

Premium E-Journals from Wiley-Blackwell

Quick, easy access to over 450 scholarly journals spanning a wide array of medical and nursing specialty areas

- Offer users seamless access to premium full text from the world's leading society publisher
- Quickly expand your institution's e-journal portfolio
- Access articles on Ovid in advance of journal release with Published Ahead-of-Print (PAP)
- Choose any titles you want and receive site-license access
- Find information fast with Ovid's powerful search functionality and flexible, time-saving workflow tools
- Download MARC records for any journal for your OPAC

Healthcare professionals need to stay abreast of the latest trends, theories, and information. That's why content currency is so important. With Ovid®, physicians, nurses, faculty, and students now have a single, completely integrated source for all current Wiley-Blackwell medical and nursing journal content, including clinical and research titles.

The world's leading society publisher, Wiley-Blackwell partners with more than 600 academic and professional societies all over the world. Available via Journals@Ovid on Ovid, our leading precision search and discovery platform, Wiley-Blackwell journals are fully integrated with your institution's other electronic holdings. With Ovid's flexible and robust search, browse, and integration functionality, users will have a productive, efficient research experience.

Did You Know?

- Journals@Ovid focuses on content currency, so you'll have the most up-to-date issues
- No Wiley-Blackwell journals on Ovid are under any embargoes
- Over 90% of these Wiley-Blackwell journals have ISI Impact Factors; close to 10% are in the top 5 of their respective categories and roughly 25% are in the top 20!*
- Ovid's Basic Search is powered by natural language processing, which generates relevance-ranked results
- eTOCs and AutoAlerts keep users up-to-date on the latest research
- You can instantly link from a bibliographic record to a journal
- Tables of contents for all the approximately 1,400 journals in Journals@Ovid are viewable

Over 450 medical and nursing journals in everything from pediatrics and obstetrics to genetics and gastroenterology, including the following key titles:
