

OneSumX® for Compliance Program Management

NILS™ Claims

With more than 25,000 laws and regulations affecting claims, simply identifying requirements impacting daily operations can be a complex, time-consuming, and costly task. With NILS Claims, the research is already done for you.

NILS Claims, powered by NILS INsource®—the most trusted name in insurance compliance content, uses intuitive search tools to get users to the information they need quickly and easily.

Supported by our team of experts with an in-depth understanding of the insurance industry, NILS solutions combine proven technology, regulatory content, and the expertise of Wolters Kluwer into one tightly-knit, easy-to-use web-based tool. From workflow-specific regulatory content to analysis and forms, NILS operational compliance tools do it all.

NILS Claims includes access to a regulatory database with more than 9,000 summaries, as well as nearly 1,300 claims-related forms with comprehensive instructions for compliant completion. NILS Claims is also available for Property & Casualty, Long-Term Care, and Medicare Supplement lines of business.

Flexible and dynamic, NILS Claims lets you use content as befits your needs—as a stand-alone tool, a resource for updating rules engines and forms, or a dynamic link to your own intranet. With its advanced API functionality, you can embed NILS Claims directly into your claims processing software. With the ability to integrate compliant claims requirements and regulations into automated workflows benefitting carriers, adjusters, claims handlers, and the insured, you have unmatched accessibility to regulatory content, no matter how you work.

**Process claims quickly
and minimize your
compliance risk.**

NILS Claims delivers:

- Powerful search engines and easy-to-use search screens, enabling you to find information by jurisdiction, line of business, topic, and subtopic quickly
- In-depth indexes by topic and subtopic help you find requirements and understand more than 9,000 analytical summaries
- Online access to claims forms, allowing quick and easy identification and completion
- Daily database updates to ensure access to the most current and accurate regulatory information and forms
- Expert summaries that provide insight into the impact of changes to your business so you can efficiently take actions necessary to be in compliance
- Frequent email alerts that keep staff automatically informed of regulatory changes, allowing everyone to stay up-to-date on the latest requirements
- Convenient User Notes that expedite communication between compliance and management staff and users
- Flexible API functionality using HTTPS two-way encryption, allowing users to easily integrate content into their systems and workflows; two-way encryption with HTTPS SSL provides a secure encryption web protocol ensuring that your data is safe and secure when transmitted to and from our API and your claims management system
