
NEJM Catalyst Innovations in Care Delivery on Ovid®

Innovative, practical, and cost-effective solutions for transforming healthcare — available on both Ovid® and Catalyst.nejm.org

NEJM Catalyst Innovations in Care Delivery, published by NEJM Group, lies at the intersection of clinical care and management. Thought leaders and experts share unique perspectives and real-world examples of actionable solutions to many of today's biggest challenges in healthcare delivery, organization, and management so that all patients receive the highest quality care.

NEJM Catalyst Innovations in Care Delivery, along with the *New England Journal of Medicine* and other NEJM Group publications, is available online to institutions via the Ovid® platform — and subscribers have access to content on both Ovid® and Catalyst.nejm.org.

Why *NEJM Catalyst Innovations in Care Delivery* on Ovid®?

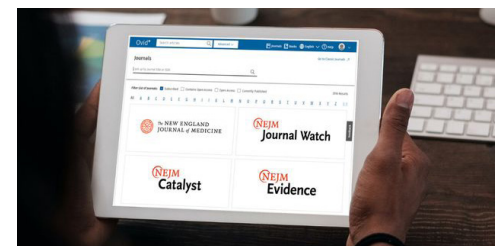

- Ensure easy access to new perspectives, big ideas, and practical solutions in healthcare delivery.
- Connect management and clinical practitioners to inspire transformative change.
- Offer dual access on two flexible and complementary online platforms.
- Integrate with your institution's other Ovid-subscribed resources.
- Track journal usage to manage your subscriptions and individual user access.

About NEJM Group

NEJM Group, a division of the Massachusetts Medical Society, offers a collection of journals and content resources with breakthrough research and information that changes practice and improves the delivery of patient care. Resources maintain the highest scientific standards so practitioners, researchers, educators, leaders, and medical professionals keep current with the latest discoveries, develop skills and knowledge, implement practical solutions, develop policies, and improve teaching and learning.

NEJM Group resources on the Ovid® platform include the *New England Journal of Medicine*, *NEJM Evidence*, and *NEJM Catalyst Innovations in Care Delivery* journals, as well as *NEJM Journal Watch*.

Key features:

- Appeals to executives, clinical leaders, clinicians, and educators.
- Contributions from experts and thought leaders with success in innovating healthcare
- In-depth and expert articles, case studies, interviews, live-streamed events, and more
- Simple, to-the-point content format synthesizing often complicated topics
- Dual access on BOTH Ovid® and NEJM.org, with easy linking between platforms
- Single-query, cross-searching of NEJM Group resources on Ovid as well as other Ovid® subscriptions
- Email alerts on latest news and just-published articles and issues
- Precise, natural-language searching for quick information discovery
- Time-saving results management, sharing, and annotation tools
- Availability of articles prior to the printed publication

Actionable information challenging conventional approaches to healthcare:

- **Original articles** introducing and exploring innovative solutions to the toughest problems
- **In-depth, peer-reviewed articles** outlining new ways care services might be delivered, organized, and financed
- **Case studies** of healthcare delivery successes and pitfalls
- **Research reports** based on results from surveys of the NEJM Catalyst Insights Council, 17,000 healthcare leaders
- **Live-streamed, moderated events** with expert speakers on innovations, breakthroughs, and other important topics
- **Audio and video interviews** with healthcare leaders
- **Additional content** on public policy and perception
