LWW High Impact Collection

You need a simple, cost-effective way to expand your electronic journal holdings. The LWW High Impact Collection, an Ovid® exclusive, gives your users quick, easy access to a diverse package of high-quality, full-text resources. Leading, expert editorial boards and a focus on content currency are hallmarks of the collection.

The LWW High Impact Collection is fully integrated with your institution’s other electronic holdings and with Ovid’s flexible and robust search, browse, and integration functionality, users will have a productive, efficient research experience.

Did You Know?

- Many journals are “official” titles of prestigious societies and associations
- Full Text coverage for the current LWW High Impact Collection product starts from 2015 onwards
- No journals in the collection are under any embargoes
- Tables of contents are viewable for all of the journals in Journals@Ovid
- Ovid’s Basic Search is powered by natural language processing, which generates relevanceranked results
- eTOCs and AutoAlerts keep users up-to-date on the latest research
- Ovid’s work productivity tools, including My Projects and the Ovid Toolbar, improve your research efficiency and let you work the way you want
- Dual access to the Full Text on the Ovid platform as well as on the Publisher website to ensure your users can not only access the full text on Ovid, but also when they click on the publisher or DOI link.
- Search all Ovid Resources—books, journals, and databases simultaneously with just one query
See below for a complete list of our premier titles

- Anesthesiology®
  Impact Factor: 7.892, 3/31 (Anesthesiology)
The official journal of American Society of Anesthesiologists is committed to publishing and disseminating the highest quality work to inform daily clinical practice and transform the practice of medicine in our specialty.

- Annals of Surgery
  Impact Factor: 12.969, 2/200 (Surgery)
This is the world’s most highly referenced surgery journal, providing the international medical community with information on significant contributions to the advancement of surgical science and practice.

- Circulation
  Impact Factor: 29.69, 2/65 (Peripheral Vascular Disease), 3/128 (Cardiac & Cardiovascular Systems)
This journal publishes the most authoritative articles and details the implications for application in your daily practice to improve patient outcomes.

- Journal of Bone & Joint Surgery
  Impact Factor: 5.284, 5/77 (Orthopedics), 20/200 (Surgery)
For 126 years, this journal has been the gold-standard in peer-reviewed scientific research in the worldwide field of orthopaedics. Essential reading for general as well as specialist orthopaedic surgeons worldwide, the journal publishes evidence-based research to enhance the quality of care for orthopaedic patients.

- Neurology®
  Impact Factor: 9.91, 12/197 (Clinical Neurology)
The official journal of the American Academy of Neurology features best practices, evidence-based research, and articles on topics that directly affect practicing neurologists.

- Obstetrics & Gynecology
  Impact Factor: 7.661, 3/82 (Obstetrics & Gynecology)
Popularly known as “The Green Journal,” Obstetrics & Gynecology has been published since 1953; the goal of the journal is to promote excellence in the clinical practice of obstetrics and gynecology and closely related fields.

- PAIN®
The official journal of the International Association for the Study of Pain features original research on the nature, mechanisms, and treatment of pain.

- Plastic & Reconstructive Surgery®
  Impact Factor: 4.73, 29/200 (Surgery)
For more than 60 years Plastic and Reconstructive Surgery®, as the official journal of the American Society of Plastic Surgeons®, has been the one consistently excellent reference for every specialist who uses plastic surgery techniques or works in conjunction with a plastic surgeon.

- Journal of Cataract and Refractive Surgery
  Impact Factor: 3.351, 18/63 (Ophthalmology), 66/212 (Surgery)
JCRS is a preeminent peer-reviewed monthly ophthalmology journal that publishes high-quality articles on all aspects of anterior segment surgery.
