Contact your spend with up to 15% savings. LegalVIEW BillAnalyzer technology includes artificial intelligence and human expert level review capabilities. We help corporate legal departments and insurance claims departments optimize their end-to-end legal bill review process.

LegalVIEW® BillAnalyzer is the new standard. The growing network of AI-enabled platforms and leveraging a human legal expertise combing artificial intelligence (AI) works for you by identifying thousands of line items. The result is a lack of compliance, which may result in unrealized program goals. Companies invest time and money into creating a spend management program to ensure that their legal departments and insurance claims departments transform and optimize their end-to-end legal bill review process with their legal and insurance claim departments.
