

LWW Health Library

Premium Basic Sciences Collection

Why LWW Health Library?

Designed to support foundational learning and clinical practice, LWW Health Libraries deliver trusted health science education and clinical content to residents, fellows, program directors, faculty, and clinicians through a single portal — providing interactive online access to essential textbooks, multimedia & imagery, real-life case studies, and quizzes.

LWW Health Library: Premium Basic Sciences covers scientific principles and concepts in medicine to support the education and training of students and residents, as well as those already in professional practice.

Key Features of LWW Health Library:

A single portal to foundational and basic sciences resources, as well as rich multimedia tools for teaching, learning, and practice

- **Account personalization:** Save content to a 'My Health Library', access Health Library from any computer, and set up email alerts for when new content is added.
- **Quizzing:** Create custom quizzes organized by topic, keep track of responses, and link to relevant content to help with remediation.
- **Ovid MEDLINE® widget:** Connects students to valuable primary literature with an exclusive search widget, which returns targeted results and article previews.
- **Advanced semantic search:** View results displayed by title, chapter, topic, and/or type of resource.
- **Responsive Design:** Browse content on your computer, tablet or smartphone with ease.
- **Self-directed learning:** Simple, intuitive navigation and individualized self-assessments give residents control over their progress and motivation to learn.
- **Sharing:** Much content, including technical videos, can be shared with colleagues and classmates
- **Print/save a chapter:** Download chapters via pdf, for easy access to content when offline — for note-taking or to print PDF.
- **Multimedia ancillary content:** Access videos, images, Q & A, patient education handouts, and more.

Supports students, instructors, and practitioners at any stage of their career

LWW Health Library Premium Basic Sciences Collection includes:

- More than 40 core textbooks for the student and practitioner (full list on reverse)
- Videos covering Anatomy, Biochemistry, Epidemiology, Pathology/ Pathophysiology, and Physical Examination
- Self-assessment questions—with explanations—for identifying areas where users need the most support
- Case studies for insight into applying scientific principles to real-world clinical situations
- Content updated regularly!
- Key titles: Marks' Basic Medical Biochemistry, Medical Physiology: Principles for Clinical Medicine,
- Rubin's Pathology: Mechanisms of Human Disease
