

Healthcare Specialty Journal Collections

8 collections of peer-reviewed titles focused on Cardiology, Dermatology, Neurology, Oncology, Ophthalmology, Pediatrics, Psychiatry, and Surgery

- Choose from 8 collections, each focused on a specific medical or healthcare specialty
- Quickly and easily build your institution's eJournals portfolio with premium titles from the world's leading scientific publishers, including Lippincott Williams & Wilkins, Oxford University Press, the American Medical Association, and more
- Find articles quickly with OvidSP's powerful journal browse and search functionality, as well as flexible, time-saving results management and refinement tools
- Take advantage of cost-effective collection pricing
- Keep up on the latest research with automatic delivery of electronic tables of contents via email alert or RSS feed
- Search journals simultaneously with book and bibliographic resources
- Use natural language processing to generate relevance-ranked results

You need a simple, cost-effective way to expand your electronic journal holdings. Choosing the right set of titles is tough. Ovid®'s 8 subject-focused collections have been pre-selected for you! Each collection includes highly regarded, peer-reviewed journals in a particular discipline and published by the world's leading healthcare and medical publishers.

No journals in these collections are under any embargoes so you always have the most current articles and information. Plus you can view the tables of contents of all of journals—more than 1,400 titles—on Ovid.

The 8 Subject Journal Collections Include:
