## Reduce risks with a document generation platform that connects to your loan origination system (LOS) of choice.

Compliant mortgage documents are crucial to secure transactions and client satisfaction — Wolters Kluwer IdsDoc provides compliant documents throughout the entire process. The platform fits seamlessly within most major loan origination systems (LOS) to automate tasks, and comes with configurable tools including templates to further streamline data entry and built-in audits for compliance certainty.

Put time-consuming manual processes in the past. Increase efficiency with a solution backed by proven compliance experts who continually evaluate, update, and warranty our document library. Wolters Kluwer IdsDoc provides a smoother lending process and supports the creation of FNMA/FHLMC documents when selling on the secondary market. Plus, you can add on tools that enable HMDA filings, OFAC verification, and more.

### Automation: The time is now

You require practical solutions that reduce manual data entry, ensure compliant documents, and provide instant auditability — Wolters IdsDoc is the answer.

### Customize and combine tools to keep lending operations in sync

Integrate Wolters Kluwer IdsDoc into your LOS with ease. Combine it with trusted solutions like ClosingCenter, and HMDA Wiz® to simplify your lending. The open, scalable ClosingCenter platform delivers exceptional document management, signature execution, and automatic vaulting. Couple it with Wolters Kluwer IdsDoc and your LOS to modernize operations and expand your secondary market and HELOC businesses. HMDA Wiz reduces time and stress by providing data importing, data scrubbing and analysis, and reporting automation for annual reporting submissions.
