# CT Compliance Bundle

Seamless Compliance.  
One Provider.

CT Compliance Bundle (CTCB) is a suite of essential services with one annual invoice, by entity or group of entities, that includes the Delaware LLC/LP Franchise Tax fees as a separate line item.

## Benefits of CT Compliance Bundle include:

Simplify managing your budget year over year;

Fewer invoices by reducing the physical number of invoices by the same proportion of Delaware LLCs/LPs;

Less time spent managing your allocation process;

More time for other high-value internal work;

Confidence you have a specialized team to track, complete, file, and submit payments for your Annual Reports.

## Flexible Solutions to Manage Risk and Your Budget

The time-consuming steps involved with remaining compliant require constant diligence and expertise that can weigh on your team. One misstep can put your business' good standing at risk. The CT Compliance Bundle allows you to leverage economies of scale and outsource your compliance management securely.
