Lien Solutions | iLien Motor Vehicle

Complete title processing for vehicles

Wolters Kluwer Lien Solutions is the nation’s leading lien services partner. Financial professionals who need to manage risk and simplify title processing complexity turn to our experts for lien perfection support for motor vehicles of all types.

Our customers trust us with perfecting their consumer and commercial vehicle liens. With many lenders managing increased originations and new responsibilities, often from home offices, the potential for errors or loss of perfection rises. Our solutions are lender-focused and lender-driven, delivering the speed, accuracy, and transparency lenders need to be competitive.

The one-stop provider that does it all

Title processing for vehicles requires staying on top of jurisdictional differences, including 4.8 million ever-changing fees, forms, rules, and regulations. On a good day, motor vehicle titling is complex and often still requires manual processes. When business as usual isn’t possible, lenders need an alternative means of processing titles, ensuring the work gets done.

Lenders can reduce title processing complexity by working with a partner like Lien Solutions. We offer end-to-end services to perfect and protect all assets — consumer vehicles, commercial vehicles, trucks, boats, recreational vehicles, and more. This support is especially valuable in challenging times and with the unique requirements of motor vehicle assets.

Our technology solutions help lenders overcome adversity, support their growth initiatives, and deliver superior customer experiences — freeing internal resources to focus on increasing revenue, not perfecting assets or rejections.

Turn to the experts

By simplifying title processing and perfection, Lien Solutions gives you flexibility and confidence, so that wherever your lending business goes, you know we’ll be there for you. We offer titling and registration support for specialty asset types, including:

- Recreational vehicles (RVs) and trailers
- Boats
- Powersport vehicles
- Specialty mobility vehicles

No matter the asset, we have you covered:

- Support for the full range of title transactions
- Quick and accurate fees and estimates
- Teams 100% dedicated to motor vehicle transactions
- Jurisdictional expertise for specialty assets
- Coverage in all 50 states
- Support for origination volume surges
Perfection in motion
With one trusted vendor for all assets in all 50 states and jurisdictions, you can handle unfamiliar titling and registration tasks to protect your interest in specialty asset types.

Lien Solutions is known for the state-of-the-art processes and local jurisdictional knowledge that improves the accuracy and efficiency of all types of vehicle transactions. Put our expertise to work for you, and you can count on us for:

Risk mitigation
Avoid loss of perfection from inaccurately handled transactions
