

Simplify research and elevate IP strategies with ktMINE®

An all-in-one IP analytics platform that radically streamlines research and maximizes analysis power.

“ktMINE offers significant time savings and unparalleled IP analytics by finding and connecting many types of IP data, such as license agreements, royalty rates, patents, and syndicated news.”

David McIntosh,
Partner at
Ropes & Gray,
IP Transactions

ktMINE instantly finds, connects and analyzes the world’s intellectual property data providing IP attorneys and practitioners with actionable insights to inform negotiations and elevate strategies.

Search faster

Access multiple datasets in near real-time and search by company, sector, technology or industry. Refine results to drill down further.

You’re never more than two or three clicks away from transactional data and source documents, including original licensing agreements and patents.

Drill Deeper with Company Profiles

Instantly view a company’s full IP portfolio in one location, and be alerted when a change is made for:

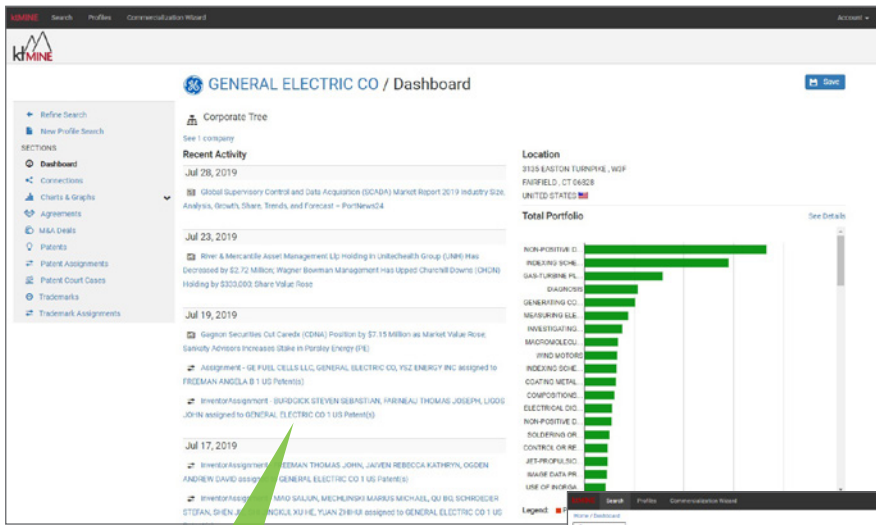

- License agreements
- Royalty rates
- Patents
- Patent assignments
- U.S. trademarks
- Trademark assignments
- M&A deals
- Patent litigation

Drive Value and Maximize ROI

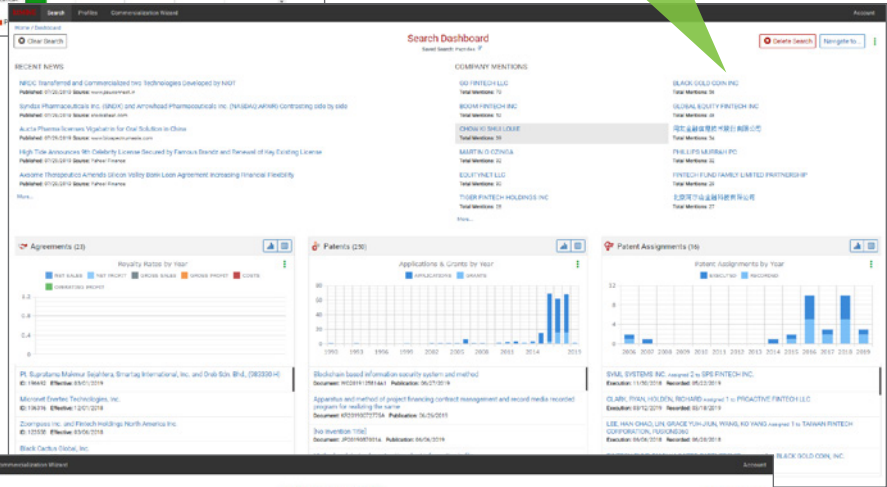

- Identify opportunities
- Strengthen competitive analysis
- Expedite commercialization
- Refine valuation
- Inform negotiations
- Enhance IP Strategy

ktMINE provides unrivalled transparency and streamlines research process across all major IP practice areas: Litigation, Licensing/Transactions, Prosecution, and M&A.

Quickly view analytics to gain insights into patent trends of a specific industry or sector, such as worldwide patent applications and grants, in the Patents tab.

Use Charts & Graphs to view a company's total portfolio of patents, license agreements, trademarks, and M&A deals. Select a classification/industry to review the assets.

Easily see royalty rate trends over time, in the Agreements tab, for a specific industry or sector.

Data is gathered through a proprietary process from thousands of publicly available sources and updated daily.
