

Intelligent Analytics & Reporting

CCH® Tagetik Academy
Training Package

Unleash the power of data: elevate your reporting storytelling with CCH Tagetik Academy

In today's fast-paced business environment, it is crucial to transform raw data into actionable insights. Without proper analysis, data becomes nothing more than noise. That's why we are here to help you unleash the true potential of your data.

If you are a CCH Tagetik customer, regardless of your level of expertise, we have an exciting new training package just for you. **Intelligent Analytics & Reporting Training Package** comprehensive program offers a combination of instructor-led and self-paced courses, covering everything from the basics of data modeling to the most advanced techniques.

Delve deep into the intricacies of the CCH Tagetik platform, including data structure, dimensionality, and maintenance. Learn how to design reports that effectively communicate your organization's critical key performance indicators (KPIs) at a glance. Transform your reporting into a captivating story by incorporating our Intelligent Disclosure solution into your managerial and statutory reports. And, to top it all off, master the capabilities of our Intelligent Platform to elevate your data conversation game.

At CCH® Tagetik Academy, we are dedicated to catalyzing and maximizing your daily performance and success. Join us on this transformative journey and unlock the true power of your data.
