

Health Library

Board Review Series

Why Health Library?

Designed to support foundational learning and clinical practice, the Health Library online platform delivers high-quality medical and health science resources and tools through a single portal, empowering learners and instructors alike. Each Health Library collection features trusted interactive content that enhances teaching, streamlines learning, and improves outcomes across every stage of a learning journey.

Health Library: Board Review Series covers material in the primary basic sciences — such as gross anatomy, embryology, neuroscience, and more — that are addressed on Board exams as well as course exams. Textbooks and self-assessments are geared specifically to test-prep success.

Key Features of Health Library:

- **Account personalization:** Build a unique Health Library experience by saving and organizing content with My Favorites
- **Practice questions:** Create custom quizzes organized by topic, keep track of responses, and link to relevant content to help with remediation
- **Advanced semantic search:** View results displayed by title, chapter, topic, and type of resource
- **Responsive design:** Browse content on your computer, tablet, or smartphone with ease
- **Self-directed learning:** Simple, intuitive navigation and individualized self-assessments give students, residents, fellows, trainees, and new clinicians control over their progress and motivation to learn
- **Multimedia ancillary content:** Access videos, images, Q&A, case studies, and more
