

European Tax Law Seventh Edition, Volume II (Student Edition)

Marie Lamensch, Madeleine Merkx

European Tax Law in this Student Edition offers a systematic analysis of EU secondary legislation in the field of indirect taxation. This book analyses current secondary legislation instruments regulating administrative cooperation in the field of indirect taxes, and legislation concerning customs duties, value-added taxes, excise duties and environmental taxes including car registration and plastic tax. The Student Edition is a comprised version of the Full Edition, leaving out material that is less relevant for students.
