Congress of Neurological Surgeons (CNS) Journals on Ovid®

The College of Neurological Surgeons (CNS), founded in 1951, is the leading professional organization dedicated to advancing neurosurgery through education and innovation, to inspire and facilitate scientific discovery and its translation to clinical practice.

As of 2022, the Congress of Neurological Surgeons journals are published by Lippincott®. A subscription to the college's flagship journal, *Neurosurgery*, the leading journal in the field, gives institutions access to the entire journal suite. And Ovid's sophisticated and precision searching, plus intuitive navigation, means any user can find the research, data, and clinical information they need quickly.

CNS Journals Published by Lippincott and Available on the Ovid platform!
Why CNS Journals on Ovid?

- **Get easy access to the latest clinical advancements, operative techniques and innovations, and research contributions from the most respected figures in the field**

- **Access all of the CNS journals on Ovid through a subscription to *Neurosurgery***

- **Support surgeons, nurses, residents, students, faculty, and others working or interested neurosurgery**

- **Instantly fill gaps in your electronic content collection in neurosurgery**

- **Promote the visibility and value of your e-resource library**

Key Features

- Gathers together innovative and fundamental information and guidance on neurosurgery practice, research, and education

- Coverage spans operative techniques, experimental procedures, instrumentation and technology news, clinical research and application, conference excerpts and proceedings, and more

- All CNS journals can be searched simultaneously with just a single search query—searchable with other Ovid content, too

- Precise, natural-language searching for quick information discovery

- Time-saving workflow tools such as inline abstracts, search results sorting and annotations, and more

- The CNS journals are available in other unique and bestselling Ovid collections, including the Total Access Collection, High Impact Collection, LWW Premier Collection, and LWW Neurology Collection

Congress of Neurological Surgeons (CNS) Journals on Ovid®

CNS Journals on Ovid®

Neurosurgery®
*Impact Factor: 4.654
Ranked 30 out of 212 in Surgery, 56 out of 208 in Clinical Neurology
Publishes a wealth of information on the latest developments in science, technology, and medicine from the field's most respected authorities. Features case reports, lab reports, instrumentation techniques, articles on the socio-economic aspects of surgery, and more.

Operative Neurosurgery
*Impact Factor: 2.703
Ranked 92 out of 212 in Surgery, 136 out of 208 in Clinical Neurology
Essential, cutting-edge, and practical information, research, and news on operative practice featuring operative procedures, anatomy, instrumentation, devices, and technology.

Neurosurgery Open
This fully open-access publication presents scientific papers dealing with clinical neurosurgery and experimental neurosurgery, including case series, case reports, and other information of interest to neurosurgeons.

Clinical Neurosurgery
The official register of the CNS Annual Meeting published annually as a supplement to *Neurosurgery* is the record of the previous year's Honored Guest lectures and Presidential Address alongside a preview of the coming year's abstracts.
