## The Power of CCH iKnowConnect AI

More than just speed. AI that helps you stay compliant and protect your firm's reputation.

### Authoritative AI you can trust.

CCH iKnowConnect AI delivers accurate, jurisdiction-specific answers grounded in expert-reviewed editorially curated content.

Trusted across APAC, it's powered by 75+ years of Wolters Kluwer expertise, ensuring compliance, confidence, and clarity, not guesswork.

### Privacy and security by design.

Our AI is built for trust. Operating in a closed, encrypted environment aligned with NIST and SOC 2 Trust Principles, it ensures your data stays confidential, secure, and untouched.

Unlike generic platforms, your prompts are never used for training, eliminating risk of leakage or misuse.

### Real efficiency gains and productivity that pays off.

Our AI isn't just fast, it's transformative. According to our July 2025 Beta Testing Survey, 93% of users said the AI helped them work faster, and one in four reported cutting their research time by over 75%.

That's not just minutes saved. It's hours reclaimed for higher-value work, strategic thinking, and faster client delivery.

### Revolutionising Tomorrow: Wolters Kluwer AI

When accuracy matters, trust the platform built on decades of editorial integrity, not algorithms alone.
