

Emergency Medicine and Critical Care

Instant Access to Diagnoses and Interventions

- Provide users with one-click access to more than 80 journals, and more than 200 books
- Offer users high-quality, authoritative resources from Lippincott Williams & Wilkins, Wiley-Blackwell, Oxford University Press, and other prestigious publishers
- Uncover full text and bibliographic resources covering techniques in a wide variety of procedures, as well as surgical nursing, pathology, anesthesia, and more
- Search journals, books, and databases simultaneously in Ovid, with seamless integration among all your resources

Find precise information fast with Ovid's sophisticated technology and time-saving workflow tools

Emergency care happens quickly. Anyone in an EMS, trauma, or critical care capacity must immediately address a wide range of injuries and illnesses—and they have to do it under extreme pressure and with no room for error.

That's why your institution needs easily accessible informational resources offering the latest research in a variety of medical disciplines and techniques to specifically aid the emergency care or intensive care professional.

Why Emergency Medicine Resources from Ovid®?

- Over 100 books—half of them rated as high-quality texts by Doody's Review Services™—and more than 30 journals
- Embargo-free access to all journals
- Cost-effective collections—including the new *Emergency Department & ICU Essentials Package* of 20 concise, core books and journals ideal for smaller facilities with limited budgets
- Trustworthy resources from global leaders in medical research—LWW, Oxford University Press, Wiley-Blackwell, and others
- Search all Ovid resources with just a single search query
- Take advantage of time-saving workflow tools to find information fast

Core Journals, Books, and Collections in Emergency Medicine

Journals

Emergency Medicine News, Lippincott Williams & Wilkins

A monthly newsmagazine providing breaking coverage of advances, trends, and issues within the field.

Journal of Burn Care & Research, Lippincott Williams & Wilkins

Impact Factor: 1.425, 105/198 (Surgery)*

This is the only U.S. journal devoted exclusively to the treatment and rehabilitation of patients with burns.

Pediatric Emergency Care, Lippincott Williams & Wilkins

Impact Factor: 1.046, 14/24 (Emergency Medicine)*

Features original research targeted to both the pediatrician who wants to know more about treating minor emergency cases and emergency physicians who must treat children or adolescents.

Annals of Emergency Medicine, Elsevier

Keeps emergency department directors, administrators, physicians, and nurse supervisors on top of developments in the business and management of emergency medical care.

Books

Avoiding Common Errors in the Emergency Department, Lippincott Williams & Wilkins

Doody's Star Rating®: 3 stars, score: 84

Succinctly describes hundreds of errors commonly made by attendings, residents, medical students, nurse practitioners, and physician assistants in the emergency department, and gives practical, easy-to-remember tips for avoiding these pitfalls.

Emergency Nursing: 5-Tier Triage Protocols, Lippincott Williams & Wilkins

A quick-reference handbook presenting complaint-based triage protocols for assessing patients face to face in emergency and urgent care settings and assigning acuity levels within the 5-tier triage acuity system.

Patient Safety in Emergency Medicine, Lippincott Williams & Wilkins

Doody's Core Titles: 2.2 - Health Sciences - Emergency Medicine

Emphasizes reducing medical errors within the emergency department, where preventable medical errors often occur.

Collections

Emergency Department & ICU Essentials Package, Lippincott Williams & Wilkins

Ideal for Emergency Departments at small hospitals, this affordable collection features 20 quick-reference guides, reference handbooks, and journals covering burn research and care, pediatric care, protocols for nurses, and other critical topics.

LWW Health Library: Emergency Medicine, Lippincott Williams & Wilkins

A core collection of content for residents and physicians in a user-friendly online portal. Users can quickly access content through advanced semantic/full-text search capabilities and save chapters in PDF format for offline
