
LEAD THE CHANGE

CCH® Tagetik Regional inTouch Events

FOREWORD

Are you ready for this?

Lead The Change. Three simple words that are easy to say, but very difficult to actually do. Even harder to do well.

Change is everywhere. From shifting expectations on the Office of Finance to evolving regulatory requirements, change is relentless. Throw in today's economic conditions and technology landscape, not to mention stakeholder and customer expectations, and it's clear that business tomorrow will be full of new opportunities and challenges.

InTouch London, our customer and partner conference, will help answer the questions finance leaders like you face everyday. **Bringing together well over 100 customers, partners, external advisors and Tagetik experts, it's a day not to be missed.**

With over 20 content sessions and breakouts packed with amazing customer and external speakers, whatever your questions, the answers will be in the room. We'll also have an immersive Metaverse experience, customer success booths, demo stations and a rooftop networking reception.

We'd love you to join us. Registration is free to customers and partners but places are limited, so sign up today to book your seat at inTouch London.

James

James McEntee
