

# Nursing on Ovid

As nurses' information needs develop with their growing role in modern healthcare, access to the right full-text material is increasingly vital to their work and career development. Ovid® offers the single greatest collection of current journals, books, and databases for practice, education, and research.

Resources span all traditional leading publishers, ensuring your team stays current with continuing education resources, clinical and patient education materials, and the latest approaches to evidence-based care.

*Over 1,000 Electronic Journals, Books, and Databases Across the Full Range of Nursing Specialties*

- Provide users with one-click access to the industry's leading nursing content: more than 100 journals, over 900 books, and key bibliographic tools.
- Offer users high-quality, authoritative resources from American Nurses Association, Elsevier, Jannetti, The Joanna Briggs Institute, Lippincott-Wolters Kluwer, MIDIRS, Oxford University Press, Royal College of Nursing, Sage, Springer Publishing, Wiley, and other prestigious publishers.
- Search journals, books, and databases simultaneously in Ovid.
- Find precise information quickly using Ovid's natural language processing for quick, relevance-ranked results.
- Take advantage of time-saving workflow tools like inline abstracts and journal eTOCS delivered via RSS.
- Download MARC Records for every journal or book.

## Why Nursing on Ovid?

- Uncover full-text and bibliographic resources in evidence-based nursing, nursing administration, psychiatric nursing, and more.
- The Ovid Nursing Database now indexes over 960 journals and periodicals from across the world, helping you discover the right resource for research or education.
- Of the over 900 nursing-related books on Ovid, 16 have been designated Doody's Essential titles, over 100 are Doody's Core Titles, and over 320 books have received a Doody's Review.

## Nursing on Ovid

### Core Journals, Books, and Databases

The following resources are a must for any institution. For a complete list of journals, books, and databases in Nursing available on Ovid, visit [www.ovid.com](http://www.ovid.com).

#### Journals

**AJN: American Journal of Nursing**, Lippincott-Wolters Kluwer

**Impact Factor 1.605, 21/114 (Nursing)\***

The *American Journal of Nursing* is the oldest and most honored broad-based nursing journal in the world. Peer reviewed and evidence-based, it is considered the profession's premier journal.

**American Journal of Critical Care**, American Association of Critical Care Nurses

**Impact Factor 2.053, 21/33 (Critical Care Medicine), 7/116 (Nursing)\***

This is the premier source for clinically-relevant, evidence-based information for critical care practice.

**Nursing Research**, Lippincott-Wolters Kluwer

**Impact Factor 1.856, 11/114 (Nursing)\***

The official journal of the Eastern Nursing Research Society and the Western Institute of Nursing, *Nursing Research* is the most sought-after nursing resource—offering more depth, more detail, and more of what today's nurses demand.

**Oncology Nursing Forum**, Oncology Nursing Society

**Impact Factor: 2.708, 119/213 (Oncology), 2/114 (Nursing)\***

The journal conveys timely, relevant information related to practice, technology, education, research, and leadership and promotes a positive image of oncology nursing.

#### Books

**Fundamentals of Nursing Made Incredibly Easy!**

Lippincott-Wolters Kluwer

Enjoy the light-hearted, real-life examples and simple definitions of this popular book, packed with easy-to-follow instructions. You'll quickly grasp the basics of nursing science and on-the-job skills and gain the confidence you need to succeed.

**Evidence-Based Nursing: The Research-Practice Connection**,

Jones and Bartlett Publishers, LLC

This key resource was designed to teach nursing students how to engage in evidence-based practice (EBP) by providing basic knowledge regarding research methodology and critical appraisal.

**Wound, Ostomy and Continence Nurses Society® Core Curriculum:**

**Ostomy Management**, Lippincott-Wolters Kluwer

**Doody's Star Rating®: 3 stars, score: 89**

This volume in the new Core Curriculum series from the WOCN® Society covers Ostomy Management. It is the crucial text for nurses practicing or studying ostomy patient care and it offers pathology and physiology basics in easy-to-grasp terms, while providing expert guidance on patient management.

**Restorative Care Nursing for Older Adults: A Guide For All Care Settings**,

Springer Publishing

**Doody's Star Rating®: 4 stars, score: 95; Doody's Core Titles: 2.8 - Long Term Care; Essential Purchase Title**

This reference assists formal and informal caregivers and administrators at all levels to assimilate the philosophy of restorative care and be able to develop and implement successful restorative care programs.

#### Award-winning Support and Consultative Services

- Ovid®'s award-winning support teams help implement tools into your library for the most optimized deployment, promotion, training, configuration, and customization.
- 24/7 support is available in over 20 different languages.

The global Customer Engagement team has attained best-in-class recognition through Omega Management Group's NorthFace ScoreBoard Award™ for superior customer satisfaction scores for the last five years running.

#### Databases

**The Joanna Briggs Institute EBP Resources, Joanna Briggs Institute**

Evidence-based content and tools, including systematic reviews, evidence summaries, point-of-care tools, quality improvement tools, and much more from The Joanna Briggs Institute (JBI)—one of the world's leading evidence-based practice (EBP) organizations

**Maternity and Infant Care, MIDIRS**

Contains over 225,000 references with abstracts to journal articles from over 400 international English-language journals, books, and grey literature relating to the midwifery profession, pregnancy, labor, birth, postnatal care, neonatal care, and the first year of an infant's life—approximately 1,000 new records are added to the database each month

**Ovid® Emcare**

The new standard in premium nursing and allied health databases, produced in partnership with Elsevier and providing users access to over 5 million records across over 3,700 trusted scholarly, peer-reviewed, and indexed journals—helps staff, students, and researchers perform key tasks more efficiently

**Ovid Nursing Database,**

Ovid, Lippincott-Wolters Kluwer, National Library of Medicine Ovid's own bibliographic tool, designed around the way that nurses need to find information in everyday practice, research, and education
