

# Annual Report Services

Our dedicated team of experts eases the burden of filing complicated reports while providing you with updates and confirmation reports so that you remain in control. Our service is offered at the industry low of \$95 per filing (plus state fees).

**Don't jeopardize your business. RASi has the tools and services to ensure your company meets the complicated requirements of Annual Report Filings.**

## Status Checks

Prior to filing an annual report, it is important to determine if the company is in good legal standing. RASi will contact each state for which you have ordered this service to determine the current status of your company and alert you of any compliance issues.

## Form Preparations

That's right, no paperwork for you to prepare. Our staff is very familiar with the necessary forms and filing methods in each jurisdiction to process your annual report filings in the most efficient and cost-effective manner. We will obtain the most up-to-date forms available and prepare them on your behalf.

## Client Approvals

In some jurisdictions, it may be necessary to obtain an original signature from an officer or director of the company. In this case, we will send the prepared forms to your attention for signature and approval. We will also notify you of any excessive fees for approval.

## State Filings and Fees

RASi will file the annual reports with the appropriate jurisdictions and advance any statutory fees that need to accompany the annual report at the time of filing. Any filing issues will be immediately brought to the client's attention.

## Online Monitoring

Upon completion of the above described tasks, RASi will provide your company with a report confirming the filing status of each annual report. You may also monitor the filing status of annual reports via our website at any time.
