Real property search

Powerful property search options for residential and commercial properties that enable lenders to make swift and informed decisions while minimizing risk of inaccurate mortgage or UCC filings caused by insufficient borrower information.

Real property search enables you to:

- Receive comprehensive ownership and encumbrance reports
- Access deed-based unabbreviated legal descriptions and vesting information
- Obtain fast borrower snapshots with our economical/low-cost short property report
- Choose from additional search options such as Chain of Title, Open Mortgage, and more
- Gain access to multiple data sources, flexible order placement options, and search results that are typically reviewed

In addition, we provide the following services:

- Mortgage business development/marketing reports
- ResiFixture: Request UCC county fixture filings in bulk, and Lien Solutions will order residential property searches and file UCCs
