A CPM Platform Built for the Future

Complete the financial close, consolidation, planning, regulatory reporting — but in a fraction of the time. By pairing our market leading CPM platform with SAP HANA's in-memory technology, you get the ultimate in data processing performance. Our pre-built connector seamlessly integrates with S/4 HANA databases for maximize system uptime. Not only does this perfect combination supercharge your ability to get things done, but our finance-owned, cloud-based approach puts the power of agility in your hands.

Extend your SAP investment. Harness the power of granular data. Lay a foundation for AI. Get prepared for the future — whatever it holds — with CCH Tagetik for SAP HANA.

Get S/4HANA and SAP HANA® ready

Speed up CPM processing

Expedite the close, consolidation, planning, reporting, disclosure, and analytics by combining our best-in-class CPM tech with SAP HANA's in-memory, high speed processing. Our pre-built S/4HANA Connector gets you up and running on the platform — fast.

A foundation for the future

Prepare for future tech. Our platform's extensible, high performance, and big data handling lays the foundation for you to adopt leading-edge functionality. We prep your data you can elevate financial processes with AI and machine learning when you're ready.

Accelerate in-depth analytics and insights

Access key insights faster. CCH Tagetik gives you the power to simulate, analyze, and transform granular data across your business. With SAP HANA, it's just that much faster.

Satisfy IT and finance requirements

Put finance in the driver's seat. Our finance-forward solution empowers finance to own and manage analytical models — without IT intervention. It's intuitive to use, easy to configure, and adapts to even the most complex business models.

Lower TCO and maximize ROI

Extend your existing SAP investment. Cut the cost and frustration of integration with our S/4 HANA Connector. For all other source systems, CCH Tagetik provides the same seamless integration via APIs and our ETL.

Improve decision-making

Understand the entire chain of impact before you make decisions. Whether it's a capital purchase, a new market, a new product, pricing, a promotion, or opening a warehouse, play out what-if scenarios to plan with the best outcome in mind.

“CCH Tagetik was founded on the concept of having one unified system for all the applications and processes in CPM. That is matched by the total unification technology of SAP HANA, where you run everything in one place – and we’re leveraging those similar approaches to deliver more information faster to finance and drive digital transformation.”

Bani Brandolini
CCH Tagetik
