

CASH Workflow

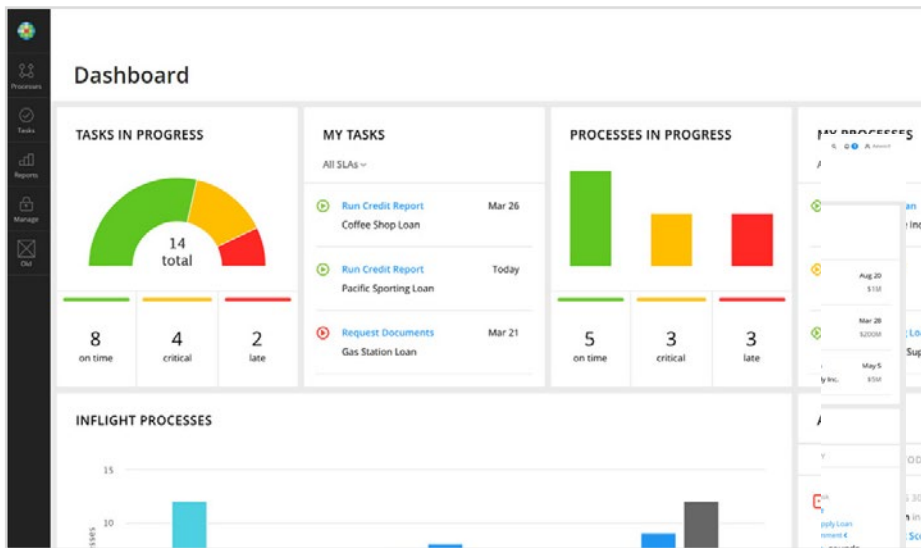

You are under growing pressure to grow profitability while reducing operational risk in an increasingly competitive environment. Implementing the right workflow solution can meet those challenges.

CASH Workflow is an end-to-end workflow solution built with intuitive design that gives you clarity around your lending process, makes your processing more efficient, and provides instant visibility into current loan status and complete work history.

Remain competitive in today's commercial lending market by optimizing your loan processes.

With CASH Workflow you can:

- Achieve complete automation of your workflow—end-to-end
- Eliminate re-entry of data into various systems or files
- Eliminate manual tracking of loans through the lending process

Common challenges

- Do you have a standardized, documented loan process so you can measure performance and outcomes?
- Do you have full visibility into the loan process to provide status updates to management or clients?
- Can you identify bottlenecks in your process that may be slowing your pipeline?

CASH Workflow is part of CASH Suite™, a powerful commercial lending software solution that helps business lenders increase profits and grow top-line revenue by achieving straight-through processing across every step of the commercial loan lifecycle. CASH Suite drives increased efficiencies and greater accuracy while reducing operational risk and enhancing profitability.

CASH Workflow gives you instant visibility and control into your commercial lending process. Watch this short video to learn more about how CASH Workflow's functionality can help you manage your commercial lending process.
