2. Details of the Processing

The parties acknowledge and agree that with regard to the Processing of Customer Account Data Customer is a controller or processor, as applicable, and one of the entities listed under Party 1 is an independent controller, not a joint controller with Customer. Each party shall comply with its obligations under the Applicable Data Protection Law.

The details of the Processing operation provided by the Processor to the Controller as a commissioned data processor (e.g., the subject-matter of the processing, the nature and purpose of the processing, the type of personal data and categories of data subjects) are specified in Annex 1 in respect of on premises products and online products/services to this DPA. The Services Agreement and this DPA sets out Controller's complete instructions to Processor in relation to the Processing of the Personal Data and any Processing required outside of the scope of these instructions will require prior written agreement between the parties.

3. Rights and Obligations of Controller

The Controller:

(a) remains the responsible data controller for the Processing of the Personal Data as instructed to the Processor based on the Services Agreement, this DPA and as otherwise instructed. The Controller has instructed and throughout the duration of the commissioned data processing will instruct the Processor to Process the Personal Data only on Controller's behalf and in accordance with the Applicable Data Protection Law, the Services Agreement, this DPA and Controller's instructions. The Controller is entitled and obliged to instruct the Processor in connection with the Processing of the Personal Data, generally or in the individual case. Instructions may also relate to the correction, deletion, blocking of the Personal Data. Instructions shall generally be given in writing, unless the urgency or other specific circumstances require another (e.g., oral, electronic) form. Instructions in another form than in writing shall be confirmed by the Controller in writing without delay. To the extent that the implementation of an instruction results in costs for the Processor, the Processor will first inform the Controller about such costs. Only after the Controller's confirmation to bear such costs for the implementation of an instruction, the Processor is required to implement such instruction.

(b) warrants that:

- (i) its processing of the Personal Data is based on legal grounds for processing as may be required by Applicable Data Protection Law and it has made and shall maintain throughout the term of the Services Agreement all necessary rights, permissions, registrations and consents in accordance with and as required by Applicable Data Protection Law with respect to Processor's processing of Personal Data under this DPA and the Services Agreement;
- (ii) it is entitled to and has all necessary rights, permissions and consents to transfer the Personal Data to Processor and otherwise permit Processor to process the Personal Data on its behalf, so that Processor may lawfully use, process and transfer the Personal Data in order to carry out the Services and perform Processor's other rights and obligations under this DPA and the Services Agreement. Controller shall have sole responsibility for the accuracy, quality, and legality of Personal Data and the means by which Controller acquired Personal Data; and
- (iii) it has assessed the Technical and Organizational Measures set out in Annex 4 of this DPA and has determined that these satisfy the requirements of Article 32 GDPR in respect of Processor's processing of Personal Data.

4. Obligations of Processor

The Processor shall:

- (a) process the Personal Data only as instructed by the Controller and on the Controller's behalf; such instruction is provided in the Services Agreement, this DPA and otherwise in documented form as specified in clause 3 above. Such obligation to follow the Controller's instruction also applies to the transfer of the Personal Data to a Third Country or an International Organization.
- (b) inform the Controller promptly if the Processor cannot comply with any instructions from the Controller for whatever reasons;
- (c) ensure that persons authorized by the Processor to Process the Personal Data on behalf of the Controller have committed themselves to confidentiality or are under an appropriate obligation of confidentiality and that such persons that have access to the Personal Data Process such Personal Data in compliance with the Controller's instructions.
- (d) implement the Technical and Organizational Security Measures which will meet the requirements of the Applicable Data Protection Law as further specified in the relevant Annex 4 before Processing of the Personal Data and ensure to provide sufficient guarantees to the Controller on such Technical and Organizational Security Measures. Wolters Kluwer (UK) Limited operates an Information Security Management System which complies with the requirements of ISO/IEC 27001:2013 and holds certificate number IS 728624. The scope of the certification is the provision/maintenance by Wolters Kluwer (UK) Limited of on premises products (as more fully set out in the applicable Products/Services Schedule) under the Agreement, in accordance with the most current version of the Statement of Applicability (which version shall control, notwithstanding the generality of the foregoing).
- (e) assist the Controller by appropriate Technical and Organizational Measures, insofar as this is feasible, for the fulfilment of the Controller's obligation to respond to requests for exercising the Data Subjects rights concerning information, access, rectification and erasure, restriction of processing, notification, data portability, objection and automated decision-making. The Processor shall maintain the Technical and Organizational Measures set forth in Annex 4 of this DPA. To the extent such feasible Technical and Organizational Measures require changes or amendments to the Technical and Organizational Measures specified in the relevant Annex 4, the Processor will advise the Controller on the costs to implement such additional or amended Technical and Organizational Measures. Once the Controller has confirmed to bear such costs, the Processor will implement such additional or amended Technical and Organizational Measures to assist the Controller to respond to Data Subject's requests.
- (f) make available to the Controller all information necessary to demonstrate compliance with the obligations laid down in this DPA and in Article 28 GDPR and allow for and contribute to audits, including inspections conducted by the Controller or another auditor mandated by Controller. The Controller is aware that any in-person on-site audits may significantly disturb the Processor's business operations and may entail high expenditure in terms of cost and time. Hence, the Controller may only carry out an in-person on-site audit if the Controller reimburses the Processor for any costs and expenditures incurred by the Processor due to the business operation disturbance. Each requested audit shall meet the following requirements:
 - (i) no more than one audit per calendar year shall be requested or conducted and upon no less than 90 days' notice to the Processor;
 - (ii) shall be conducted by an internationally recognized independent auditing firm reasonably acceptable to Processor;

- (iii) take place during Processor's regular business hours, pursuant to a mutually agreed upon scope of audit;
- (iv) the duration of the audit must be reasonable and in any event shall not exceed two business days;
- (v) no access shall be given to the data of other customers; audits will not be permitted if they interfere with Processor's ability to provide the Services to any customers;
- (vi) audits shall be subject to any confidentiality or other contractual obligations of Processor or Wolters Kluwer's group (including any confidentiality obligations to other customers, vendors or other third parties);
- (vii) any non-affiliated third parties participating in the audit shall execute a confidentiality agreement reasonably acceptable to Processor;
- (viii) all costs and expenses of any audit shall be borne by Controller; and
- (ix) any audit of a facility will be conducted as an escorted and structured walkthrough and shall be subject to Processor's security policies.

(g) notify the Controller without undue delay:

- (i) about any legally binding request for disclosure of the Personal Data by a law enforcement authority unless otherwise prohibited, such as a prohibition under the law to preserve the confidentiality of a law enforcement investigation;
- (ii) about any complaints and requests received directly from the Data Subjects (e.g., regarding access, rectification, erasure, restriction of processing, data portability, objection to processing of data, automated decision-making) without responding to that request, unless it has been otherwise authorized to do so;
- (iii) if the Processor is required pursuant to EU or Member State law to which the Processor is subject to process the Personal Data beyond the instructions from the Controller, before carrying out such processing beyond the instruction, unless that EU or Member State law prohibits such information on important grounds of public interest; such notification shall specify the legal requirement under such EU or Member State law;
- (iv) if, in the Processor's opinion, an instruction infringes the Applicable Data Protection Law; upon providing such notification, the Processor shall not be obliged to follow the instruction, unless and until the Controller has confirmed or changed it; and
- (v) after the Processor becomes aware of a Personal Data Breach at the Processor. In case of such a Personal Data Breach, taking into account the nature of the processing and information available to the Processor, upon the Controller's written request, the Processor will use commercially reasonable efforts to assist the Controller with the Controller's obligation under Applicable Data Protection Law to inform the affected Data Subjects and the Supervisory Authorities, as applicable, and to document the Personal Data Breach.

(h) assist the Controller, to the extent Controller does not otherwise have access to the relevant information, and to the extent such information is available to Processor, with any Data Protection Impact Assessment as required by Article 35 GDPR that relates to the Services provided by the

Processor to the Controller and the Personal Data processed by the Processor on behalf of the Controller.

- (i) deal with all enquiries from the Controller relating to its Processing of the Personal Data subject to the processing (e.g., to enable the Controller to respond to complaints or requests from Data Subjects in a timely manner) and abide by the advice of the Supervisory Authority with regard to the Processing of the Personal Data transferred.
- (j) that, to the extent that the Processor is required and requested to correct, erase and/or block Personal Data processed under this DPA, the Processor will do so without undue delay. If and to the extent that Personal Data cannot be erased due to statutory retention requirements, the Processor shall, in lieu of erasing the relevant Personal Data, be obliged to restrict the further Processing and/or use of Personal Data, or remove the associated identity from the Personal Data (hereinafter referred to as "blocking"). If the Processor is subject to such a blocking obligation, the Processor shall erase the relevant Personal Data before or on the last day of the calendar year during which the retention term ends.

5. Sub-processing

- (a) The Controller hereby authorizes the appointment and use of Sub-processor(s) engaged by the Processor for the provision of the Services. The Controller approves the Sub-processor(s) set out in Annex 5.
- (b) The Controller acknowledges and agrees that (i) Wolters Kluwer group may be retained as Sub-processors; and (ii) the Processor and Wolters Kluwer group respectively may engage third-party Sub-processors (and permit each Sub-Processor appointed under this clause 5 to appoint sub-processors) in connection with the provision of the Services.

In case the Processor intends to engage new or additional Sub-processors, the Controller hereby provides general written authorization for the Processor to do so, provided that the Processor shall inform the Controller of any intended changes concerning the addition or replacement of any Sub-processor ("Sub-processor Notice") such notice to be provided at <https://www.wolterskluwer.com/en-gb/solutions/software-tax-accounting/terms-conditions> ("Sub-processor List Website"). The Controller is responsible for visiting the Sub-processor List Website from time to time. If the Controller has a reasonable basis to object to the use of any such new or additional Sub-processor, the Controller shall notify the Processor promptly in writing within 14 days after receipt of the Sub-processor Notice. In the event the Controller objects to a new or additional Sub-processor, and that objection is not unreasonable, the Processor will use reasonable efforts to make available to the Controller a change in the Services or recommend a commercially reasonable change to the Controller's configuration or use of the Services to avoid Processing of Personal Data by the objected-to new or additional Sub-processor without unreasonably burdening the Controller. If the Processor is unable to make available such change within a reasonable period of time, which shall not exceed ninety (90) days, the Controller may terminate (notwithstanding any contrary provision in the Services Agreement and without liability to the Controller) the affected part of the Services Agreement with respect only to those Services which cannot be provided by the Processor without the use of the objected-to new or additional Sub-processor by providing written notice to the Processor.

- (c) The Processor and/or Wolters Kluwer group shall impose the same data protection obligations as set out in this DPA on any Sub-processor by contract. The contract between the Processor and the Sub-processor shall in particular provide sufficient guarantees to implement the Technical and Organizational Security Measures as specified in Annex 4, to the extent such Technical and Organizational Security Measures are relevant for the services provided by the Sub-processor. The Controller agrees that in respect of transfers of Personal Data under this DPA from the UK, EU, the

European Economic Area ("EEA") and/or their Member States to Third Countries, to the extent such transfers are subject to the Applicable Data Protection Law, the Processor shall secure the transfer under the terms of:

- (i) the Standard Contractual Clauses for the Transfer of Personal Data to Processors Established in Third Countries pursuant to Decision 2010/87/EU ("Model Clauses");
- (ii) where GDPR applies, the standard contractual clauses annexed to the European Commission's Implementing Decision 2021/914 of 4 June 2021 on standard contractual clauses for the transfer of personal data to third countries pursuant to Regulation (EU) 2016/679 of the European Parliament and of the Council ("EU SCCs");
- (iii) where the UK GDPR applies, the applicable standard data protection clauses adopted pursuant to Article 46(2)(c) or (d) of the UK GDPR ("UK SCCs"); and/or
- (iv) such other mechanism approved by the European Commission and/or the ICO as valid from time to time.

(d) The Processor and/or Wolters Kluwer group shall choose the Sub-processor(s) diligently.

(e) The Processor shall remain liable to the Controller for the performance of the Sub-processor's obligations, should the Sub-processor fail to fulfil its obligations. However, the Processor shall not be liable for damages and claims that ensue from the Controller's instructions to Sub-processors.

(f) The provisions of this clause 5 shall not apply to the extent Controller instructs the Processor to allow a third party to Process Controller's Personal Data pursuant to a contract that Controller has directly with the third party.

6. Limitation of liability

The liability of the Processor and/or its Affiliates, taken together in the aggregate, arising out of or related to this DPA, and all DPAs between Authorized Affiliates and the Processor, whether in contract, tort or under any other theory of liability shall be exclusively governed by, the liability provisions set forth in, or otherwise applicable to, the relevant Agreement applicable to the Services. Therefore, and for the purpose of calculating liability caps and/or determining the application of other limitations on liability, any liability occurring under this DPA shall be deemed to occur under the relevant Agreement and be subject to the 'Limitation of Liability' section of the Agreement.

7. Duration and termination

(a) The terms of this DPA supplement the terms of each Agreement. The term of this DPA shall automatically expire upon the termination of the last Agreement. Save as otherwise agreed herein, termination rights and requirements shall be the same as set forth in the relevant Agreement.

(b) The Processor shall by the later of: (i) 90 days after the end of the provision of Services involving the processing of Personal Data; (ii) termination of the relevant Agreement; and (iii) expiration of the time period for which Personal Data is maintained pursuant to applicable disaster recovery practices for the Services, to the extent reasonably practicable, delete and procure the deletion of all copies of Personal Data processed by the Processor unless EU or Member State law requires the Processor to retain such Personal Data.

8. Miscellaneous

(a) The Processor may modify or supplement this DPA, with reasonable notice to Customer: (i) if required to do so by a Supervisory Authority or other government or regulatory entity; (ii) if necessary to comply with applicable law; (iii) to implement new or updated Model Clauses approved

by the European Commission or the applicable Supervisory Authority; or (iv) to adhere to an approved code of conduct or certification mechanism approved or certified pursuant to Articles 40, 42 and 43 GDPR (or UK GDPR).

- (b) In the event of inconsistencies between the provisions of this DPA and any other agreements between the Parties, the provisions of this DPA shall prevail with regard to the Parties' data protection obligations. In case of doubt as to whether clauses in such other agreements relate to the Parties' data protection obligations, this DPA shall prevail.
- (c) Should any provision of this DPA be invalid or unenforceable, then the remainder of this DPA shall remain valid and in force. The invalid or unenforceable provision shall be either (i) amended as necessary to ensure its validity and enforceability, while preserving the Parties' intentions as closely as possible or - should this not be possible - (ii) construed in a manner as if the invalid or unenforceable part had never been contained therein. The foregoing shall also apply if this DPA contains any omission.
- (d) This DPA and the documents referred to in it including the Agreement(s) constitute the entire understanding and agreement of the parties in relation to the processing of the Personal Data and supersede all prior agreements, discussions, negotiations, arrangements and understandings of the parties and/or their representatives in relation to such processing. Nothing in this DPA shall exclude or limit either party's liability for fraudulent misrepresentation.
- (e) This Agreement may be executed in any number of counterparts, each of which when executed shall constitute a duplicate original, but all the counterparts shall together constitute the one agreement. Transmission of the executed signature page of a counterpart of this Agreement by email (in PDF, JPEG or other agreed format) shall take effect as delivery of an executed counterpart of this Agreement. No counterpart shall be effective until each party has executed at least one counterpart.
- (f) This DPA shall be governed by English Law except to the extent that mandatory Applicable Data Protection Law applies.
- (g) This DPA has been pre-signed by the Processor and shall only become legally binding upon the receipt by the Processor of a fully executed version, Customer having executed a copy of it and returned it to the Processor at data-administration@wolterskluwer.co.uk
- (h) Each Party warrants it has full capacity and authority to enter into and perform its obligations under this DPA.

IN WITNESS whereof the duly authorised representatives of each party have executed this Agreement as at the Effective Date
