Profitability shouldn't be a juggling act

Clients, projects, rates, hours, quotes, people to drive revenue, professional services firms need more than simple project accounting. And yet, resource allocation, capacity and performance have historically been manually completed in isolation of one another. With outsourcing options and increased competition, CCH Tagetik gives professional services companies the ability to see how varying plans and budgets interact, test how business scenarios will affect the bottom line, all while identifying new market opportunities. By using a true Integrated Business Planning (IBP) solution, both finance and operations can tap into a single data source to automatically complete all types of planning, including financial, workforce, capital expenses, sales, and supply chain.

CCH Tagetik for Professional Services

Align finance & operations with unified planning

Increase accuracy and confidence in your numbers when budgets, plans, forecasts and models across your company are created using a single version of the truth in a single system. With automated real time and historical data, CCH Tagetik aligns strategic, financial and operational planning enterprise wide, so the cycle is completed faster and with a 360° view of your business.

Reduce planning cycle time

As a single unified source for all your planning data, CCH Tagetik shaves days, weeks, or in some cases months off the planning cycle. With dynamic dashboards, workflow and controls, Managers can address bottlenecks before they happen. Planners work smarter and more efficiently with personalized work papers, task lists and self-service analysis.

Create flexible models, scenarios and forecasts

Visualized self-service data investigation sheds new light on data for more flexible strategic plans and budgets and forecasts. Slice, dice and drill into data to uncover underlying trends with custom dashboards and ad hoc pivoting and drill down. For advanced analysis, CCH Tagetik Analytics includes drag and drop, heat and geo mapping and more.

Plan matter & HR for profitability

Estimate a practice group's profitability by determining resource related expenses and allocating employees and their activities for maximum impact. Conduct assessments to see how revenue realization, rates, profits, matter structure affect the bigger picture. Plan for fee income, expense, salaries using industry and planning specific drivers, like new hire or hours billed to clients.

Dive into underlying insights, act faster

With the ability to plan according to office, position, unearned revenue and realized revenue, easily test scenarios and assumptions in order to uncover underlying insights and create plans based on knowledge you wouldn't otherwise have. See how each client, hour and HR decision affects the balance sheet and cash flow so you can re focus activities and adjust strategies to drive revenue and cut the ones that don't.

Owned by finance with collaboration for all

While finance maintains control using parameterization tools, all business owners and contributors have the ability to analyze their financials in order to make evaluations and act while staying aligned with the bigger picture. No need to copy data. No need to bother to IT. No worries for finance. Contributors can promptly make decisions, when necessary, with confidence everyone is on the same page.

“Leveraging the built-in reporting capabilities of CCH Tagetik’s software, we have a consistent and robust mechanism for calculating our KPIs, enhancing our insights into business results and improving our capabilities for capacity and resource planning, as well as just-in-time corrective action”
