

PROSPECTUS DATED 26 AUGUST 2008

Wolters Kluwer N.V.

(a public limited liability company incorporated in The Netherlands)

€36,000,000

6.748 per cent. Bonds due 2028

Issue Price: 100 per cent

The €36,000,000 6.748 per cent. Bonds due 2028 (the **Bonds**) are issued by Wolters Kluwer N.V. (**Wolters Kluwer** or the **Issuer**). Interest on the Bonds is payable annually in arrear on 14 August in each year, commencing on 14 August 2009, except that the first interest payment will be in respect of the period from (and including) 28 August 2008 to (but excluding) 14 August 2009 (a short first coupon) as set out in "*Terms and Conditions of the Bonds – Interest*". Payments on the Bonds will be made without deduction for or on account of taxes of The Netherlands to the extent described under "*Terms and Conditions of the Bonds – Taxation*".

Unless previously redeemed, purchased or cancelled, the Bonds will be redeemed at their principal amount on 14 August 2028. Assuming the Bonds are redeemed at par on that date, the effective yield of the Bonds is 6.748 per cent. per annum. The Bonds are subject to redemption in whole, at their principal amount, together with accrued interest, at the Issuer's option at any time in the event of certain changes affecting taxes of The Netherlands. See "*Terms and Conditions of the Bonds – Redemption and Purchase*".

The Bonds may be redeemed at the option of the holders of the Bonds (the **Bondholders**) upon a change of control that is followed by certain ratings downgrades as set forth in "*Terms and Conditions of the Bonds – Redemption and Purchase*". In addition, the holder of a Bond may cause the Bonds to become immediately due and repayable on the occurrence of certain events of default, unless such events of default have been cured or otherwise made good. See "*Terms and Conditions of the Bonds – Events of Default*".

Application has been made to the Commission de Surveillance du Secteur Financier (the **CSSF**) in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 (the **Luxembourg Act**) relating to prospectuses for securities to approve this document as a prospectus and to the Luxembourg Stock Exchange for the listing of the Bonds on the Official List of the Luxembourg Stock Exchange and admission to trading on the Luxembourg Stock Exchange's regulated market (as defined in Directive 2004/39/EC, the **Markets in Financial Instruments Directive**). This Prospectus will be published on the website of the Luxembourg Stock Exchange, www.bourse.lu.

The Bonds are expected to be assigned on issue a BBB+ rating by Standard & Poor's Rating Services (**Standard & Poor's**). The Issuer's senior long term debt has been assigned a Baa1 credit rating with stable outlook by Moody's Investors Service (**Moody's**) and a BBB+ credit rating with stable outlook by Standard & Poor's. A credit rating is not a recommendation to buy, sell or hold securities and is subject to suspension, reduction or withdrawal at any time by the assigning rating agency. A suspension, reduction or withdrawal of a credit rating assigned to the Issuer may adversely affect the market price of the Bonds.

The Bonds have not been nor will they be registered under the United States Securities Act of 1933 as amended from time to time (the **Securities Act**). The Bonds are being offered in offshore transactions outside the United States in reliance on Regulation S (**Regulation S**) under the Securities Act and, unless the Bonds are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available, may not be offered, sold or delivered within the United States or to or for the benefit of U.S. persons. The Bonds are in bearer form and are subject to certain United States tax law requirements.

An investment in Bonds involves certain risks. Prospective investors should have regard to the factors described under the heading "Risk Factors" on page 6.

The Bonds will initially be represented by a temporary global bond in bearer form (the **Temporary Global Bond**) without interest coupons, which is expected to be deposited with a common depository on behalf of Clearstream Banking, société anonyme (**Clearstream, Luxembourg**) and Euroclear Bank SA/NV (**Euroclear**) on or about 28 August 2008 (the **Closing Date**). The Temporary Global Bond will be exchangeable for a permanent global bond in bearer form (the **Permanent Global Bond**) without interest coupons attached, upon certification as to non-U.S. beneficial ownership, not earlier than the first day following the expiry of 40 days after the Closing Date.

The Permanent Global Bond will be exchangeable for definitive Bonds in bearer form in the denominations of €50,000 and integral multiples of €1,000 in excess thereof up to and including €99,000 in the limited circumstances set out therein. See "*Summary of Provisions Relating to the Bonds While in Global Form*". The Bonds have been accepted for clearance through Clearstream, Luxembourg and Euroclear.

In connection with the issue of the Bonds, Lehman Brothers International (Europe) may act as Stabilising Manager. The Stabilising Manager (or persons acting on behalf of it as Stabilising Manager) may over-allot Bonds or effect transactions with a view to supporting the market price of the Bonds at a level higher than that which might otherwise prevail. However, there is no assurance that Lehman Brothers International (Europe) as Stabilising Manager (or persons acting on behalf of Lehman Brothers International (Europe) as Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Bonds is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the Issue Date and 60 days after the date of the allotment of the Bonds. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Bonds. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Bonds are described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Bonds may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under the Bonds

Risks relating to the Issuer's business

The Issuer cannot assure you that there will be continued demand for the Issuer's products and services. Demand for the Issuer's products and services depends, among other things, on general economic conditions in its markets.

The Issuer's businesses are dependent on the continued acceptance by its customers of the Issuer's products and services and the prices which it charges for its products and services. The Issuer cannot predict whether there will be changes in the market in the future which will affect the acceptability of products, services and prices to its customers. The Issuer is investing significant amounts to develop and promote its Internet initiatives and electronic platforms. The provision of products and services through these media is very competitive and the Issuer may experience difficulties developing this aspect of its business due to a variety of factors, many of which are beyond its control. In addition, the Issuer is becoming more dependent on the successful performance and operation of the Internet and its systems. Demand for the Issuer's products and services also depends on general economic conditions. Negative developments in the markets in which the Issuer operates could lead to a material adverse effect on the Issuer's business, financial position and results of operations.

The Issuer serves its customers by means of subscription-based products and services, which may not be renewed.

The Issuer serves its customers by means of annual subscription-based products and services, with high renewal rates, and, increasingly, via large multi-year contracts. The ability of the Issuer to renew these subscriptions and contracts will have an important impact on the future of the Issuer's business.

The Issuer operates in a highly competitive environment that is subject to rapid change and it must continue to invest and adapt to remain competitive.

The Issuer's businesses operate in highly competitive markets. These markets have undergone significant consolidation in recent years and continue to change in response to technological innovations and other factors. The Issuer cannot predict with certainty the changes that may occur and the effect of those changes on its businesses. In particular, the means of delivering its products, and the products themselves, may be subject to rapid technological change. The Issuer cannot predict whether technological innovations will, in the future, make some of its products wholly or partially obsolete. The Issuer may be required to invest significant amounts to further adapt to the changing market and competitive environment.

Changes in government funding of public and non-public academic and other educational institutions or changes in spending by such institutions may adversely affect the Issuer's medical business.

Any decrease or elimination of government funding or a decrease in academic spending could negatively impact its business. In particular, the Issuer's medical business supplies scientific information principally to academic institutions.

The Issuer's credit ratings may be downgraded.

The Bonds are expected to be assigned on issue a BBB+ rating by Standard & Poor's. The Issuer's senior long term debt has been assigned a Baa1 credit rating with stable outlook by Moody's and a BBB+ credit rating with stable outlook by Standard & Poor's. The Issuer may be subject to ratings downgrades by Standard & Poor's or Moody's. Any such downgrade could prejudice its ability to obtain future financing or could increase its financing costs.

The Issuer may be unable to implement and execute its strategic plans successfully.

The implementation and execution of the Issuer's strategic plans, including as set out under "*Wolters Kluwer N.V. – Strategy*", depends on, among other things, the availability of high quality human resources at various management levels across all its businesses. The Issuer cannot assure you that in the future these resources will be available. The Issuer cannot be certain that its investments in, among other things, new product development and key product enhancements will result in the expected growth, or within the contemplated time frame nor that the planned structural improvements in the form of, among others, the restructuring of operations, the streamlining of back-office functions and the developing of shared services, will result in the cost savings sought, or within the time frame contemplated.

The Issuer's intellectual property rights may not be adequately protected, which may adversely affect its results and its ability to grow, or may be subject to claims of infringement.

The Issuer's products are largely comprised of intellectual property content delivered through a variety of media, including journals, books, CD-ROMs and the Internet. The Issuer actively protects its intellectual property rights, which is important to safeguard its portfolio of information, software, and services. The Issuer relies on trademark, copyright, patent, and other intellectual property laws to establish and protect its proprietary rights to these products and services.. However, despite intellectual property protection, the Issuer cannot assure you that its intellectual property rights will not be challenged, limited, invalidated, circumvented or infringed by competitors. Technological developments make it increasingly difficult to protect intellectual property rights and the lack of Internet-specific legislation relating to trademark and copyright protection creates an additional challenge for the Issuer in protecting its proprietary rights to content delivered through the Internet and electronic platforms. The Issuer may also be subject to claims of infringement of the intellectual property rights of others.

The Issuer is subject to interest, liquidity and credit risks. Fluctuations in exchange rates may affect the Issuer's reported results.

As is the case with most international businesses, the Issuer is subject to a variety of financial risks, including interest, liquidity and credit risk. In addition, the Issuer's financial statements are expressed in euros and are, therefore, subject to movements in exchange rates on the translation of the financial information of businesses whose operational currencies are other than the Issuer's reporting currency. The United States is the Issuer's most important market outside Europe and, accordingly, significant fluctuations in the U.S. dollar/euro exchange rates could significantly affect its reported results from year to year. In addition, in some of the Issuer's businesses it incurs costs in currencies other than those in which revenues are earned. The relative movements between the exchange rates in the currencies in which costs are incurred and the currencies in which revenues are earned can significantly affect the profits of those businesses.

Changes to tax laws to which the Issuer is subject may adversely affect the Issuer's results.

The Issuer operates in numerous jurisdictions and is subject to various taxes in these jurisdictions. Most of these taxes are transactional and employee-related and are levied from the legal entities in these jurisdictions. Risks that may adversely affect the Issuer's results are changes in corporate tax rates and restrictions in the tax deductibility of certain items. As a consequence, not only could current and future profits be at risk, but it is also possible that a deferred tax asset, or part of a deferred tax asset which has become unrealisable, could be reversed and taken as a charge to the income statement.

Risks relating to historical and future acquisitions and divestments

Acquisitions and divestments may not be successful.

The Issuer cannot assure you that it will be able to identify, and acquire on reasonable terms, if at all, suitable acquisition candidates or that it will be able to obtain the necessary funding on favourable terms, if at all, to finance any of those potential acquisitions.

Risks with respect to the acquisition of companies can relate to the integration of the acquisitions, the realisation of expected synergies and financial projections and contractual obligations. The Issuer has strict strategic and financial criteria for acquiring new businesses. Acquisitions are made either to enter adjacent markets or to strengthen current market positions. They are expected to be accretive to ordinary earnings per share in year one and cover their weighted average cost of capital within three to five years. An acquisition integration plan is agreed to with the Executive Board prior to completing the acquisition and such plans are actively monitored after completion. However, failure to integrate acquisitions successfully, or any delay in integration, could result in the expenditure of significant funds and increased demands on management and could prejudice the Issuer's business, financial condition or results of operations and adversely affect the price of the Bonds.

The Issuer cannot assure you that it will be able to divest businesses that may be identified from time to time for divestment on satisfactory terms or at all.

There may be contingent and other liabilities within the acquired businesses of which the Issuer is not aware.

Many of the companies acquired by the Issuer were not listed and therefore were only subject to limited statutory disclosure obligations. The acquired companies could have liabilities or their businesses could be subject to risks of which the Issuer is currently unaware that could have a material adverse effect on its business, financial position and results of operations.

The Issuer may be subject to liabilities arising out of divestments of businesses.

The divestment of businesses by the Issuer might lead to claims against it under the related contracts of sale and purchase, particularly potential claims in relation to breaches of warranties given by the Issuer.

Factors which are material for the purpose of assessing the market risks associated with the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;

- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Risks related to the Bonds generally

Set out below is a brief description of the material risks relating to the Bonds generally:

The rights of holders of the Bonds are effectively subordinated to those of creditors of the Issuer's subsidiaries.

The Issuer is a holding company. Generally, claims of creditors of its subsidiaries, including trade creditors, secured creditors and creditors holding indebtedness and guarantees issued by those subsidiaries, and claims of preference shareholders (if any) of such subsidiaries, will have priority in a distribution on winding up of the assets and earnings of such subsidiaries over the claims of the Issuer's creditors. The Issuer's creditors, including Bondholders, will therefore be effectively subordinated to creditors (including trade creditors) of its subsidiaries. Bondholders will not have a direct claim against the assets of the Issuer's subsidiaries.

Modification

The conditions of the Bonds contain provisions for calling meetings of the Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

EU Savings Directive

If, following implementation of EC Council Directive 2003/48/EC on taxation of savings income, a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Bond as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent following implementation of this Directive, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Change of law

The conditions of the Bonds are based on Dutch law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to Dutch law or administrative practice after the date of this Prospectus.

Denominations involve integral multiples: definitive Bonds

The Bonds have denominations consisting of a minimum of €50,000 plus one or more higher integral multiples of €1,000. It is possible that the Bonds may be traded in amounts that are not integral multiples of €50,000. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than €50,000 in his account with the relevant clearing system at the relevant time may not receive a definitive Bond in respect of such holding (should definitive Bonds be printed) and would need to purchase a principal amount of Bonds such that its holding amounts to €50,000.

If definitive Bonds are issued, holders should be aware that definitive Bonds which have a denomination that is not an integral multiple of €50,000 may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

The Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Bonds easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Bonds.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than Euro. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the specified currency of the Bonds would decrease (1) the Investor's Currency-equivalent yield on the Bonds, (2) the Investor's Currency-equivalent value of the principal payable on the Bonds and (3) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of them.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Bonds. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Bonds. A credit rating is not a

recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Bonds are legal investments for it, (2) the Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of the Bonds. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents which have previously been published and have been filed with the CSSF shall be incorporated in, and form part of, this Prospectus:

- (a) the publicly available audited financial statements of the Issuer for the year ended 31 December 2007 as included in the Issuer's Annual Report for the year ended 31 December 2007:

TERMS AND CONDITIONS OF THE BONDS

This is the form of the Terms and Conditions which will be applicable to the Bonds in definitive form and will be endorsed on the Bonds in definitive form.

The issue of the €36,000,000 6.748 per cent. Bonds due 2028 (the **Bonds**) by Wolters Kluwer N.V. (the **Issuer**) is made in accordance with a resolution of the Executive Board adopted on 19 August 2008. The Bonds will be issued with the benefit of a fiscal agency agreement to be dated on or about 26 August 2008 (the **Fiscal Agency Agreement**) between the Issuer, Deutsche Bank AG, London Branch as fiscal and principal paying agent (the **Fiscal Agent**) and Deutsche Bank Luxembourg S.A. as paying agent (the **Paying Agent**). Certain statements in these Terms and Conditions of the Bonds are summaries of, and are subject to, the detailed provisions of the Fiscal Agency Agreement, copies of which are available for inspection during normal hours of business at the specified offices of the Fiscal Agent and the Paying Agent referred to hereinafter. The expression "Fiscal Agent" shall also refer to any substitute fiscal agent. The expression "Paying Agent" shall also refer to any substitute or additional paying agent.

The holders of the Bonds (the **Bondholders**) and the holders of the interest coupons (the **Couponholders**) appertaining to the Bonds (the **Coupons**) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Fiscal Agency Agreement. References herein to **Conditions** are, unless the context otherwise requires, to the numbered paragraphs below.

1. Form and Denomination

The Bonds are in bearer form serially numbered with Coupons attached on issue. Under Netherlands law the valid transfer of title to a bond or coupon requires – *inter alia* – delivery (*levering*) thereof.

The Bonds are in denominations of Euro 50,000 and integral multiples of Euro 1,000 in excess thereof up to and including Euro 99,000.

Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Fiscal Agent and a Paying Agent may treat the holder of any Bond and the holder of any Coupon as the absolute owner(s) thereof (whether or not such Bond or Coupon shall be overdue and notwithstanding any notice of ownership or writing thereon or any notice of previous loss or theft thereof to the extent permitted by applicable law) for the purpose of making payment and for all other purposes.

2. Status of the Bonds and Negative Pledge

- (a) The Bonds and the Coupons constitute unconditional (but subject to these Terms and Conditions), unsecured and unsubordinated obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and with all other present and future unconditional, unsecured and unsubordinated obligations of the Issuer other than those preferred by statute.
- (b) So long as any Bond remains outstanding (as defined in the Fiscal Agency Agreement), neither the Issuer nor any of its Subsidiaries will create or assume any mortgage, charge, pledge, lien or other encumbrance upon the whole or any part of its present or future undertakings, assets or revenues to secure any Relevant Indebtedness of any person without at the same time securing the Bonds or causing them to be secured equally and rateably therewith or providing such other security as shall be approved by a resolution of the meeting of Bondholders.

In this Condition, **Relevant Indebtedness** means:

- (i) any loan, debt, guarantee or other obligations for borrowed money, which is in the form of or represented by any bond, note, debenture, debenture stock, loan stock, certificate or other instrument which is, or is capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market); and
- (ii) any guarantee or indemnity in respect of any such indebtedness.

The foregoing shall not apply to (i) any security arising solely by mandatory operation of law, (ii) any security over assets existing at any time of or created on such assets in order to enable the acquisition thereof or (iii) any security comprised within the assets of any company merged with the Issuer or a Subsidiary where such security is created prior to the date of such merger.

For the purpose of these Conditions, **Subsidiary** means any of the Issuer's subsidiaries from time to time within the meaning of Section 2:24a of the Dutch Civil Code.

3. Interest

The Bonds bear interest from, and including, 28 August 2008 (the **Closing Date**) at the rate of 6.748 per cent. per annum payable annually in arrear on 14 August in each year (each an **Interest Payment Date**), save for the first interest payment which will be made on 14 August 2009 and will be in respect of the period from (and including) 28 August 2008 to (but excluding) 14 August 2009, subject as provided in Condition 4.

The Bonds will cease to bear interest from the due date for redemption unless, upon due presentation, payment of the principal in respect thereof is improperly withheld or refused. In such event, interest will continue to accrue (after as well as before any judgment) up to, but excluding, the date on which, upon further presentation, payment in full of the principal thereof is made or (if earlier) the seventh day after notice is duly given to the holder of such Bond in accordance with Condition 10 that upon further presentation of such Bond being duly made such payment will be made, provided that upon further presentation thereof being duly made such payment is in fact made.

Where interest is to be calculated in respect of a period which is shorter than an Interest Period (as defined below), the day-count fraction used will be the number of days in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in the Interest Period in which the relevant period falls (including the first such day but excluding the last).

The period beginning on 14 August 2009 and ending on the next Interest Payment Date and each successive period beginning on an Interest Payment Date and ending on the next succeeding Interest Payment Date is called an **Interest Period**.

Interest in respect of any Bond shall be calculated per Euro 1,000 in principal amount of the Bonds (the **Calculation Amount**). The amount of interest payable on 14 August 2009 as the first Interest Payment Date (in respect of the period from (and including) 28 August 2008 to (but excluding) 14 August 2009) shall be €64.89 in respect of each Calculation Amount. The amount of interest payable per Calculation Amount for any other period shall be equal to the product of 6.748 per cent., the Calculation Amount and (in relation only to periods shorter than an Interest Period) the day-count fraction for the relevant period, rounding the resulting figure to the nearest cent (half a cent being rounded upwards).

4. **Payment**

- (a) Payments of principal in respect of the Bonds will be made against surrender of the Bonds and payment of interest against surrender of the relevant Coupons, at any specified office of the Fiscal Agent or a Paying Agent by a Euro cheque drawn on, or by transfer to, a Euro account maintained by the payee with a bank in a city in which banks have access to the TARGET2 System (as defined below).

In case of early redemption, the Bonds should be presented for payment together with all unmatured Coupons appertaining thereto failing which the full amount of any such missing unmatured Coupon (or, in case of payment not being made in full, that portion of the full amount of such missing unmatured Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Each amount so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five years following the due date for payment of such principal (whether or not such Coupon would have become unenforceable pursuant to Condition 7 hereafter).

If the due date for payment of any amount of principal or interest in respect of any Bond or any later date upon which a Bond or Coupon is presented for payment is not a business day at the place where the relevant Bond or Coupon is presented for payment (and, in the case of a transfer to a euro account, a day on which the Trans-European Automated Real Time Gross-Settlement Express Transfer System (the **TARGET2 System**) is operating) (a **Business Day**), Bondholders and Couponholders, as the case may be, shall not be entitled to payment of the amount due until the next following Business Day or to further interest or other payment in respect of such delay.

- (b) The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent or to vary or terminate the appointment of a Paying Agent and to appoint another Fiscal Agent or additional or other Paying Agents provided that, so long as any Bond remains outstanding, it will at all times maintain (i) a Fiscal Agent and (ii) so long as the Bonds are listed on the Luxembourg Stock Exchange, a Paying Agent having a specified office in Luxembourg and (iii) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive. Notice of any such termination of appointment and of any changes in the specified office of the Fiscal Agent or a Paying Agent will be given to the Bondholders in accordance with Condition 10.

5. **Redemption and Purchase**

- (a) Unless previously purchased and cancelled as provided below, the Issuer will redeem the Bonds at their principal amount on 14 August 2028. Except as provided under paragraph (c) or (d) hereof or “Events of Default” below, the Bonds may not be redeemed before their final maturity.
- (b) The Issuer may at any time purchase Bonds (provided that all unmatured Coupons appertaining thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price. Bonds so purchased by the Issuer may be held, resold or surrendered for cancellation. If purchases are made by tender, tenders must be available to all Bondholders alike.
- (c) The Bonds may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date on giving not less than 30 nor more than 45 days’ notice to the Bondholders (which notice shall be irrevocable), at their nominal amount (together with interest accrued to the date fixed for redemption), if (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 6 as a result of any change in, or amendment to, the laws or regulations of

The Netherlands or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Closing Date, and (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Bonds then due. Before the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Notices under this Condition shall be given without delay in accordance with Condition 10.

- (d) In addition to the right to call for redemption in accordance with Condition 8, if the Issuer or the Bonds are rated with the agreement of the Issuer, upon the occurrence of a Change of Control and within the Change of Control Period a Rating Downgrade in respect of that Change of Control occurs or, if neither the Issuer nor the Bonds are rated, a Negative Rating Event in respect of that Change of Control occurs (in either case called a **Put Event**), the holder of each Bond will have the option (unless, prior to the giving of the Put Event Notice referred to below, the Issuer gives notice to redeem the Bonds under Condition 5(c)), to require the Issuer to redeem or, at the Issuer's option, purchase (or procure the purchase of) that Bond on the Optional Redemption Date at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to but excluding the Optional Redemption Date.

Rating Agency means Moody's Investors Service, Inc. or Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc. and their respective successors or any other rating agency of equivalent international standing specified from time to time by the Issuer.

A **Rating Downgrade** shall be deemed to have occurred in respect of a Change of Control if within the Change of Control Period any rating previously assigned to the Issuer or any Bonds by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better, an **Investment Grade Rating**) to a non-investment grade rating (BB+/Ba1, or their respective equivalents for the time being, or worse) or (z) (if the rating assigned to the Issuer or any Bonds by any Rating Agency shall be below an Investment Grade Rating) lowered one full rating category (from BB+ to BB or such similar lower or equivalent rating).

A **Change of Control** shall be deemed to have occurred at each time (whether or not approved by the Executive Board or Supervisory Board of the Issuer) that any person or persons (**Relevant Person(s)**) acting in concert or any person or persons acting on behalf of any such Relevant Person(s), at any time directly or indirectly acquire(s) or come(s) to own (A) more than 50 per cent. of the issued ordinary share capital of the Issuer or (B) such number of the shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of shareholders of the Issuer, provided that in the case of (B) above a Change of Control shall not be deemed to have occurred if such number of shares are acquired or come to be owned by *Stichting Preferente Aandelen Wolters Kluwer*.

Change of Control Period means the period commencing on the earlier of (a) the date of the first public announcement of the relevant Change of Control having occurred and (b) the date of the earliest Relevant Potential Change of Control Announcement (if any) and ending 180 days after the public announcement of the Change of Control having occurred.

A **Negative Rating Event** shall be deemed to have occurred in respect of a Change of Control if (i) the Issuer does not within the Change of Control Period seek, and thereafter use all reasonable endeavours to obtain from a Rating Agency, an Investment Grade Rating in respect of the Issuer or the Bonds or (ii) if it does not seek and use such endeavours, it has not at the expiry of the Change of Control Period and as a result of such Change of Control obtained an Investment Grade Rating in respect of the Issuer or the Bonds.

Relevant Potential Change of Control Announcement means any formal public announcement or statement by or on behalf of the Issuer or any actual or potential bidder or any advisor thereto relating to any potential Change of Control where, within 180 days of the date of such announcement or statement, there is a public announcement of a Change of Control having occurred.

The **Optional Redemption Date** is the seventh day after the last day of the Put Period.

If a Put Event has occurred, the Issuer shall within 10 Business Days after the occurrence of such Put Event give notice (a **Put Event Notice**) to the Bondholders in accordance with Condition 10 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the option contained in this Condition 5(d).

To exercise the option to require redemption or, as the case may be, purchase of a Bond under this Condition 5(d) in relation to a Change of Control, the holder of that Bond must, if that Bond is in definitive form and held outside Euroclear Bank SA/NV (**Euroclear**) or Clearstream Banking, société anonyme (**Clearstream, Luxembourg**), deliver such Bond, on any business day in the city of the specified office of the Paying Agent, falling within the period (the **Put Period**) of 45 days after a Put Event Notice is given, to such Paying Agent, as well as a duly signed and completed notice of exercise in the form (for the time being current) as scheduled to the Fiscal Agency Agreement (a **Put Notice**) and in which the holder may specify a bank account to which payment is to be made under this Condition 5(d).

The Paying Agent to which such Bond and Put Notice are delivered will issue to the Bondholder concerned a non-transferable receipt (a **Receipt**) in respect of the Bonds so delivered. Payment by the Paying Agents in respect of any Bonds so delivered shall be made either to the bank account duly specified in the relevant Put Notice on the Optional Redemption Date or, if no account was so specified, by cheque on or after the Optional Redemption Date, in each case against presentation and surrender of such Receipt at the specified office of any Paying Agent. A Put Notice once given shall be irrevocable.

If this Bond is represented by a Global Bond or is in definitive form and held through Euroclear or Clearstream, Luxembourg then in order to exercise the right to require redemption or, as the case may be, purchase of a Bond under this Condition 5(d), the holder of the Bond must, within the Put Period, give notice to a Paying Agent of such exercise in accordance with the standard procedures of Euroclear or Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for it to the Paying Agent by electronic means) in a form acceptable to Euroclear or Clearstream, Luxembourg from time to time and, if this Bond is represented by a Global Bond, at the same time present or procure the presentation of the relevant Global Bond to a Paying Agent for notation accordingly. Payment by Paying Agents in respect of any such Bonds while in Global form will be made in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg.

For the purposes of this Condition 5(d), **Business Day** means a day on which the TARGET2 System is operating.

6. Taxation

All payments of principal and interest in respect of the Bonds and Coupons by the Issuer will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of The Netherlands or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In such event, the Issuer shall pay such additional amounts as shall result in receipt by the Bondholders and the Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Bond or Coupon:

- (i) presented for payment by or on behalf of a holder thereof who is liable to such taxes or duties in respect of such Bond or Coupon by reason of such holder having some connection with The Netherlands, other than the mere holding of such Bond or Coupon or the receipt of the relevant payment in respect thereof; or
- (ii) presented for payment by or on behalf of a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that a third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the place where the relevant Bond or Coupon is presented for payment; or
- (iii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to such additional amounts on presenting the same for payment on the expiry of such period of 30 days; or
- (iv) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (v) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Bond or Coupon to another Paying Agent in a Member State of the European Union.

As used in these Conditions, **Relevant Date** in respect of any Bond or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Bondholders that, upon further presentation of the Bond or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Bonds, (ii) “interest” shall be deemed to include all interest amounts and all other amounts payable pursuant to Condition 6 or any amendment or supplement to it and (iii) “principal” and/or “interest” shall be deemed to include any additional amounts that may be payable under this Condition.

7. Prescription

Claims against the Issuer for payment of the Bonds and Coupons shall be prescribed and become void unless made within five years from the date on which the payment becomes due.

8. Events of Default

The holder of any Bond may give written notice to the Issuer and the Fiscal Agent that such Bond is, and such Bond shall accordingly immediately become, due and repayable at par, together with interest accrued to the date of repayment, in any of the following events (**Events of Default**) unless, prior to the time when the Issuer receives such notice, the relevant Event of Default shall have been cured or otherwise made good:

- (i) if default is made in the payment of any interest due on the Bonds or any of them and such default continues for a period of 15 days next following the service by any Bondholder on the Issuer of a written notice of such default; or
- (ii) if the Issuer fails to perform or observe any of its other obligations under the Bonds and such failure continues for a period of 30 days next following the service by any Bondholder on the Issuer of a written notice requiring the same to be remedied; or
- (iii) if the Issuer or any of its Subsidiaries is in default in the fulfilment of a payment obligation in respect of any Relevant Indebtedness (as defined in Condition 2) provided that the outstanding principal amount of such Relevant Indebtedness is in excess of €25,000,000 or its equivalent in other currencies and such default is not remedied, in the case that notice of default is required in respect of such indebtedness or guarantee, within a period of 15 days next following the receipt by the Issuer or the relevant Subsidiary from the relevant creditor of such notice of default or, in the case that no notice of default is required in respect thereof, within a period of 15 days next following the receipt by the Issuer from any Bondholder of written notice of such default, except in any such case where the Issuer or the relevant Subsidiary is prevented, directly or indirectly, by any government or other authority from fulfilling the relevant obligations, or unless (in the case of any creditor or creditors becoming entitled to declare such indebtedness so due and payable) either (a) such creditor or creditors are not taking any action in respect of the same or (b) such creditor or creditors are taking action in respect of the same but any such action is being contested in good faith by the Issuer or the relevant Subsidiary on the basis of independent legal advice and such creditor (or creditors) has (or have) not obtained an enforceable judgment against the Issuer or the relevant Subsidiary in respect of the same; or
- (iv) if the Issuer applies for its bankruptcy or becomes bankrupt or applies for (provisional) suspension of payments (*voorlopige surséance van betaling*) or is wound up or if the Issuer offers a compromise to all its creditors or negotiates with all its creditors another agreement relating to its payment difficulties, or if such measures are officially decreed; or
- (v) if the Issuer merges or is amalgamated with any other incorporated or unincorporated legal entity, unless the legal entity surviving such merger or amalgamation expressly and effectively or by law assumes, or continues to be liable for, all the obligations of the Issuer with respect to the Bonds.

9. Replacement of Bonds and Coupons

Should any Bond or Coupon be lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable law, at the specified office of the Fiscal Agent on payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence, indemnity, security and otherwise as the Issuer may reasonably require. All costs arising in connection therewith may be charged to the claimant. Mutilated or defaced Bonds or Coupons must be surrendered before replacements will be issued.

10. Notices

- (a) Any notice to the Bondholders will be valid if published, for so long as the Bonds are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, (i) on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (ii) in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Tageblatt*). Such notices shall be deemed to have been given on the date of such publication or, if published more than once, on the first date of such publication.
- (b) Any notice hereunder to the Issuer or the Fiscal Agent shall be in the English language and shall be given by sending the same by registered mail or by delivering the same by hand. Any notice sent by mail shall be deemed to have been given, made or served at the time of delivery.

Any such notice to the Issuer shall be delivered or despatched to the following address:

Wolters Kluwer N.V.
Attn. Corporate Treasurer
Apollolaan 153
P.O. Box 75248
1070 AE Amsterdam
The Netherlands

or such other address as the Issuer may notify to the Bondholders in accordance with Condition 10(a). Any notice to the Fiscal Agent shall be delivered or despatched to its address.

11. Meetings of Bondholders, modification and substitution

- (a) The Fiscal Agency Agreement contains provisions for convening meetings of the Bondholders to consider any matter affecting their interests, including modifications by Extraordinary Resolution (as defined in the Fiscal Agency Agreement) of the Terms and Conditions of the Bonds. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons present holding or representing not less than one quarter in principal amount of the Bonds for the time being outstanding, or at any adjourned meeting two or more persons present in person or by proxy whatever the principal amount held or represented; except that at any meeting the business of which includes the modification of certain of these Conditions the necessary quorum for passing an Extraordinary Resolution will be two or more persons present holding or representing not less than three quarters or, when passed at an adjourned meeting of Bondholders, not less than one quarter in principal amount of the Bonds for the time being outstanding.
- (b) Any resolution duly passed at any such meeting shall be binding on all the Bondholders, whether present or not, and on the Couponholders.
- (c) (i) The Issuer or any previous substitute of the Issuer under this Condition may, and the Bondholders and Couponholders hereby irrevocably agree in advance that the Issuer may, at any time be replaced and substituted by any company (incorporated anywhere in the world) controlling, controlled by or under common control with the Issuer as principal debtor (the **Substituted Debtor**) in respect of the Bonds and the Coupons provided that:
 - (1) such documents shall be executed, and notice be given, by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (together the **Documents**) and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Bondholder and Couponholder to be bound by the Conditions of the Bonds and the provisions of the Fiscal Agency Agreement as fully as if the Substituted Debtor had been named in

the Bonds and the Coupons and the Fiscal Agency Agreement as the principal debtor in respect of the Bonds and the Coupons in place of the Issuer (or any previous substitute) and pursuant to which the Issuer shall irrevocably and unconditionally guarantee in favour of each Bondholder and each Couponholder the payment of all sums payable by the Substituted Debtor as such principal debtor;

- (2) without prejudice to the generality of paragraph (1) above, where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than The Netherlands, the Documents shall contain a covenant by the Substituted Debtor and/or such other provisions as may be necessary to ensure that each Bondholder and Couponholder has the benefit of a covenant in terms corresponding to the provisions of Condition 6 with the substitution for the references to The Netherlands of references to the territory or territories in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. Condition 6 shall continue to apply to payments by the Issuer as guarantor;
 - (3) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (x) that the Substituted Debtor and the Issuer have obtained all necessary governmental and regulatory approvals and consents for such substitution and for the giving by the Issuer of a guarantee in respect of the obligations of the Substituted Debtor and for the performance by each of the Substituted Debtor and the Issuer of its obligations under the Documents and that all such approvals and consents are in full force and effect and (y) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are all legal, valid, binding and enforceable in accordance with their respective terms;
 - (4) each stock exchange on which the Bonds are listed shall have confirmed that following the proposed substitution of the Substituted Debtor the Bonds will continue to be listed on such stock exchange and, to the extent required by the rules of any such stock exchange, a supplemental prospectus shall have been prepared in connection with the substitution;
 - (5) the Substituted Debtor shall have delivered to the Fiscal Agent or procured the delivery to the Fiscal Agent of a legal opinion from a leading firm of lawyers acting for the Substituted Debtor in its jurisdiction of incorporation to the effect that the Documents constitute legal, valid, binding and enforceable obligations of the Substituted Debtor;
 - (6) the Issuer shall have delivered to the Fiscal Agent or procured the delivery to the Fiscal Agent of a legal opinion from a leading firm of Dutch lawyers acting for the Issuer to the effect that the Documents (including the guarantee given by the Issuer in respect of the Substituted Debtor) constitute legal, valid, binding and enforceable obligations of the Issuer; and
 - (7) Condition 8 shall be deemed to be amended so that (x) all Bonds shall also become capable of being declared due and repayable under such Condition if the guarantee referred to above shall cease to be valid or binding on or enforceable against the Issuer, (y) references in Condition 8 to obligations under the Bonds shall be deemed to include obligations under the Documents and (z) the provisions of Condition 8(ii) – (v) inclusive shall be deemed to apply also to the provider of any guarantee given in connection with the substitution.
- (ii) Upon execution of the Documents as referred to in paragraph (i) above, and subject to notice having been given in accordance with paragraph (iv) below, the Substituted Debtor shall be

deemed to be named in the Bonds and the Coupons as the principal debtor in place of the Issuer (or of any previous substitute under these provisions) and the Bonds and the Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents together with the giving of notice as aforesaid shall operate to release the Issuer as issuer (or such previous substitute as aforesaid) from all of its obligations as principal debtor in respect of the Bonds and the Coupons.

- (iii) The Documents shall be deposited with and held by the Fiscal Agent for so long as any Bond or Coupon remains outstanding and for so long as any claim made against the Substituted Debtor or the Issuer by any Bondholder or Couponholder in relation to the Bonds or the Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Bondholder and Couponholder to production of the Documents for the enforcement of any of the Bonds, the Coupons or the Documents.
- (iv) The Issuer shall give at least 14 days' prior notice of any substitution to the Bondholders, stating that copies or, pending execution, the agreed text of all documents in relation to the substitution which are referred to above will be available for inspection at the specified office of each of the Paying Agents.

SUMMARY OF PROVISIONS RELATING TO THE BONDS WHILE IN GLOBAL FORM

Each of the Temporary Global Bond and the Permanent Global Bond contains provisions which apply to the Bonds while they are in global form, some of which modify the effect of the terms and conditions of the Bonds set out in this document. The following is a summary of certain of those provisions:

1. Exchange

The Temporary Global Bond is exchangeable in whole or in part for interests in the Permanent Global Bond on or after a date which is not earlier than the first day following the expiry of 40 days after the Closing Date, upon certification as to non-U.S. beneficial ownership in the form set out in the Temporary Global Bond. The Permanent Global Bond is exchangeable in whole but not, except as provided in the next paragraph, in part for the Bonds in definitive form described below (i) if the Permanent Global Bond is held by or on behalf of a clearing system and such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so, (ii) if principal in respect of any Bonds is not paid when due and payable or (iii) if the Issuer would suffer a material disadvantage in respect of the Bonds as a result of a change in the laws or regulations (taxation or otherwise) of The Netherlands which would not be suffered were the Bonds in definitive form and a certificate to such effect signed by two members of the Executive Board of the Issuer is delivered to the Fiscal Agent for display to Bondholders (unless a default notice has been given as referred to in “Default” below). Thereupon (in the case of (i) and (ii) above) the holder may give notice to the Fiscal Agent and (in the case of (iii) above) the Issuer may give notice to the Fiscal Agent and the Bondholders of its intention to exchange the Permanent Global Bond for Bonds in definitive form on or after the Exchange Date (as defined below) specified in the notice.

If principal in respect of any Bonds is not paid when due and payable the holder of the Permanent Global Bond may by notice to the Fiscal Agent (which may but need not be the default notice referred to in “Default” below) require the exchange of a specified principal amount of the Permanent Global Bond (which may be equal to or (provided that, if the Permanent Global Bond is held by or on behalf of a clearing system, that clearing system agrees) less than the outstanding principal amount of Bonds represented thereby) for definitive Bonds on or after the Exchange Date specified in such notice.

On or after any Exchange Date the holder of the Permanent Global Bond may surrender the Permanent Global Bond or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for the Permanent Global Bond, or the part thereof to be exchanged, the Issuer will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Bonds in definitive form (having attached to them all Coupons in respect of interest which has not already been paid on the Permanent Global Bond), security printed in accordance with any applicable legal and stock exchange requirements and in or substantially in the form set out in the Fiscal Agency Agreement. On exchange in full of the Permanent Global Bond, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with any relevant Bonds in definitive form.

Exchange Date means a day falling not less than 60 days, or in the case of exchange pursuant to (ii) above 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and, except in the case of exchange pursuant to (i) above, in the cities in which the relevant clearing system is located.

2. Payments

No payment will be made on the Temporary Global Bond unless exchange for an interest in the Permanent Global Bond is improperly withheld or refused. Payments of principal and interest in respect of Bonds represented by the Permanent Global Bond will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Bonds, surrender of the Permanent Global Bond to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Bondholders for such purpose. A record of each payment so made will be endorsed in the appropriate schedule to the Permanent Global Bond, which endorsement will be prima facie evidence that such payment has been made in respect of the Bonds. Condition 4(b)(iv) and Condition 6(v) will apply to the Bonds in definitive form only.

3. Notices

So long as the Bonds are represented by the Permanent Global Bond and the Permanent Global Bond is held by or on behalf of a clearing system, notices to Bondholders may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions except that so long as the Bonds are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published either (i) on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (ii) in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Tageblatt*).

4. Prescription

Claims against the Issuer in respect of principal and interest on the Bonds while the Bonds are represented by the Permanent Global Bond shall be prescribed and become void unless it is presented for payment within a period of five years from the date on which the payment becomes due.

5. Meetings

The holder of the Permanent Global Bond will be treated as being two persons for the purposes of any quorum requirements of a meeting of Bondholders and, at any such meeting, as having one vote in respect of each €1,000 principal amount of Bonds for which the Permanent Global Bond may be exchanged.

6. Purchase and Cancellation

Cancellation of any Bond required by the Conditions to be cancelled following its purchase will be effected by a reduction in the principal amount of the Permanent Global Bond.

7. Default and redemption at the option of the Bondholder

The Permanent Global Bond provides that the holder may cause the Permanent Global Bond or a portion of it to become due and payable in the circumstances described in Condition 8 by stating in the notice to the Fiscal Agent the principal amount of Bonds which is being declared due and payable. As more fully described in the Permanent Global Bond, in the event that the Permanent Global Bond (or any part thereof) becomes due and repayable in accordance with the Conditions and payment in full of the amount due has not been made to the bearer in accordance with its terms then, unless within the period of 15 days commencing on the relevant due date payment in full of the amount due in respect of the Permanent Global Bond is received by the bearer in accordance with its terms, at 5.00 p.m. (Central European Time) on such fifteenth day (the **Relevant Time**), each Relevant Account Holder shall automatically acquire, without the need for any further action on

behalf of any person, against the Issuer all those rights which such Relevant Account Holder would have had if at the Relevant Time it held and owned duly executed and authenticated Bonds in definitive form in respect of each underlying Bond represented by such Permanent Global Bond which such Relevant Account Holder has credited to its securities account with a Relevant Clearing System at the Relevant Time.

Furthermore, the Permanent Global Bond provides that the holder may cause the Permanent Global Bond or a portion of it to be redeemed or, at the Issuer's option, purchased in the circumstances described in Condition 5(d) by notice to the Fiscal Agent of such exercise in accordance with the standard procedures of the Relevant Clearing System in a form acceptable to each Relevant Clearing System from time to time and at the same time present or procure the presentation of the relevant Global Bond to the Fiscal Agent for notation accordingly.

Relevant Clearing System means Euroclear and/or Clearstream, Luxembourg and/or any other clearing system on behalf of which the Permanent Global Bond is held at the Relevant Time.

Relevant Account Holder means any account holder with a Relevant Clearing System which has underlying Bonds credited to its securities account from time to time.

USE OF PROCEEDS

The net proceeds of the issue of the Bonds, estimated to be approximately €36,000,000, will be used by the Issuer for general corporate purposes.

Wolters Kluwer's vision is to be "The Professional's First Choice in providing information, tools and solutions to help them make their most critical decisions effectively and improve their productivity".

HISTORY

Wolters Kluwer is the result of a series of mergers. The first merger took place in 1968 between J.B. Wolters Uitgeversmaatschappij (Publishers) – founded in 1836 – and P. Noordhoff – founded in 1856 –, thereby becoming Wolters-Noordhoff. The second merger took place in 1972 between Wolters-Noordhoff and Samsom Sijthoff, thereby resulting in the Wolters Samsom Group. In 1987, a third merger took place between Wolters Samsom Group and Kluwer. At that time Wolters Samsom was an international publisher. Its main publishing areas were education, government publications and publications for professionals.

Kluwer was founded in 1889 and was primarily known for its legal and scientific publications. In the legal area, Kluwer held a strong position in The Netherlands. The market positions of Wolters Samsom and Kluwer were found to be complementary.

Over the years, Wolters Kluwer has divested its printing and bookshop activities, as these were no longer considered core activities, and focused on the professional markets. In the past 20 years, Wolters Kluwer has acquired many, generally small- to medium-sized companies throughout Europe and the United States. Between 1988 and 1996, Wolters Kluwer completed three significant acquisitions: in 1990, Wolters Kluwer acquired the medical publishing company Lippincott in the United States; in 1991, Wolters Kluwer purchased IPSOA, a leading tax law publishing company in Italy; and, in 1996, Wolters Kluwer purchased CCH, a leading publisher in tax law and business information in the United States, Canada, Australia and New Zealand, giving Wolters Kluwer a strong base in the US tax accounting market. Since 1996, Wolters

Kluwer has made a number of further large acquisitions including the medical publisher Waverly, the electronic (medical/scientific) information providers Ovid Technologies and Silver Platter, the Information Management business of NDCHealth Corporation, a leading provider of healthcare information solutions (which has been renamed to Healthcare Analytics) and De Agostini Professionale S.p.A. and Utet Professionale S.r.l. which further strengthened Wolters Kluwer's position in the Italian legal, tax, and business markets.

STRATEGY

General

On 27 September 2006, Nancy McKinstry, CEO and Chairman of the Executive Board of Wolters Kluwer, announced the company's strategic priorities for 2007 and beyond. Wolters Kluwer described a strategy to accelerate profitable growth that leverages its strengths – superior content and technology, deep customer relationships, and market-leading brands – and provides a roadmap for focused and rigorous execution. Going forward, Wolters Kluwer's strategy builds on the strong foundation it has established and provides a clear plan to accelerate growth and enhance value for its customers, employees and shareholders.

Well-positioned to accelerate profitable growth

Wolters Kluwer's strategy for 2007 and beyond continues to support the vision for Wolters Kluwer: to be The Professional's First Choice, providing the information, tools, and solutions to help professionals make their most critical decisions effectively and improve their productivity. Wolters Kluwer's strategy builds on the success of its transformation and focuses on four strategic actions:

Grow leading positions

Wolters Kluwer intends to strengthen its leading positions in core vertical markets by continuing to invest in new and enhanced products as well as expanded sales and marketing initiatives. These efforts will be targeted at products and programs which provide opportunities to participate more deeply in Wolters Kluwer's customers' workflows.

Capture key adjacencies

Wolters Kluwer intends to expand into attractive adjacent customer segments and markets which leverage its leading positions, leading brands and leading technology platforms and offer opportunities to extend the growth potential of its core markets.

Exploit global scale and scope

Wolters Kluwer intends to expand its global footprint in new and emerging markets and selectively extend its product lines and platforms on a worldwide basis. With its deep understanding of local markets and wide geographic reach, Wolters Kluwer is well-positioned to benefit from globalisation. Wolters Kluwer's efforts will be targeted at growing its market positions in Asia, particularly China and India, continuing to extend its leadership position in Eastern Europe and expanding its Health product portfolio in Latin America and Spain. Wolters Kluwer has also begun to extend certain product lines internationally, allowing it to leverage its investments and common platforms across multiple markets.

Institutionalise operational excellence

Wolters Kluwer intends to pursue opportunities to achieve greater effectiveness and efficiency by instilling a culture of continuous improvement throughout its operations. Wolters Kluwer's efforts will be focused on expanding its offshoring program in IT and other functions, continuing to build shared services in North America and Europe and accelerating its sourcing initiatives.

Wolters Kluwer's strategy for 2007 and beyond is intended to achieve sustained and profitable growth and enhanced value for its shareholders. Wolters Kluwer is committed to continuous improvement in its capital efficiency through strong cash flow, improved return on invested capital and a progressive dividend policy.

Committed leadership team

Throughout the period of transformation (2003-2006), Wolters Kluwer has invested in people and strengthened its leadership with a diversity of talents. During these three years, Wolters Kluwer has increased its organisational capabilities in content, technology, and sales and marketing across all divisions to support its expansion and globalisation efforts. Wolters Kluwer has supported these initiatives with a talent management program designed to identify, develop and retain key employees.

TAXATION

Netherlands Taxation

General

The following summary describes the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Bonds, but does not purport to be a comprehensive description of all Netherlands tax considerations thereof. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Bonds.

This summary is based on the tax legislation, published case law, treaties, regulations and published policy, in force as of the date of this Prospectus, though it does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address The Netherlands tax consequences for:

- (i) holders of Bonds holding a substantial interest (*aanmerkelijk belang*) in the Issuer. Generally speaking, a holder of Bonds holds a substantial interest in the Issuer, if such holder of Bonds, alone or, where such holder is an individual, together with his or her partner (statutory defined term) or certain other related persons, directly or indirectly, holds (i) an interest of 5% or more of the total issued capital of the Issuer or of 5% or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (ii) investment institutions (*fiscale beleggingsinstellingen*) and exempt investment institutions (*vrijgestelde fiscale beleggingsinstellingen*); and
- (iii) pension funds or other entities that are exempt from Netherlands corporate income tax.

Withholding tax

All payments made by the Issuer under the Bonds may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein.

Corporate and individual income tax

- (a) Residents of The Netherlands

If a holder is resident or deemed to be resident of The Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of its enterprise to which the Bonds are attributable, income derived from the Bonds and gains realised upon the redemption, settlement or disposal of the Bonds are generally taxable in The Netherlands (up to a maximum rate of 25.5%).

If an individual holder is resident or deemed to be resident of The Netherlands for Netherlands tax purposes (including the individual holder who has opted to be taxed as a resident of The Netherlands), income derived from the Bonds and gains realised upon the redemption, settlement or disposal of the Bonds are taxable at the progressive rates of The Netherlands income tax act 2001 (up to a maximum of 52%), if:

- (i) the holder has an enterprise or an interest in an enterprise, to which enterprise the Bonds are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Bonds that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) applies to the holder of the Bonds, taxable income with regard to the Bonds must be determined on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. At present, this deemed return on income from savings and investments has been fixed at a rate of 4% of the average of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year and the individual's yield basis at the end of the calendar year, insofar as the average exceeds a certain threshold. The average of the individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Bonds less the fair market value of certain qualifying liabilities on 1 January and 31 December, divided by two. The fair market value of the Bonds will be included as an asset in the individual's yield basis. The deemed return on income from savings and investments of 4% will be taxed at a rate of 30 per cent.

(b) Non-residents of The Netherlands

If a holder is not a resident nor deemed to be a resident of The Netherlands for Netherlands tax purposes (nor has opted to be taxed as a resident of The Netherlands), such holder is not taxable in respect of income derived from the Bonds and gains realised upon the settlement, redemption or disposal of the Bonds, unless:

- (i) the holder has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in The Netherlands to which permanent establishment or a permanent representative the Bonds are attributable; or
- (ii) the holder is entitled to a share in the profits of an enterprise that is effectively managed in The Netherlands, other than by way of securities or through an employment contract, and to which enterprise the Bonds are attributable; or
- (iii) the holder is an individual and such income or gains qualify as income from miscellaneous activities in The Netherlands, which include the performance of activities in The Netherlands with respect to the Bonds that exceed regular, active portfolio management.

If the holder is a corporate entity, that corporate entity is subject to a maximum corporate income tax rate of 25.5%. If the holder is an individual, that holder is subject to a maximum individual income tax rate of 52%.

Gift and Inheritance taxes

(c) Residents of The Netherlands

Generally, gift and inheritance taxes will be due in The Netherlands in respect of the acquisition of the Bonds by way of a gift by, or on the death of, a holder that is a resident or deemed to be a resident of The Netherlands for the purposes of Netherlands gift and inheritance tax at the time of the gift or his or her death.

A holder of the Netherlands nationality is deemed to be a resident of The Netherlands for the purposes of Netherlands gift and inheritance tax, if he or she has been resident in The Netherlands during the ten years preceding the gift or his or her death. A holder of any other nationality is deemed to be a resident of The Netherlands for the purposes of Netherlands gift tax if he or she has been resident in The Netherlands at any time during the twelve months preceding the time of the gift. The same twelve-month rule may apply to entities that have transferred their seat of residence out of The Netherlands.

(d) Non-residents of The Netherlands

No gift or inheritance taxes will arise in The Netherlands in respect of the acquisition of the Bonds by way of gift by or as a result of the death of a holder that is neither a resident nor deemed to be a resident of The Netherlands for the purposes of Netherlands gift and inheritance tax, unless:

- (i) such holder at the time of the gift, or at the time of his or her death, has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in The Netherlands and to which permanent establishment or a permanent representative, the Bonds are (deemed to be) attributable; or
- (ii) the Bonds are (deemed to be) attributable to the assets of an enterprise that is effectively managed in The Netherlands and the donor or the deceased is entitled, other than by way of securities or through an employment contract, to a share in the profits of that enterprise, at the time of the gift or at the time of his or her death; or
- (iii) in the case of a gift of the Bonds by a holder who at the date of the gift was neither a resident nor deemed to be a resident of The Netherlands, such holder dies within 180 days after the date of the gift, while at the time of his or her death being a resident or deemed to be a resident of The Netherlands.

Value added tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Bonds or in respect of the cash payment made under the Bonds, or in respect of a transfer of Bonds.

Other taxes and duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty, will be payable in The Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Bonds.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required, from 1 July 2005, to provide to the tax authorities of another Member State details of payment of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries).

Also with effect from 1 July 2005, a number of non-EU countries including Switzerland, and certain dependent or associated territories of certain Member States have agreed to adopt similar measures (either provision of information or transitional withholding) (a withholding system in the case of Switzerland) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

The Placement Agency Agreement may be terminated in certain circumstances prior to payment of the Issuer.

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Bonds in, from or otherwise involving the United Kingdom.

The Bonds have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the **Financial Instruments and Exchange Law**). Accordingly, the Placement Agent represents, warrants and agrees that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Bonds in Japan or to, or for the benefit of, any resident of Japan (which term as used herein

Accordingly, the Placement Agent has undertaken that it will comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Bonds or has in its possession or distributes this Prospectus or any other offering material and all offers and sales of Bonds by it will be made on the same terms.
