
NEJM Evidence on Ovid®

Groundbreaking clinical studies, trials, and analyses — available on both Ovid® and Evidence.nejm.org

Solid research evidence is the cornerstone of effective and outcome-oriented patient care. *NEJM Evidence*, published by NEJM Group, brings together high-quality studies and research evidence that are sure to drive innovations across the spectrum of clinical medicine. Results, methodologies, and analyses of clinical trials are a primary focus of the journal.

NEJM Evidence, along with the *New England Journal of Medicine* and other NEJM Group publications, is available online to institutions only via the Ovid® platform — and subscribers have easy access to content on both Ovid® and Evidence.nejm.org.

Why *NEJM Evidence* on Ovid®?

- Make it easier to apply the best research evidence to clinical care.
- Streamline access to early-stage and confirmatory clinical trial results.
- Offer dual access on two flexible and complementary online platforms.
- Integrate with your institution's other Ovid-subscribed resources.
- Track journal usage to manage your subscriptions and individual user access.

About NEJM Group

NEJM Group, a division of the Massachusetts Medical Society, offers a collection of journals and content resources with breakthrough research and information that changes practice and improves the delivery of patient care. Resources maintain the highest scientific standards so practitioners, researchers, educators, leaders, and medical professionals keep current with the latest discoveries, develop skills and knowledge, implement practical solutions, develop policies, and improve teaching and learning.

NEJM Group resources on the Ovid® platform include the *New England Journal of Medicine*, *NEJM Evidence*, and *NEJM Catalyst Innovations in Care Delivery* journals, as well as NEJM Journal Watch.

Key features:

- Original, peer-reviewed research studies, including clinical trials and meta-analyses
- Systematic reviews of clinical evidence and reviews of clinical trial design and execution
- Statistical videos, case studies, patient stories, and podcasts available on Evidence.nejm.org
- Editorial board filled with experts from across clinical medicine
- Dual access on BOTH Ovid® and Evidence.nejm.org; easy linking between platforms
- Single-query, cross-searching of NEJM Group resources on Ovid as well as other Ovid® subscriptions
- Email alerts on latest news and just-published articles and issues
- Precise, natural-language searching for quick information discovery
- Time-saving results management, sharing, and annotation tools
- Availability of articles prior to the printed publication

Multimedia and tools for educators available on Evidence.nejm.org:

- **Tomorrow's Trial** – brief snapshots of widely accepted clinical practices that lack solid evidence
- **Stats, STAT!** animated videos explaining on important statistical concepts
- **Patient Platform**, a forum for patients to share their research study or trial experience
- **Curbside Consults**, addressing common clinical topics
- **Morning Report**, case presentations formatted as “morning reports” used during rounds with residents
