

Top U.S. Hospitals choose UpToDate as their trusted clinical decision support technology

Hospitals work hard each day to deliver excellent patient care. Being among the best requires consistent access to trusted resources that help clinicians make the best care decisions possible. That's why top hospitals across the country have long turned to UpToDate® as a trusted solution to help clinicians deliver high quality care.

The best hospitals in the U.S. have something in common:

They provide their clinicians with UpToDate to help them answer questions at the point of care.

90% of the top hospitals listed on the U.S. News Best Hospitals list for 2024-2025 trust UpToDate for point-of-care clinical decision support.¹

88% of Healthgrades America's 50 Best Hospitals™ for 2025 turn to UpToDate to provide their clinicians with evidence-based clinical decision support at the point of care.²

88% of the 75 hospitals selected to the Best Hospitals 2025 ranking by Money rely on **UpToDate** to help their clinicians make the best possible decisions.³

84% of the 134 U.S. hospitals selected for the 2024 Top Hospitals Award by the Leapfrog Group use **UpToDate** to support better patient outcomes and more satisfied clinicians.⁴
