

YOU MAKE
THE DEAL GO
THROUGH.
I'LL MAKE IT GO
SMOOTHLY.

MELISSA OVERGAARD
BUSINESS CONSULTANT

When it comes to executing a deal, we know the pressure you're up against.

There are deadlines to manage and compliance issues to navigate—and with all the moving pieces involved, there's no room for error. Luckily, you have a legal partner in CT that you can rely on. Our Deal Support Solutions match your workflow and ensure that the complex and sensitive work you deal with is manageable, accurate, and on time.

When you combine our unmatched knowledge and expert relationship management with our suite of products and services, you get transactions that run smoothly from beginning to end.

Nothing stops us from meeting a deadline. Mother Nature came close once when a winter storm shut down all the state offices on the day a critical filing was due. But we got creative and figured out how to get the deal done on time anyway.
