 3rd Edition broaden your students' perspectives, cultivate their clinical judgment, and prepare them for success from the Next Generation NCLEX® to the day-to-day challenges of today's medical-surgical nursing practice.

Pediatrics

Pediatric Nursing: A Case-Based Approach, 2nd Edition

Catherine Gannon Tagher, EdD, MSN, RN, APRN, and Lisa Marie Knapp, DNP, Med, RN, CCRN

Helps students master pediatric nursing concepts and develop the critical thinking and clinical judgment essential to safe pediatric care and health promotion for children of all ages. This extensively updated 2nd Edition details the latest pediatric approaches to COVID-19, child abuse, mental health, and more, accompanied by new learning features that train students to think like nurses and prepare for the Next-Generation NCLEX®. Realistic clinical scenarios challenge students to apply their understanding, reinforcing key content while honing the clinical reasoning, patient advocacy, and patient education skills critical to effective outcomes in any setting.

On the front line of **SUCCESS**

Training and Support for Faculty and Students

FACULTY SERVICES

A dedicated Digital Implementation Specialist

Your Digital Implementation Specialist is a digital product specialist and partners with your Sales Representative for coordinated customer support and provides you with guidance and training for your digital product for a successful implementation.

Getting Started Training Modules

These on-demand training videos are available 24/7. Watch the entire module or select the skills you need to know.

Expert Training Webinars

Our Nursing Education Consultants offer live, recorded, and customized training webinars to help you learn your digital product throughout your implementation journey.

- **Implementation Training webinars** are great for the new-users and customers who are in their first year of implementation. Instructors will learn how to build lesson plans and teaching strategies using their digital product.
- **Deeper Dive Training webinars** are for all users and offer focused teaching strategies to support educational goals like developing clinical judgment, NGN-readiness, and student success.

Ask an Expert – Nursing Education Consultants

Our Nursing Education Consultants are available to answer your specific product implementation questions. Submit your question via Ask an Expert website and a Nursing Education Consultant will respond within 48 hours with your answer.

STUDENT SERVICES

Student Training Toolkit

Your Sales Representative will provide you with customizable, student instructions in PDF format which can be added to your LMS or emailed to your students. These instructions guide students as they register, access, and use their Lippincott® Digital Product.

Student Orientation Services

Your Sales Representative will coordinate and host personalized student registration and training for your Lippincott® Digital Product. This service is available via webinar or onsite depending upon scheduling needs.

Getting Started Training modules

These on-demand training videos are available 24/7 for students. Students can watch the entire module or select the skills videos they need to know.

Student Strategies Live Webinars

Our Nursing Education Consultants teach students evidence-based study strategies and how to use them with select Lippincott Digital Products to improve student success.

At every stage of your Lippincott® Digital Product implementation, we offer guidance and training from our product specialists and Nursing Education Consultants to help you successfully integrate your digital product into your course. Contact your Digital Implementation Specialist for your customized training plan.

“We are focused on student success, and we decided the very first thing we had to do was to provide students with consistent resources in every course. **Lippincott® CoursePoint**, **vSim® for Nursing**, and **Lippincott® DocuCare** are resources we can use from the very beginning of the program all the way through graduation. Having everything integrated has maximized our use of these resources and has enabled us to be learner-centered.”

Marilyn Brady, Dean of Nursing, Trident Technical College
