# More Expertise, More Confidence
VisualDx® for Primary Care

VisualDx is medicine's fastest second opinion. Get specialty-level knowledge right at the point of care. We empower doctors with a knowledge base across general medicine, including GI, cardiology, dermatology, infectious disease, emergency medicine, and more.

We make it easier to accurately diagnose even the most complex of cases. VisualDx also allows sharing diagnoses with patients. Actually seeing the images that support the diagnosis inspires confidence and increases satisfaction.

The Value of VisualDx for Primary Care:

- Access specialty-level expertise.
- Recognize disease variants.
- Informed, accurate, and fast decision-making.
- Identify drug adverse events.
- Enhance patient education.

VisualDX Quick Facts:

- In a random, blind study, VisualDx improved diagnostic accuracy **more than 120%.**
- **97%** of physicians believe using VisualDx improved patient care.
- Clinicians **save up to 26 minutes** per day when using VisualDx.
- **Over 3,000 Diagnoses**.
- **41,000+ Images** of disease or clinical guidance on therapy, management, pitfalls, and more.

VisualDx is a useful and powerful tool - a must have software for all general practitioners. It gives me the information I need at the point of care to avoid misdiagnosis and avoid unnecessary tests and prescriptions.

By simply entering the patients findings, I can quickly see what other symptoms to look for, what questions to ask, and then the software guides me to a differential diagnosis right in front of the patient.
