Improving billing guideline compliance with Al

ELM Solutions

Billing guidelines are an important facet of any legal department's outside counsel management program. They can save organizations millions of dollars, expedite the billing process, and ensure law firm alignment with

corporate goals.

Most corporate legal departments recognize that there is value in billing guidelines, but many struggle with realizing that value.

81% of legal departments provide billing guidelines to their law firms, but only 62% routinely enforce them.

When guidelines are not enforced, companies pay more than they should because they are missing violations like:

Artificial intelligence (AI) is now a common business tool that can take on repetitive, time-consuming tasks.

Combining AI with human expertise to enforce guidelines yields impressive results without burdening attorneys with additional work. With LegalVIEW® BillAnalyzer, companies have achieved:

compliance

Up to 10% cost savings

Up to 20% increase in billing guideline

and compliance.
