Wolters Kluwer My MARC Records Manager

Welcome, [wkvideo@cch.com](#) | [View My Title and URL Report](#)

Select one or more titles from the list below, by checking the box in the Select column. Titles are searchable and sortable in the column headers. Once you have completed your selections, click the Download or Email buttons towards the bottom of the screen, to receive a file with the corresponding records. When a title is selected in the Alert Me column, the system will send you an email when the MARC record is updated. When you return to the My MARC Records page, the updated titles will have a status of Updated, followed by the date.
