ELM Solutions

TyMetrix® 360°

E-billing and legal matter management solution that is easy to use, simple to learn, and ready-built for the way you work

TyMetrix® 360° is a SaaS-based e-billing and legal matter management software solution that allows you to manage all your matters and legal invoices in one place. Incredibly intuitive and simple to learn, the solution delivers essential features and ready-built functionality to help your legal staff manage matters with ease, streamline daily activities, and improve the management of outside counsel billing costs. Easy-to-use reporting gives your team visibility into every aspect of your department's performance. And, as a SaaS solution, TyMetrix 360° offers corporate legal and insurance claims departments the added benefits of ease of installation and maintenance plus a lower total cost of ownership (TCO).
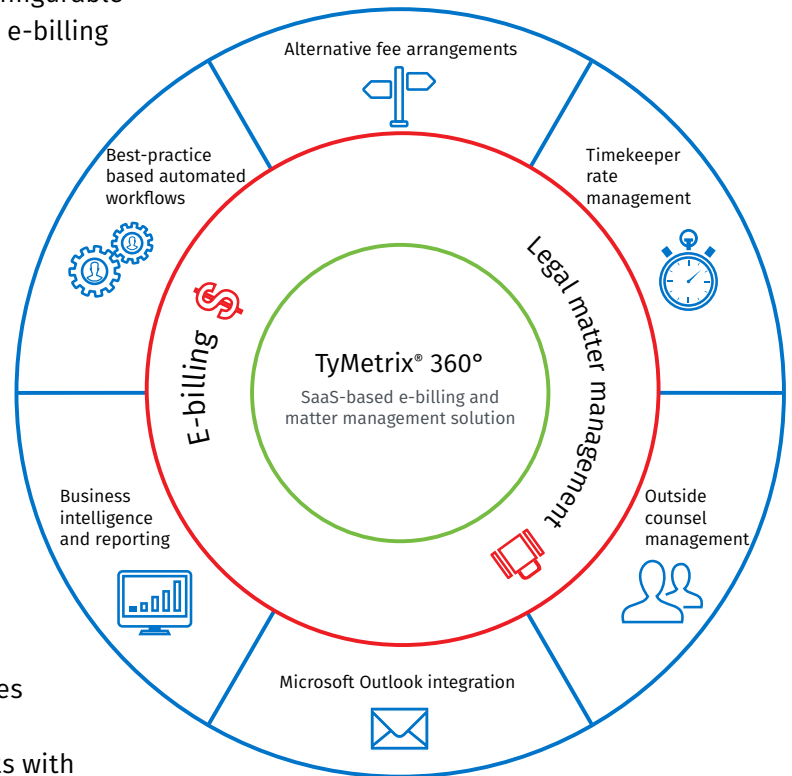

Key benefits

Simplify and streamline managing legal matters
- Offers a wide range of functionality, a menu of client-configurable features, and built-in best practice-based workflows for e-billing and matter management
- Easily access and track all matter-related information, tasks, reminders, documents, and reports in one single and centralized spot
- Conveniently manage key matters directly through Microsoft® Outlook®
- Streamline your invoice review process and automatically enforce compliance with outside counsel guidelines, alternative fee arrangements, and negotiated discounts
- Quickly and securely review and approve invoices anywhere using the TyMetrix 360° mobile app

Improve decision-making with clear visibility and insight into legal spend
- Improve the transparency and predictability of legal spend, resource usage, staffing, and budgets
- Real-time reporting and business intelligence capabilities that deliver powerful insights and analysis
- Easily run recurring, scheduled, and event-driven reports with pre-configured report templates

Alternative fee arrangements

Best-practice based automated workflows

Timekeeper rate management

E-billing

Legal matter management

SaaS-based e-billing and matter management solution

Business intelligence and reporting

Outside counsel management

Microsoft Outlook integration

Wolters Kluwer

Strengthen collaboration with internal business partners and outside counsel
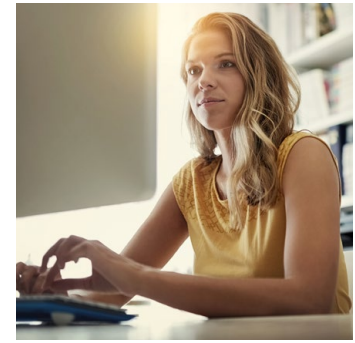

- Securely collaborate with outside counsel and other legal service providers on matters, budgets, timekeepers, diaries, notes, calendars, and documents
- Easily share knowledge and track all information associated with a large matter portfolio in a secure and consolidated place

Reduce system support costs and drive down TCO

- Implementation, maintenance, hosting, and security are all managed by our company, which virtually eliminates client-side IT efforts.
- Easily expand the solution's capabilities with a library of application modules designed to meet specific or emerging business needs
- Access to new releases and upgrades in real time, without installing new software
- SaaS delivery means that the solution is deployed, supported, and upgraded easily and economically.
- Flexible, self-serve administration capabilities provide configuration options for staff and reduce reliance on internal IT support.

Key features

- Configurable screens, fields, rules, reporting, and workflows
- Role-based displays and desktop controls
- Ability to manage matters directly from Outlook
- Wizards for common tasks, like matter creation and outside counsel assignment
- Workflows to automate tasks and business processes
- Automated enforcement of outside counsel guidelines, AFAs, and discounts
- Automatic alerts, reminders, and notifications
- Dynamic reporting capabilities and available library of best practice-based management reports
- Powerful keyword and filter-based search functionality
- Flexible invoice submission methods and full-service e-billing support for legal service providers
- Secure collaboration on matters, budgets, timekeepers, diaries, notes, calendars, and documents
- Multi-currency and VAT support

Easy-to-use reporting gives your team visibility into every aspect of your department's performance.
